The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company, aside from non-resident aliens, union or leased employees, may become a participant after such employee has completed one year of service in which an employee has 1,000 hours of service and has attained the age of 18. Eligible employees may enter the Plan on the first day of the quarter coinciding with the date on which eligibility requirements are met or the first day of the next following quarter.

Contributions: Participants may contribute up to 100% of eligible compensation, as defined by the Plan document, subject to certain maximum limitations imposed by the Code. Unless otherwise elected, each eligible participant will automatically have 3% of defined compensation before taxes deferred into the Plan upon meeting eligibility requirements and the participant's automatic deferral percentage shall be increased as of the first day of each plan year by 1%, up to a maximum of 10%. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the end of the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the Code. Participant may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching contributions to the Plan. In 2020, the Company elected to make matching contributions in the amount of 100% of the participant's contributions up to 1% of each participant's eligible compensation. The Company may also elect to make an additional discretionary contribution to the Plan based upon a percentage of the profit sharing compensation paid to eligible employees, as determined by the Company. There were no additional discretionary contributions for the year ended December 31, 2020.

Vesting: Participants are immediately vested in their salary deferral contributions and related investment earnings. Participants become 20% vested in discretionary employer contributions and profit sharing contributions, and earnings thereon after one years of service, as defined, and vest an additional 20% for each year of service thereafter until they are fully vested after completion of five years of service. In addition, each employee becomes 100% vested upon plan termination, death, disability or attaining normal retirement age.

Benefits paid to participants: Participants or their beneficiaries are eligible for benefits upon termination of service, retirement, or death. Participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or periodic installments. The Plan provides for automatic lump sum distribution of accounts with balances less than $5,000 upon termination of service. In-service distributions are permitted for participants that attain age 59 ½, or in situations of hardship subject to the provisions specified in the plan agreement.

Note 1. Description of the Plan (Continued)

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The CARES Act allows eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented curtained provisions of the CARES Act and will execute a formal plan amendment within the timeframe required by law.

Participant accounts: Participants direct the investment of their and employer contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of, (a) the Company's discretionary matching and profit sharing contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures: At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately $9,200 and $7,000, respectively. The balance of the forfeiture employer contributions and allocated earnings thereon may be used to reduce employer contributions to the Plan or to pay Plan administrative expenses. During 2020, amounts of employer nonvested contributions forfeited and associated earnings were approximately $2,200. There were no employer contributions or Plan expenses reduced by forfeited nonvested accounts. Accumulated forfeitures will be applied to pay expenses or reduce the employer's contribution in 2021.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options any time throughout the year.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets or liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recognized on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid to participants: Benefits paid to participants are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Risk and uncertainties: The Plan provides for investments in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonability possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participant's account balances the amounts reported in the statement of net assets available for benefits.

The Coronavirus (COVID-19) pandemic continues to have an unprecedented impact on global and North American economic conditions. These conditions may continue to affect the fair values of Plan assets. The ultimate impact of COVID-19 on the Plan's financial position and results of operations is dependent upon future developments, including the duration of the pandemic and the associated length of its impact on the global economy, which cannot be predicted at this time.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement: Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* This amendment to the Accounting Standards Codification Topic 820, Fair Value Measurement, requires disclosure of the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements for public entities. This amendment also removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels and the valuation process for Level 3 fair valued measurements. Furthermore, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. This amendment was adopted by the Plan on January 1, 2020 and did not significantly impact the Plan's financial statements.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Plan Sponsor. However, such employees receive no compensation from the Plan. The Plan Sponsor and the Plan participants share in the Plan expenses. Plan expenses, such as transaction fees from receiving a loan, withdrawal, or distribution from the Plan, are deducted from participant's accounts or investment income.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Hand Benefits & Trust Company

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Hand Benefits & Trust Company, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2020	2019
Investments, at fair value:		
Mutual funds	$ 3,480,558	$ 2,502,602
Common collective trusts	4,278,375	3,736,802
	$ 7,758,933	$ 6,239,404

The custodian also certified to the completeness and accuracy of $1,247,756 of net appreciation in the fair value of investments, and $89,629 in dividend income related to the aforementioned investments during the year ended December 31, 2020.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement and Disclosures (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2020 and 2019. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The mutual funds are valued at the closing price reported on the active market on which the individual funds are traded.

Common collective trusts: Valued at the net asset value (NAV) of units held by the Plan at year end as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments divided by the number of units outstanding.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Fair Value Measurements Using			
Investment Type	(Level 1)	(Level 2)	(Level 3)	Total
2020:				
Mutual funds	$ 3,480,558	$ -	$ -	$ 3,480,558
Total assets in the fair value hierarchy	$ 3,480,558	$ -	$ -	3,480,558
Common collective trusts measured at NAV (i)				4,278,375
Total investments				$ 7,758,933
2019:				
Mutual funds	$ 2,502,602	$ -	$ -	$ 2,502,602
Total assets in the fair value hierarchy	$ 2,502,602	$ -	$ -	2,502,602
Common collective trusts measured at NAV (i)				3,736,802
Total investments				$ 6,239,404

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. For the year ended December 31, 2020, there were no transfers in or out of level 3.

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2020 and 2019:

	Fair Value		Unfunded	Redemption	Redemption
	2020	2019	Commitment	Frequency	Notice Period
Common collective trusts	$ 4,278,375	$ 3,736,802	None	Immediately	None

In accordance with ASC 820, for investments that file a DOL Form 5500, Annual Return/Report of Employee Benefit Fund, as a direct filing entity, disclosures of that investment's strategy is not required. All the investment funds valued at NAV above file Form 5500 annually.

Note 5. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the Company, or Hand Benefits & Trust Company, the custodian, qualify as party-in-interest transactions. The Plan's investments include shares of common collective trusts managed by Manning & Napier Advisors, Inc. (Manning). As Manning is the Plan's investment advisor, these transactions qualify as party-in-interest transactions.

Note 6. Income Tax Status

The Plan has adopted a non-standardized, 401(k) profit sharing, prototype plan sponsored by Benefit Plans Administrative Services, LLC. The prototype plan provider has received an opinion letter from the IRS, dated March 31, 2014, as to the prototype plan’s qualified status. The prototype plan’s opinion letter has been relied upon by this Plan. The Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the participants become fully vested in their entire account balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.
