POWER FINANCIAL CREDIT UNION
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Power Financial Credit Union 401(k) Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Power Financial Credit Union (the "Credit Union"). The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Coronavirus Aid, Relief and Economic Security Act (CARES) was signed into law on March 27, 2020. The Act consisted of relief in the areas of loans, distributions, and Required Minimum Distributions. The Plan did not enact these changes during the Plan year.

The Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law on December 20, 2019, and impacts various areas of the Plan; including distributions, Plan administration, Lifetime Income Provisions and encourages Employer-Provided Plans; each area having a different effective date.

Eligibility and Vesting: All employees are eligible to participate in the Plan on the first entry date provided the employee has attained age 21 and completed three months of credited service. Participants are immediately vested in their voluntary, rollover and employer safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of eligible service. Participants in the plan will become vested in any employer nonelective profit sharing and/or matching contributions on a five year graded scale: 20% vesting for each year of eligible service completed until reaching 100% after completion of five years of eligible service.

Contributions: Participants may elect to defer to the Plan a portion of their eligible earnings on a pre-tax and/or post-tax (Roth) basis up to the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants may also contribute funds from another qualified plan as rollover contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Credit Union contributed safe harbor matching contributions to participants during the plan year as follows: 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation and 50% of the participant's elective deferrals that exceed 3% but do not exceed 6% of the participant's compensation.

Participant Accounts: Each participant's account is credited with the participant's contribution, allocations of the Credit Union's discretionary and non-discretionary match, and allocations of the Plan earnings and losses. Participants' accounts are reduced by administrative expenses and distributions. Allocations are based on participant contributions, participant earnings, or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participant: Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime + 2%, calculated at the loan date. Loans as of December 31, 2020 bear interest at rates between 5.25% to 7.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service due to termination or retirement, benefits are paid in the form chosen, including single sum or substantial equal annual installments. Distributions upon the death of a Participant prior to the "required beginning date" will be made pursuant to the election of the Participant or "designated Beneficiary".

Forfeitures: A participant vests in the employer contributions in accordance with the provisions of the Plan. Forfeitures of non-vested amounts remain in the Plan and may be used to reduce future contributions of the plan sponsor and/or pay administrative expenses. There were no forfeitures remaining in the Plan as of December 31, 2020 and 2019, and there were no forfeitures used during the Plan year ending December 31, 2020.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation: The Plan's financial statements are on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator/Management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value except for the fully benefit responsive investment contract which is held at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when paid. Accrued interest on participant loans is immaterial to the Plan financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

POWER FINANCIAL CREDIT UNION
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Recent Accounting Pronouncements: In July 2018, the Financial Accounting Standards Board (FASB) issued ASU No. 2018-09, Codification Improvements. The following four FASB ASC improvement directly related to plan accounting and amended the following: 1) FASB ASC 820-10 Fair Value Measurement Overall, specifically FASB ASC 820-10-50-2(bbb)(2), FASB ASC 962-325, Plan Accounting - Defined Contribution Pension Plans - Investment-Other, FASB ASC 962-205, Plan Accounting - Defined Contribution Pension Plans - Presentation of Financial Statements, and added FASB ASC 962-360, Plan Accounting - Defined Contribution Pension Plans - Property, Plant and Equipment.

The amendment to FASB ASC 820-10-50-2(bbb)(2) provided an indefinite deferral related to the requirement that the plan present quantitative information about the significant unobservable inputs used in the fair value measurement of investment in securities of the plan sponsor or the plan sponsor's nonpublic affiliated entities categorized within level 3 of the fair value hierarchy. FASB ASC 820-10-50-2(bbb)(2) is indefinitely deferred for nonpublic Employee Benefit Plans (EBPs).

The amendment to FASB ASC 962-325, Plan Accounting-Defined Contribution Pension Plans-Investment-Other, removed the stable value common collective trust fund from the illustrative example in FASB ASC 962-325-55-17 to avoid the interpretation that such an investment would never have a readily determinable fair value. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for practical expedient to measure at net asset value in accordance with Topic 820.

The amendments to FASB ASC 962-205 - Plan Accounting - Defined Contribution Pension Plans - Presentation of Financial Statements, and Addition of FASB ASC 962-360, Plan Accounting - Defined Contribution Pension Plans - Property, Plant and Equipment, were made to make the subtopics consistent with similar guidance for property, plant and equipment.

FASB issued ASU No. 2018-03 in August 2018. For nonpublic entities, the following was removed: the changes in unrealized gains and losses for the period included in earnings for recurring level 3 fair value measurements held at the end of the reporting period. The following disclosures were modified: 1) in lieu of rollforward for level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of level 3 of the fair value hierarchy and purchases and issues of new level 3 assets and liabilities; 2) for investments in certain entities that calculate NAV, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced timing publicly; and 3) the amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants and investment related expenses are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events: Credit Union Management has evaluated subsequent events through October 6, 2021, the date on which the financial statements were available to be issued.

NOTE 3: INVESTMENT CONTRACT

The Plan holds investments in an investment contract with Nationwide Life Insurance Company (Nationwide). The assets are invested in a fund, reported as the Fixed Select Option in the Plan's accounting records. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because this contract meets the fully benefit-responsive investment contract criteria, the contract is reported at contract value. Contract Value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a periodic basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual agreements may be affected by future economic, financial and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 4: INVESTMENTS - UNAUDITED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation/loss in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide bank. This information has not been audited by independent public accountants.

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

The availability of inputs relevant to the asset or liability and the relative reliability of the inputs might affect the selection of appropriate valuation techniques.

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs

Inputs to the valuation methodology include:

(a) quoted market prices for similar assets or liabilities in active markets;

(b) quoted market prices for identical or similar assets or liabilities in inactive markets;

(c) inputs other than quoted market prices that are observable for the asset or liability;

(d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2020 and 2019:

Mutual funds: Mutual funds are valued using the Net Asset Value (NAV) as of the close of each business day. The NAV is determined daily using the NAV of the prior day plus a net investment factor, as calculated by Nationwide. These values are available to participants on the website.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ -	$ 11,155,686	$ -	$ 11,155,686
Total assets at fair value	$ -	$ 11,155,686	$ -	$ 11,155,686

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ -	$ 9,121,011	$ -	$ 9,121,011
Total assets at fair value	$ -	$ 9,121,011	$ -	$ 9,121,011

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST

Nationwide Trust Company, FSB and Nationwide Life Insurance Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7: TAX STATUS

The Internal Revenue Service has determined and informed the Credit Union by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, Power Financial Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The United States of America declared a National Emergency due to the COVID-19 virus pandemic during 2020. The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law by President Trump on March 27, 2020. The Plan continues to monitor the impact of the COVID-19 health emergency that is impacting our nation. As of the date of this report, there has been no significant financial impact to the Plan.
