Report of Independent Auditors

To the Employees' Pension and Benefits Committee of
The Dayton Power and Light Company Employee Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Dayton Power and Light Company Employee Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2020 and 2019, and for the year ended December 31, 2020, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employee Savings Plan
Notes to Financial Statements
December 31, 2020

1. Description of the Plan

The following description of The Dayton Power & Light Company Employee Savings Plan (the Plan) provides general information about the Plan's provisions. The Dayton Power & Light Company (the Company), which does business as AES Ohio, is the plan sponsor. Participants should refer to the plan document and summary plan description, copies of which may be obtained from the plan sponsor, for a more complete description of the Plan's provisions.

General

The Plan is administered by the Employees' Pension and Benefits Committee (the Pension Committee), which is a committee of not less than five persons appointed by the Board of Directors of the Company. The Plan is a defined contribution plan. A non-union employee becomes eligible for the Plan once the eligible employee completes one (1) hour of service. The Plan's trustee and record-keeper of the Plan's assets is T. Rowe Price Trust Company (T. Rowe Price). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

An eligible participant may execute a salary reduction agreement directing the Company to contribute to the Plan on behalf of the participant up to 85% (in 1% increments) of annual compensation on a pretax or post-tax basis, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions withheld by the Company are paid into the Plan as soon as administratively possible.

Eligible, new employees are automatically enrolled in the Plan at a default contribution rate of 3% which is invested in the Retirement Income Fund appropriate for the participant's age. Employees may opt out of this automatic election or choose to change the deferral percentage.

The Company matches \$1.00 for every \$1.00 of participant contributions, up to 1% of pay, with an additional match of \$0.50 for each \$1.00 of participant contributions on the next 5% of pay, for a total 3.5% match. The Plan allows for matching contributions to be made with quarterly cash contributions paid into participant 401(k) accounts. Additional matching contributions may be contributed at the discretion of the Company's Pension Committee, not to exceed 4% of compensation. Discretionary non-elective contributions may also be made to certain eligible participants. No such amounts were contributed for 2020. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Plan's earnings or losses; and is charged with administrative expenses incurred for individual account level transactions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. In the event of partial or total termination of the Plan, the funds in the Plan shall be valued as of the date of partial or total termination and, after payment of necessary expenses, shall be distributed as though all participants directly affected by the partial or total termination had retired as of that date.

Vesting

Employee before and after-tax contributions are non-forfeitable and fully vested at all times. Employer matching contributions cliff-vest 100% after two years of service.

Forfeitures

Termination of employment before the two-year vesting requirement requires forfeiture of all allocated employer contributions. Forfeited amounts may be used to reduce employer-matching contributions. Unallocated forfeiture balances as of December 31, 2020, were \$23,118 and forfeitures used to reduce employer contributions for 2020 were \$107,242.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant, or the participant's beneficiary, may elect to receive either a lump-sum distribution paid directly to them, or elect a rollover to an individual retirement account. Distributions must be made in one lump-sum payment unless a spouse, as sole primary beneficiary, elects to receive the distribution over time or a participant who has met his/her "required beginning date" allowing the participant to take annual installments of distributions. Distribution must occur within 60 days after the plan year in which the latest of the following events occurs: 65th birthday; 10th anniversary of participation in the Plan; or termination of employment. Distributions on account of death must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death. A participant whose vested account balance is \$1,000 or less will automatically receive a lump-sum distribution equal to his/her vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (the IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

1. Description of the Plan (continued)

Administrative Expenses

The Plan is administered by the Company, without charge to the Plan, as provided by the Plan's provisions. Participants pay the Trustee's compensation and expenses incurred in the administration of the Plan. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Permissible plan expenses are paid by plan participants.

Participant Loans

Participants may borrow up to the lesser of 50% of the vested portion of their account or \$50,000, with a minimum loan requirement of \$1,000. Participants are not entitled to receive a loan more frequently than once in any 12-month period. A participant is entitled to a maximum of two loans outstanding at any point in time. The period of repayment of the loan can vary but generally will not exceed five years, except for loans used to purchase or construct a principal residence where the repayment period will not exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate (as listed in the Wall Street Journal, determined as of the first business day of the calendar quarter during which the loan is requested), plus 1%. Principal and interest are paid ratably through payroll deductions. Plan participants have the ability to pay off their loans at any time directly with the Plan's record-keeper. Participants who separate from service with a loan balance outstanding have 60 days to pay off their loan. If the loan is not repaid, it will automatically be treated as a distribution to the participant. Once participants have separated from service, they are prohibited from taking out any new loans.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

COVID-19 Pandemic

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted and signed into law. The law included provisions that allowed an increase to loan capacity to the lesser of \$100,000 or 50% of vested assets until September 22, 2020, a specific COVID-19 hardship distribution of up to \$100,000 until December 30, 2020, an allowance for an up to one-year delay on existing loan repayments due through December 31, 2020, and the elimination of the required minimum distributions for 2020. On April 11, 2020, the Company elected to implement these provisions of the CARES Act.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020, or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on an ex-dividend basis. Capital gain distributions are included in dividends. Interest income is recorded on an accrual basis as earned. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Employee Savings Plan
Notes to Financial Statements

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net appreciation/depreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices in active market for identical assets
- Level 2 - Significant observable inputs. Level 2 inputs include the following:
 - quoted prices for similar assets and liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in markets that are not active
 - observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management assumptions regarding market participant assumptions used in pricing the asset or liability (including assumptions about risk)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The Dayton Power and Light Company
Employee Savings Plan
Notes to Financial Statements
December 31, 2020

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan:

Money Market Fund: Money market fund is valued using the NAV method in which an average of the market prices for the underlying investments is used to value the fund.

Mutual Funds: Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trusts: Valued at net asset value provided by the administrator of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets carried at fair value:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 321,319	-	-	\$ 321,319

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by T. Rowe Price. T. Rowe Price is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

The Company established an ERISA account in the Plan whereby a portion of the fund fees are collected in an Administrative Budget account and can be used to pay qualified plan expenses. Excess funds in the Administrative Budget account, that are not used to pay qualified plan expenses, will be periodically distributed to plan participants on a pro-rata basis. The Administrative Budget account totaled \$0 on December 31, 2020 and 2019.

6. Transfers

In 2020 and 2019, there were incoming transfers of \$116,149 and \$679,866, respectively from the Company's Savings Plan for Collective Bargaining Employees. In general, incoming transfers reflect the movement of savings for employees who have changed from union status to non-union status.

In 2020 and 2019, there were outgoing balance transfers of \$2,845 and \$0, respectively to the Company's Savings Plan for Collective Bargaining Employees. These transfers reflect the movement of savings for employees who have changed from non-union to union status.

7. Tax Status

The Plan has received a determination letter from the IRS dated September 14, 2017, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Dayton Power and Light Company
Employee Savings Plan
Notes to Financial Statements
December 31, 2020

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term which could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to the Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	\$ 172,861,178	\$ 149,963,441
Less: Certain deemed distributions of participant loans	(5,000)	-
Net assets available for benefits per the Form 5500	<u>\$ 172,856,178</u>	<u>\$ 149,963,441</u>

The following is a reconciliation of Net increase before transfers per the financial statement to Net income (loss) per the Form 5500 for the year ended December 31, 2020:

Net increase before transfers per the financial statement	\$ 22,784,433
Less: Certain deemed distributions of participant loans	<u>5,000</u>
Net income (loss) per the Form 5500	<u>\$ 22,779,433</u>

10. Subsequent Events

The Dayton Power and Light Company Employee Savings Plan was amended and restated January 1, 2021, removing the requirement that eligible participants be employed on the last day of the quarter to be entitled to a company matching contribution for the quarter. Other enhancements were made to the plan; including bi-weekly employer matching contributions, a provision to allow inactive participants to take distributions in the form of installments and a provision making part-time employees eligible to participate in the Plan.

Subsequent events have been evaluated through October 12, 2021, the date these statements were available to be issued.
