Note 1 - Plan Description

The following description of ProMedica Health System, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ProMedica Health System, Inc. and Subsidiaries (collectively, the "Company"). An employee is eligible to become a participant in the Plan the first full pay period in the month following the date of employment. Subsidiaries currently participating in the Plan include: The Toledo Hospital; Toledo Children's Hospital; Flower Hospital; Bay Park Community Hospital; Mercy Memorial Hospital Corporation; ProMedica Continuing Care Services Corporation; ProMedica Health System; ProMedica Physician Group; Fostoria Community Hospital; Lenawee Health Alliance, Inc. (ProMedica North Region); Visiting Nurse Extra Care; Visiting Nurse Hospice and Healthcare; ProMedica Coldwater Regional Hospital; ProMedica Defiance Regional Hospital; and all other eligible not-for-profit business units. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2020, Defiance Hospital, Inc. d/b/a Defiance Regional Medical Center Tax Deferred Annuity Plan was merged into the Plan. Accordingly, assets of approximately \$20.4 million and all participants were transferred into the Plan.

Contributions

The Plan provides for employee salary 403(b) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant note receivable repayments in 2013 were not paid within the time frame required by the Department of Labor. The Company has not remitted these participant note receivable repayments and related lost earnings to the Plan.

Vesting

Participants' account balances are generally fully vested at all times and are not subject to forfeiture for any reason. Participants who transferred into the Plan from Mercy Memorial Hospital System Retirement Savings Plan and Memorial Hospital Employees Savings Plan 403(b) continue to vest in their prior employer contributions at a rate of 20 percent per year until fully vested after five years of service, including years of service provided within their respective prior plan.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

In accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years. Distributions of approximately \$1,282,000 were made related to CARES Act distributions during the year ended December 31, 2020.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a rate commensurate with local prevailing rates determined quarterly by the plan administrator.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company, American United Life Insurance Company, and T. Rowe Price Trust Company. Fidelity Management Trust Company, American United Life Insurance Company, and T. Rowe Price Trust Company are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay administrative expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued using quoted market prices. All other investments are valued based on quoted market prices. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company, as provided in the plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 7, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2020, the Plan changed trustees from T. Rowe Price Trust Company to Fidelity Management Trust Company and American United Life Insurance Company (collectively, the "Trustees"). The Trustees of the Plan held the Plan's investments and participant notes receivable, other than as noted below, and executed all related transactions during the periods under audit. The investment and participant notes receivable balances, other than as noted below, and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustees.

The Plan's investments totaling \$9,776,909 at December 31, 2019 were not certified.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated August 7, 2017. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 5 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2020

Note 6 - Investment Contracts

The Plan has a benefit-responsive investment contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return AUL expects on new investments made by AUL and held with the AUL general account. When establishing interest crediting rates for these contracts, AUL considers past general account investments adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate of 4.0 percent.

Note 6 - Investment Contracts (Continued)

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated upon the termination of the Plan or complete termination of the contract. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable of occurring.

Note 7 - Transfer in Transit

Effective December 31, 2019, the Plan initiated a change in custodians from T. Rowe Price Trust Company to Fidelity Management Trust Company (Fidelity). As a result of the change, assets of approximately \$131 million were in transit to Fidelity as of December 31, 2019. The remaining investments totaling approximately \$9.7 million were transferred in kind to Fidelity after year end.

Note 8 - Plan Merger

In January 2020, Defiance Hospital, Inc. d/b/a Defiance Regional Medical Center Tax Deferred Annuity Plan, a plan sponsored by the Company, was merged with the Plan. Accordingly, assets of approximately \$20.4 million were transferred into the Plan in 2020.
