INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Anderson Automotive Retirement Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Anderson Automotive Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Midland Wealth Management, acting as an agent of the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of Schedule H, Item 4i, Schedule of Assets (Held at End of Year), referred to as "supplemental information," for the year ended December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Description of Plan

The following description of the Anderson Automotive Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Participating employers include Anderson Nissan, Inc., Anderson Dealerships, Inc. and Anderson Automotive, Inc. (the "Companies").

1. *General.* The Plan is a defined contribution salary deferral plan which provides an individual account for each participant and provides benefits upon retirement that are based on the amounts contributed by the employee and employer plus earnings on those contributions less any plan administrative expenses. The Plan was established on January 1, 1985. The amended and restated provisions of the Plan became effective on December 1, 2016. The Controller is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan covers all employees of the Companies except for those deemed as excluded employees which include: employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in the Plan, non-resident aliens who received no earned income from the Employer constituting U.S. source income, leased employees. A participant becomes eligible on the earlier of (1) the first day of the Plan year (January 1) or (2) the first day of the seventh month (July 1), after completion of one year of eligible service and having attained age 21 as defined in the Plan document. A year of eligible service begins on the date the employee first performs an hour of service and is completed after 1,000 service hours within the next twelve months.

2. *Contributions.* Each year, participants may contribute a percentage of their compensation as pre-tax contributions as defined in the Plan from 1% up to 75% of plan compensation each payroll period. The Plan allows elective contributions to be made as well as roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans at the discretion of the Plan administrator. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. All employer contributions are discretionary. For the 2020 and 2019 Plan Years, the Companies contributed matching contributions equal to 50% of the first 6% of base compensation that a participant contributes to the Plan if the participant is employed on the last day of the plan year quarter.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution, the Company contributions, as well as an allocation of the Plan's earnings. The participants can then direct their investments to any of the available funds in the Plan. Participants may change their investment option specification with respect to contributions to be made in the future and with respect to amounts already in the account by calling an interactive voice-response system or accessing the account on the Internet with the use of a personal identification number.

A. *Description of Plan (Continued)*

4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of service. One year of service is 1,000 hours within a consecutive twelve-month period. A participant is 100 percent vested after six years of service. Participant accounts also become fully vested upon attainment of the normal retirement age of 65 or in the event of death or total disability.

5. *Notes Receivable from Participants.* Participant loans are not permitted by the Plan at this time.

6. *Payment of Benefits.* On termination of service due to death, disability, or retirement, a participant will receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or can elect to receive the account balance in installments. If the value of the vested benefit does not exceed $5,000, the participant may elect to receive a lump sum distribution. A participant may withdraw any part of his or her rollover account balance at any time.

   In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their vested account balances while actively employed, but such withdrawals are limited to the amount of hardship. Participants' withdrawals are limited to deferred account balances and may not include any earnings accrued thereon.

7. *Forfeited Accounts.* At December 31, 2020 and 2019, forfeited non-vested accounts totaled $11,008 and $818, respectively. The forfeited non-vested accounts are used to reduce employer matching contributions in the plan year following the plan year in which the forfeiture occurs. Also, in 2020 and 2019, employer contributions were reduced by $20,000 and $19,500, respectively from forfeited non-vested accounts.

B. *Summary of Accounting Policies*

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

B. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Midland Wealth Management, the trustee of the Plan, determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are not permitted by the Plan at this time.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan permits the payment of plan expenses to be made from the Plan's assets. If the expenses are not paid from employer assets, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan. The expenses are allocated proportionately based on the value of the account balances. Expenses paid in 2020 and 2019 were $65,120 and $56,048, respectively.

Subsequent events

The Plan has evaluated subsequent events through September 13, 2021, which is the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

C. Fair Value Measurements (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be activity traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

C. *Fair Value Measurements (Continued)*

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020

D. *Related-Party Transactions and Party in Interest Transactions*

The Plan's investments include shares of mutual funds managed by Midland Wealth Management. Midland Wealth Management is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

E. *Plan Termination*

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

F. *Tax Status*

The IRS has determined and informed the Company by a letter dated November 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

F. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Information Certified by the Trustee

Midland Wealth Management certified all investments, investment transactions, and all related income and the fair value of investments included in the financial statements and supplementary schedule as of and for the year ended December 31, 2020, and as of December 31, 2019.

I. Voluntary Correction Program

During prior plan years, the Plan Sponsor used the incorrect computation for total compensation in calculating employee contributions and employer matching contributions. The Plan Sponsor determined the amount of a contribution correction payment for those employees with employer contributions related to vehicle services not included in the compensation used to calculate deferrals. Management, with the consultation of the Plan's attorney, has determined the necessary correction will not exceed $225,000, in total. The estimated contribution due to the plan is not part of these financial statements. The anticipated corrective action for this contribution has been reviewed by the Internal Revenue Service (IRS) and is being filed under the Voluntary Correction Program (VCP). The final calculation will be prepared and payment will be submitted to the Plan by October 27, 2021.
