Note 1. Description of the Plan

The following description of the Powerhouse Retail Services 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and the related Summary Plan Description for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering employees of Powerhouse Retail Services, LLC (the Plan Sponsor). All non-excluded employees of the Plan Sponsor are eligible to participate in the Plan upon completion of one month of service that are age 21 or older. Excluded employees include union employees, leased employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable current Internal Revenue Code (IRC) provisions.

Contributions and investment options: Each year, participants may contribute up to 100% of pretax or post-tax annual compensation, as defined in the Plan agreement, limited by the maximum contributions allowed by federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as allowed by federal law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan Sponsor may make matching contributions equal to a discretionary percentage of the participants' elective deferral contributions. For the year ended December 31, 2020, the Plan Sponsor made a discretionary matching contribution equal to 100% of each participant's contribution up to 3% of the participant's compensation. In addition, the Plan Sponsor may also make discretionary profit sharing contributions. For the year ended December 31, 2020, the Plan Sponsor made no other discretionary profit sharing contributions. Participants must complete 1,000 hours of service during the Plan year to be eligible for discretionary profit sharing contributions.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may invest their contributions into a variety of mutual funds. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) the Plan Sponsor's discretionary matching contributions, (b) the Plan Sponsor's discretionary profit sharing contributions and (c) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always 100% vested in their salary deferrals, including catch-up contributions and rollover contributions, plus actual earnings or losses thereon. Vesting for employer contributions is based on years of service according to a graded vesting scale, with participants becoming 100% vested after five years of credited service. Participants' service prior to the age of 18 is not considered in the computation period for length of service. Full and immediate vesting will occur upon death or disability, as defined in the Plan.

Payment of benefits: Upon termination of service due to termination of employment, death, disability, or normal retirement, a participant is entitled to receive the vested percentage of their account balance. Participants may elect to receive a distribution in the form of a single lump-sum payment. Participants who are required to receive minimum required distributions may receive their distributions in the form of partial withdrawals or installments. If a participant's vested balance is less than $5,000, benefits shall be distributed to the participant through a lump-sum distribution, or, if no election has been made by the participant, through a direct rollover into an Individual Retirement Account (IRA).

Note 1. Description of the Plan (Continued)

Participants may receive an in-service distribution from the Plan prior to termination provided they have attained age 59½. In addition, hardship distributions may be made to satisfy certain immediate and heavy financial needs a participant may have, subject to certain limitations as defined in the Plan agreement.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or to pay plan expenses. At December 31, 2020 and 2019, forfeitures available for future use totaled approximately $0 and $37,000, respectively. During 2020, amounts of employer nonvested contributions forfeited totaled approximately $65,000. During the year ended December 31, 2020, approximately $102,000 of amounts from forfeited non-vested accounts were used to reduce employer contributions.

Coronavirus Aid, Relief and Economic Security (CARES) Act: On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The CARES Act allows eligible plan participants to request penalty free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented certain provisions of the CARES Act and will execute a formal Plan amendment within the timeframe required by law.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Plan Sponsor or the Plan. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officers or employees receive compensation from the Plan.

Note 2. Summary of Significant Accounting Policies (Continued)

Recently adopted accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement: Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* This amendment to the Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels, the valuation process for Level 3 fair valued measurements, and for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. The amendment also clarifies that in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. This amendment was adopted by the Plan on January 1, 2020 and did not significantly impact the Plan's financial statements

Subsequent events: Effective January 1, 2021, the Plan changed its trustee from BOKF, N.A. to Fidelity Management Trust Company (Fidelity). As a result of this change, $5,104,495 of the Plan's investments were in the process of being liquidated as of December 31, 2020 in anticipation of being transferred to Fidelity and are reflected as due from broker on the statement of net assets. The Plan was restated, as of the effective date, to operate under a non-standardized form of a profit sharing plan sponsored by Fidelity.

The Security Vault Works, Inc. Benefit Program was merged into the Plan effective January 1, 2021, and as a result, net assets of approximately $15,251,000 were transferred into the Plan.

The Plan Administrator has evaluated events and transactions for potential recognition or disclosure through October 8, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by BOKF, N.A.

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by BOKF, N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications as of December 31, 2020 and 2019 and for the year ended December 31, 2020 from the trustee that the information provided to the Plan Administrator by the trustee, related to the following assets, is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments, at fair value:		
Mutual funds	$ 48,241	$ 3,930,067
Due from broker	$ 5,104,495	$ -

The trustee also certified to the completeness and accuracy of $668,927 of net appreciation in fair value investments and $69,048 of interest and dividend income for the year ended December 31, 2020.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- **Mutual funds:** Mutual funds are reported at fair value based on the quoted market price of the funds and are classified within Level 1 of the valuation hierarchy.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Total
2020:				
Mutual funds	$ 48,241	$ -	$ -	$ 48,241
Total investments at fair value	$ 48,241	$ -	$ -	$ 48,241
2019:				
Mutual funds	$ 3,930,067	$ -	$ -	$3,930,067
Total investments at fair value	$ 3,930,067	$ -	$ -	$3,930,067

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. During the year ended December 31, 2020, there were no transfers in or out of Level 3.

Note 5. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, transactions conducted by the Plan Sponsor and BOKF N.A., the trustee, qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated September 30, 2014, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the IRC. The Plan has been amended since filing for the determination letter; however, the Plan Administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Coronavirus (COVID-19) pandemic continues to have an unprecedented impact on global and North American economic conditions. These conditions may continue to affect the fair values of Plan assets. The ultimate impact of COVID-19 on the Plan's financial position and results of operations is dependent on future developments, including the duration of the pandemic and the associated length of its impact on the global economy, which cannot be predicted.
