Total HR 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1. Description of the Plan, Continued

Contributions:

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Certain Employers include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at a rate between 1 and 5 percent of eligible compensation and have their contributions invested in a designated balanced fund until changed by the participant. Certain Employers make a safe harbor matching contribution, while other Employers may make discretionary contributions to the Plan by matching a percentage of their respective employees' contributions. Matching percentages are based on the adoption agreements determined by the Employers. Also, the Employers may make additional discretionary profit sharing contributions each year. Certain Employers elected to make discretionary profit sharing contributions for the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions, Employers' contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service according to schedules as determined by employer adoption agreements up to a maximum of six years.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is one percent above prime rate. Principal and interest is paid ratably through payroll deductions.

Effective April 2020, the Plan adopted the loan provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act loan provision increased the maximum loan amount to the lesser of \$100,000 (reduced for prior loans as under current law) or 100 percent of the present value of the participant's vested account balance for loans issued through December 31, 2020, and allowed for certain deferrals of loan repayments.

Note 1. Description of the Plan, Continued

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Effective April 2020, the Plan adopted the distribution provision of the CARES Act. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan through December 31, 2020.

Forfeited accounts:

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$60,200 and \$54,735, respectively. These accounts will first be used to pay administrative expenses of the Plan, and any remaining forfeitures will be used to reduce employer contributions to the Plan. During 2020, plan expenses and employer contributions were reduced by \$0 and \$1,480 from forfeited non-vested accounts, respectively.

Note 2. Summary of Significant Accounting Policies and Activities

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Total HR 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability in excess contributions payable in the 2020 and 2019 statements of net assets available for benefits. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Transfers from other plans:

Plan assets of participating Employers who elect to transfer into the Plan from another qualified plan are classified in the transfers from other Plans line items of the accompanying statement of changes in net assets available for benefits. The following summarizes such plan transfers for the year ended December 31, 2019:

Transfers from other plans:	
Blackstock Consulting, Inc.	\$ 124,945
Jenison Construction, Inc.	76,257
NC Idea	264,300
Palmetto Residential Rentals, LLC	2,667,460
	<u>\$ 3,132,962</u>

Subsequent events:

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Recently issued accounting pronouncements:

In August 2018, the Financial Accounting Standards Board issued Accounting Standards (ASU) Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. The amendments in this ASU are effective for all entities for fiscal years beginning after December 31, 2019. The Plan adopted this ASU as of and for the year ended December 31, 2020. The Plan determined that the adoption of the disclosure requirements had no significant impact on its fair value disclosures presented in the financial statements.

Note 3. Custodian Certifications

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information provided to the plan administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2020</u>	<u>2019</u>
Investments at fair value:		
Mutual funds	\$ 4,929,020	\$ 2,979,414
Collective trust funds	14,526,474	10,025,422
Stable value fund	<u>1,412,279</u>	<u>931,289</u>
	<u>\$ 20,867,773</u>	<u>\$ 13,936,125</u>

The custodian also certified to the completeness and accuracy of \$2,487,622 net appreciation in the fair value of investments and \$81,056 of interest and dividends for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Total HR 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 4. Fair Value Measurements

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Collective trust funds and stable value fund: Valued at net asset value (NAV). The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the funds, the investment adviser reserves the right to temporarily delay withdrawal from the accounts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,929,020	\$ -	\$ -	\$ 4,929,020
Total assets in the fair value hierarchy	\$ 4,929,020	\$ -	\$ -	4,929,020

Investments at fair value				\$ 20,867,773

Note 4. Fair Value Measurements, Continued

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,979,414	\$ -	\$ -	\$ 2,979,414
Total assets in the fair value hierarchy	\$ 2,979,414	\$ -	\$ -	2,979,414
Investments measured at NAV (a)				10,956,711
Investments at fair value				\$ 13,936,125

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

Investment	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds:				
Wilmington Trust	\$ 2,528,285	\$ -	(b)	(b)
Stadion	11,998,189	-	Daily	None
Stable value fund	1,412,279	-	(c)	(c)
Total	\$ 15,938,753	\$ -		

Investment	2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds:				
Wilmington Trust	\$ 1,988,687	\$ -	(b)	(b)
Stadion	8,036,735	-	Daily	None
Stable value fund	931,289	-	(c)	(c)
Total	\$ 10,956,711	\$ -		

- (b) The funds sell new units and repurchases outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the fund determined as of the close of business each day. The funds require the plan sponsor to provide advance written notice of five business days for withdrawals which will exceed \$1 million or 10% of the assets invested in the funds.
- (c) The trustee determines the NAV at the contract value of the Fund each business day (valuation date) by dividing total assets less liabilities by the number of outstanding units. No distributions are made to unitholders as net investment income and net realized capital gains are reinvested into the fund in accordance with the fund's investment objectives. Unitholder transactions are processed daily, or as applicable, by the fund at the current NAV at contract value and are considered as made immediately after the daily valuation. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made as soon as practicable after the date the trustee receives a notice of withdrawal from the participating trust and are considered as made immediately after the next valuation date subsequent to the trustee's approval.

Total HR 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 4. Fair Value Measurements, Continued

Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice. Included in this advance written notice requirement are full or partial withdrawals of assets invested in the Fund resulting from plan sponsor directed actions. Such plan sponsor directed actions include, but are not limited to: (i) trustee or plan sponsor directed reallocation of investments; (ii) company sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Fund as an investment option of the plan; and (v) terminating the plan. Plan sponsors are prohibited from intentionally and specifically advising participants, or releasing participant communication, that is intended to encourage participants to not contribute to the Fund, or to withdraw part of all of their contributions from the Fund.

All plan sponsor-directed requests for full or partial withdrawals must be submitted to the Trustee in writing certifying the reason for the withdrawal request. All such requests are subject to the twelve-month advance written notice requirement. The Trustee may choose to disburse withdrawals in less than the required twelve-month period if, in the Trustee's discretion, it determines that such a disbursement is in the best interest of the Fund as a whole.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of the custodian. Therefore, these transactions qualify as party in interest transactions. Slavic Integrated Administration Inc. (Slavic) is the third party administrator. Fees incurred by the Plan for the investment management services provided by the custodian are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the custodian, third party administrator, and other advisors totaling \$200,912. The Sponsor pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 7. Tax Status

The Sponsor has adopted the Plan based on a volume submitter plan document sponsored by Slavic. Slavic has received an opinion letter from the IRS dated March 31, 2014, that states that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2020 and 2019

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Note 9. COVID-19

On March 11, 2020 the World Health Organization characterized coronavirus (COVID-19) as a pandemic. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, plan management is unable to estimate the total impact the pandemic will have.
