BRISKHEAT CORPORATION 401(k) AND PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2020 and 2019

Plan Description

The following description of the BriskHeat Corporation (the Company) 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are age 21 and older with at least six months of service with the Company. Leased employees and non-resident aliens are not eligible to participate. The Plan was restated effective December 1, 2008 to allow participant loans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan at a contribution deferral rate of 2% of eligible compensation, as defined in the plan agreement, after meeting the eligibility requirements. Plan participants may elect to contribute from 1% to 90% of their compensation through payroll deductions, up to the maximum allowed per the Internal Revenue Code (IRC). The Plan also provides for Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make matching contributions equal to a discretionary percentage, as determined by the Company's management, of employee deferrals. For the period January 2019 through July 2019, the Company made a matching contribution equal to 50% of the first 4% of employee deferrals. For the period August 2019 through December 2020, the Company increased its matching contribution to 75% of the first 4% of employee deferrals. Additional profit sharing contributions may be contributed by the Company at the option of the Company's management; however, no profit sharing contributions were made in 2020 or 2019. The Plan also permits employees to transfer funds from other qualified plans into the trust fund managed for the Plan. Contributions are subject to certain limitations.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and (c) forfeitures and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portions of their accounts plus earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate when the loan is executed. Outstanding participant loans as of December 31, 2020 bear interest at rates ranging from 3.25% to 5.50%. Principal and interest are paid ratably through payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

Payment of Benefits

A participant may receive the value of his or her vested account upon retirement, disability or termination of employment with the Company. Upon death or disability of a participant or upon reaching retirement age, which is 65 years of age, the participant, or beneficiary, shall be entitled to the full value of the account. Distributions are made in a full lump-sum or partial payment. Terminated participants who do not request a lump-sum distribution and have a vested account balance less than \$5,000 will have their account rolled over into an individual retirement account. Vested account balances less than \$1,000 will be paid directly to the participant in the form of a lump-sum payment. Hardship withdrawals, as defined in the plan agreement, are also available to participants only from the pre-tax deferral portion of their accounts, plus earnings thereon. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company.

Forfeited Accounts

At December 31, 2020 and 2019, there were forfeited non-vested accounts of \$13,257 and \$8,948, respectively. The Plan sponsor may first apply forfeitures to the payment of the Plan's administrative expenses and/or the restoration of previously forfeited amounts. Forfeitures are then to be reallocated to participants based on a ratio of each participant's compensation for the plan year to the total compensation of all participants. No forfeitures were used during 2020 or 2019.

Plan Description (continued)

Administrative Expenses

The Company elects to pay the administrative expenses of the Plan and the fees and retainers of the Plan's trustee, third party administrator, accountant, legal counsel, investment managers and other specialists, except expenses relating directly to the investments of the Plan. Should the Company elect not to pay all or part of such expenses, the trustee then pays these expenses from the Plan's assets.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

December 31, 2020 and 2019

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee.

	2020	2019
Mutual funds	\$ 6,090,819	\$ 4,676,077
Notes receivable from participants	87,244	103,756
Total	\$ 6,178,063	\$ 4,779,833

The trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2020	2019
Net appreciation in the fair value of investments	\$ 649,749	\$ 696,784
Interest and dividends	201,366	177,441

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2019.

*Mutual
Funds:*

Valued at the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 6,090,819	\$ -	\$ -	\$ 6,090,819
Total assets at fair value	\$ 6,090,819	\$ -	\$ -	\$ 6,090,819

Assets at Fair Value as of December 31, 2019:

Tax Status

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving this opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements
December 31, 2020 and 2019

Tax Status (continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Party-in-Interest Transactions

Ascensus, LLC is the record keeper and trustee of the Plan and therefore these transactions qualify as party-in-interest. Administrative expenses paid to Ascensus, Inc. totaled \$21,890 and \$17,909 during 2020 and 2019, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2020 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.

Notes to Financial Statements
December 31, 2020 and 2019

Plan Description

The following description of the BriskHeat Corporation (the Company) 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are age 21 and older with at least six months of service with the Company. Leased employees and non-resident aliens are not eligible to participate. The Plan was restated effective December 1, 2008 to allow participant loans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan at a contribution deferral rate of 2% of eligible compensation, as defined in the plan agreement, after meeting the eligibility requirements. Plan participants may elect to contribute from 1% to 90% of their compensation through payroll deductions, up to the maximum allowed per the Internal Revenue Code (IRC). The Plan also provides for Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make matching contributions equal to a discretionary percentage, as determined by the Company's management, of employee deferrals. For the period January 2019 through July 2019, the Company made a matching contribution equal to 50% of the first 4% of employee deferrals. For the period August 2019 through December 2020, the Company increased its matching contribution to 75% of the first 4% of employee deferrals. Additional profit sharing contributions may be contributed by the Company at the option of the Company's management; however, no profit sharing contributions were made in 2020 or 2019. The Plan also permits employees to transfer funds from other qualified plans into the trust fund managed for the Plan. Contributions are subject to certain limitations.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and (c) forfeitures and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portions of their accounts plus earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate when the loan is executed. Outstanding participant loans as of December 31, 2020 bear interest at rates ranging from 3.25% to 5.50%. Principal and interest are paid ratably through payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

Payment of Benefits

A participant may receive the value of his or her vested account upon retirement, disability or termination of employment with the Company. Upon death or disability of a participant or upon reaching retirement age, which is 65 years of age, the participant, or beneficiary, shall be entitled to the full value of the account. Distributions are made in a full lump-sum or partial payment. Terminated participants who do not request a lump-sum distribution and have a vested account balance less than \$5,000 will have their account rolled over into an individual retirement account. Vested account balances less than \$1,000 will be paid directly to the participant in the form of a lump-sum payment. Hardship withdrawals, as defined in the plan agreement, are also available to participants only from the pre-tax deferral portion of their accounts, plus earnings thereon. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company.

Forfeited Accounts

At December 31, 2020 and 2019, there were forfeited non-vested accounts of \$13,257 and \$8,948, respectively. The Plan sponsor may first apply forfeitures to the payment of the Plan's administrative expenses and/or the restoration of previously forfeited amounts. Forfeitures are then to be reallocated to participants based on a ratio of each participant's compensation for the plan year to the total compensation of all participants. No forfeitures were used during 2020 or 2019.

Plan Description (continued)

Administrative Expenses

The Company elects to pay the administrative expenses of the Plan and the fees and retainers of the Plan's trustee, third party administrator, accountant, legal counsel, investment managers and other specialists, except expenses relating directly to the investments of the Plan. Should the Company elect not to pay all or part of such expenses, the trustee then pays these expenses from the Plan's assets.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee.

	2020	2019
Mutual funds	\$ 6,090,819	\$ 4,676,077
Notes receivable from participants	87,244	103,756
Total	\$ 6,178,063	\$ 4,779,833

The trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2020	2019
Net appreciation in the fair value of investments	\$ 649,749	\$ 696,784
Interest and dividends	201,366	177,441

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2019.

*Mutual
Funds:*

Valued at the net asset value of shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Therefore, no provision for income taxes has been included in the Plan's financial statements.
