NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Benson Enterprises, Inc. Profit Sharing and 401(k) Plan (the "Plan") are maintained on the accrual basis.

Recognition of Income: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are reported at quoted prices (net asset value) at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends on mutual fund are considered in the fair value determination. Gains and losses (realized and unrealized) are reported as net appreciation in aggregate fair value in the statement of changes in net assets available for benefits.

Participants' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make a note repayment and the Plan Administrator deems the participant note to be in default, the note balance is reduced and a benefit payment to the participant is recorded.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

NOTE B - DESCRIPTION OF PLAN

The following description of the Benson Enterprises, Inc. Profit Sharing and 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsors who are age twenty-one or older and have six months of service.

Companies of the Plan Sponsor with employees in the Plan include the following:

Benson Enterprises, Inc. (Parent/holding company)
Ingram Park Chrysler Jeep, Inc. (Ingram Park Auto Center, San Antonio)
Benson Nissan, Inc. (DBA. Ingram Park Nissan, San Antonio)
Ingram Park Body Shop, L.L.C. (San Antonio)
Ingram Park Auto Center Pre-Owned Auto, L.L.C. (San Antonio)

Termination: Although it has not expressed intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: Participants may contribute up to 100% of pretax (traditional) and after tax (Roth) annual compensation subject to certain limitations of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts, plus actual earnings thereon is based on years of service following the Department of Labor’s guidelines.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest are repaid no less frequently than quarterly by payroll deductions.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan. The vested portion of terminated participants’ accounts that had elected to withdraw from the Plan, but had not been paid, was $0 at December 31, 2020 and 2019.

NOTE B - DESCRIPTION OF PLAN - continued

Expenses of the Plan: The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as provided in the Plan document.

Forfeited Accounts: Forfeited non-vested accounts totaled $0 at December 31, 2020 and $6,354 at December 31, 2019. These accounts, when available, may be used to pay the Plan's administrative expenses and to reduce employer contributions. The Plan's direct administrative expenses were reduced by $6,385 in 2020 and $9,744 in 2019 by use of forfeited accounts.

NOTE C - INVESTMENTS CERTIFIED BY THRID PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments and participants' notes receivable at December 31, 2020 and 2019, and the related investment earnings and interest on participants' notes for the years then ended, were certified and held by Ascensus Trust Company, the Trustee, and were not audited by the independent auditor.

NOTE D - INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is appropriately designed and is currently being operated in compliance with applicable requirements of the IRC.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE E - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE E - FAIR VALUE MEASUREMENTS - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurements Using

Mutual funds	6,381,159	-	-	6,381,159
Total investments, at fair value	$ 6,593,544	$ -	$ -	$ 6,593,544

There have been no changes in methodologies used to measure fair value, nor transfers between levels. Following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Funds: Valued at the stated principal plus accrued interest.

Mutual Funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - TRANSACTIONS WITH PARTIES - IN - INTEREST

The Plan includes certain investments managed by Ascensus Trust Company, the Plan Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE G – COVID - 19

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that may be recognized in subsequent periods cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has operationally implemented certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
