Youth Opportunity Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Youth Opportunity Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2019 covering all eligible employees of Youth Opportunity Investments, LLC, TCSI LLC, Youth Opportunity Holdings, LLC, Muskegon River Pathway of Hope, LLC, Muskegon River Youth Home and New Hope Youth Services, LLC (collectively referred to as the Company). Employees are eligible after 90 days of service and may enter the Plan on the first day of the month after becoming eligible. The Plan does not have an age requirement for Plan entry. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may elect to defer up to the maximum contribution allowable by law. The Plan allows for voluntary after-tax (Roth) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan provides for a discretionary Company matching contribution to eligible participants, which was 100% of the first 1% of compensation that a participant contributed to the Plan for the year ended December 31, 2019.

Effective January 1, 2020, the Plan adopted safe harbor matching provisions for all eligible participants whereby the Company makes matching contributions equal to 100% of participants' elective deferral contributions up to 4% of compensation.

Employees are eligible for a discretionary profit-sharing contribution if they have completed more than 500 hours of service during the Plan year or are employed by the Company on the last day of the Plan year. There were no authorized profit-sharing contributions during the years ended December 31, 2020 and 2019.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Youth Opportunity Retirement Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions and Company contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Notes receivable terms range from 1 to 5 years. The Plan does not permit loan payments to exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.00%. No participant may have more than one outstanding loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon death, disability, retirement, or any other type of termination a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. If the participant's account is between \$1,000 and \$5,000, the Plan may make an automatic rollover of the participant's vested interest in his or her account to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan may make an automatic lump sum distribution to the participant equal to the participant's vested interest in his or her account. Upon reaching age 59 ½, participants still in service may elect to receive distributions of their fully vested account balances. The Plan also permits distributions to participants who have a qualifying financial hardship.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Youth Opportunity Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

The Plan failed to pass the 2019 Actual Deferral Percentage (ADP) test and the Actual Contribution Percentage (ACP) test for the Plan year. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The accompanying statements of net assets available for benefits include \$38,348 as of December 31, 2019 in excess contributions payable to participants. The Plan distributed the excess contributions to the applicable participants during March 2020.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2021, the date the financial statements were available to be issued. On December 13, 2020, TCF Financial Corporation and Huntington Bancshares Incorporated ("Huntington") jointly announced the signing of a definitive agreement to merge TCF with and into Huntington ("Huntington Merger"). All required regulatory approvals to complete the Huntington Merger have been received. The transaction is expected to close during 2021, subject to the satisfaction or waiver of the remaining closing conditions. Upon finalization of this transaction, the Plan trustee will change from TCF National Bank to Huntington.

3. Information Certified by the Trustees

Effective August 1, 2019, Chemical Bank merged with TCF National Bank, a wholly owned subsidiary of TCF Financial Corporation. In accordance with 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, net appreciation in the fair value of investments and dividend income for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by TCF National Bank and Chemical Bank, respectively, the trustees. Auditing procedures have not been performed on this information

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund (Fund): The Fund is valued at the net asset value (NAV) of units of a collective trust. The NAV, is determined daily by the trustee of the Fund, Wilmington Trust, N.A. The Fund NAV is published on the National Association of Securities Dealers Automated Quotations (NASDAQ), therefore is valued using a readily determinable fair value, but not

traded on the NASDAQ or any public exchange. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, Wilmington Trust, N.A. reserves the right to temporarily delay withdrawals from the Fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 669,860	\$ -	\$ -	\$ 669,860
Collective fund	-	80,678	-	80,678
Investments at fair value	<u>\$ 669,860</u>	<u>\$ 80,678</u>	<u>\$ -</u>	<u>\$ 750,538</u>

Assets at Fair Value as of December 31, 2019:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 210,191	\$ -	\$ -	\$ 210,191
Collective fund	-	50,900	-	50,900
Investments at fair value	<u>\$ 210,191</u>	<u>\$ 50,900</u>	<u>\$ -</u>	<u>\$ 261,091</u>

5. Tax Status

The Plan adopted a volume submitter profit sharing plan with a cash or deferred arrangement sponsored by Chemical Bank Wealth Management (CBWM), a division of TCF National Bank. CBWM received an opinion letter dated September 24, 2019 from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for benefit of their employees. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan and related trust are designed and operating in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their Company contributions.

7. Party in Interest Transactions

For the years ended December 31, 2020 and 2019 administrative fees consist of amounts paid to TCF National Bank and Chemical Bank, respectively, the trustees and recordkeepers, for various administrative services. These transactions qualify as party in interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Company is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During 2019, the Company did not timely remit participant contributions totaling \$191. As of December 31, 2019, the participant contributions and lost earnings for this late remittance had not been remitted to the Plan. The Company remitted the deferrals and lost earnings to the Plan in January 2020.
