1. Description of Plan

The following description of the Valley Stream Payroll Corp. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan, which was started January 1, 1997, is a defined contribution profit sharing plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The most recent Adoption Agreement was effective May 1, 2015. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan covers all employees of the Company who have completed one year of service, have worked at least 1,000 hours during that period and attained 21 years of age. In addition to Valley Stream Payroll Corp., other companies under common ownership are participating employers of the Plan. The Plan Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 ("SECURE") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to plan administration and recordkeeping.

In March 2020, the World Health Organization officially declared the Coronavirus Disease 2020 (COVID-19) outbreak a global pandemic.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

On December 27, 2020, The Consolidated Appropriations Act of 2021 was signed into law. The Act enhances and expands certain provisions of the Coronavirus Aid, Relief and Economic Security Act.

Suspension of employee contributions is no longer permitted in connection with hardship distributions made on or after January 1, 2020, in accordance with the Bipartisan Budget Act of 2018.

1. Description of Plan (continued)

b. Contributions

Each year, participants may contribute up to 85% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. An employee is eligible to participate in Elective Deferral portions of the Plan upon one year of service, working at least 1,000 hours during that period and having attained 21 years of age. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in various target date funds based on the participants' ages.

The Plan includes a discretionary matching contribution provision which is determined on an annual basis. The Company provides for a safe harbor matching contribution in addition to the discretionary matching contribution. The safe harbor matching contribution is equal to 100% of the first 1% of plan compensation plus 50% of salary deferrals on the next 5% of the participant's compensation up to a maximum of 6% and applied to all participants on a uniform basis. Matching contributions are determined based on either a percentage of salary deferrals formula or a uniform dollar amount. The matching Company contribution is invested directly in the investment funds selected by the participants for their voluntary deferrals proportionally. Certain limits on matching contributions are imposed in accordance with the terms of the plan document. Additional profit sharing amounts may be contributed at the Company's discretion and are invested in a portfolio of investments as directed by the Company. During the year ended December 31, 2020 the Company made a $430,891 safe harbor matching contribution to the Plan.

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after the completion of two years of credited service.

1. Description of Plan (continued)

e. Notes Receivable from Participants

After January 1, 2014, participants were no longer permitted to borrow from their accounts. The outstanding notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 6.00%, commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Notes must be fully repaid within five years unless it is for the purchase of a primary residence in accordance with Plan provisions. Participant notes are valued at their outstanding principal balance plus accrued and unpaid interest. As of December 31, 2020 and 2019, the Plan had outstanding notes receivable from participants with principal balances totaling $15,680 and $16,501, respectively.

f. Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary). If the vested account balance is less than $5,000, a participant may receive a distribution in cash or elect to rollover their distribution to an IRA or other qualified plan. If consent is not given, the vested benefit automatically will be rolled over to an IRA selected by the Plan Administrator. If the total vested benefit is $1,000 or less, the entire vested benefit will be distributed in a lump sum without participant consent.

g. Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $6,841 and $813, respectively. In 2020 the forfeiture account received a total of $6,132, of which $104 was used to pay for plan expenses. The plan sponsor is permitted to use the forfeiture account to (a) pay plan expenses, (b) make additional Employer contributions or (c) reduce other Employer contributions under the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Reclassification

Certain accounts were reclassfied on the prior year Statement of Net Assets Available for Benefits to conform to the current year presentation.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of relevant unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund: Valued using quoted prices in active markets for identical assets and liabilities.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Information Certified by the Trustee

The plan management has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditors not to perform any auditing procedures with respect to the following information certified by BMO Harris Bank N.A., the trustee, except for comparing such information certified by the trustee to information included in the plan's financial statements and supplemental Schedule H, line 4i- Schedule of Assets (Held At End of Year).

Statement of net assets available for benefits	2020	2019
Investments at fair value	$ 16,029,268	$ 15,683,434

5. Related-Party Transactions and Party in Interest Transactions

Plan investments are held and managed by BMO Harris Bank N.A.. BMO Harris Bank N.A., is the trustee and custodian for the Plan and provides certain administrative services for those investments. OneAmerica Retirement Services LLC is the Plan record keeper. Transactions with these entities qualify as exempt party in interest transactions. Fees incurred by the Plan for investment management services and certain other administrative expenses are paid directly from plan assets. The Plan Sponsor pays other fees related to the Plan's operation.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the Company by a letter dated September 24, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through October 5, 2021, which is the date the financial statements were available to be issued.
