INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Bainbridge Communities Management 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bainbridge Communities Management 401(k) Profit Sharing Plan & Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan (the "Custodian"), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Bainbridge Communities Management 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Bainbridge Communities Management, LLC (the "Company") for the benefit of its full-time employees who have at least 90 days of service, are age twenty-one or older, and are not excluded by certain provisions outlined in the plan document. Seasonal or temporary employees are excluded from participating. Additionally, the Plan covers all full-time employees of Bainbridge Mid-Atlantic Management, LLC ("Mid-Atlantic") and Bainbridge NC Management, LLC ("NC Management"), who satisfy the same eligibility requirements. Mid-Atlantic and NC Management are related entities under common ownership with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan administrator has the overall responsibility for the operation and management of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE Act") was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Effective January 1, 2019, as a result of the Bipartisan Budget Act of 2018, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act" was signed into law. The CARES Act, among other things, includes several temporary relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following temporary provisions:

- Special coronavirus distributions up to $100,000.
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance.
- Extended the period for loan repayments, if applicable, up to one year.

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

Plan amendment - Effective January 1, 2019, the Plan was amended to include the option to make a special deferral election solely with respect to bonus payments.

(1) Description of plan (continued)

Contributions - Participants may contribute any percentage of their pretax annual compensation, as defined in the plan document, without exceeding limitations prescribed by the Internal Revenue Code (the "Code"). Participants may also make Roth deferrals to the Plan. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan.

Each year, the Company may make discretionary profit sharing contributions on behalf of participants meeting certain eligibility requirements, as outlined in the plan document. The Company's discretionary profit sharing contributions, if any, are allocated to participants on a pro rata basis determined by the ratio that each qualifying participant's compensation for the plan year bears to the total compensation of all qualifying participants. The Company's discretionary profit sharing contributions are invested in accordance with each participant's own investment options and are subject to certain limitations prescribed by the Code. No such discretionary profit sharing contributions were made during the year ended December 31, 2020 and 2019.

Additionally, the Company may make discretionary matching contributions to the Plan on behalf of participants meeting certain eligibility requirements, as defined in the plan document. Effective January 26, 2019, the Company implemented matching contributions equal to 50% of the first 6% of each participant's eligible compensation being contributed to the Plan. Additionally, the Company implemented a maximum of $5,000 limit for matching contributions annually per participant. During the years ended December 31, 2020 and 2019, the Company made matching contributions of $424,917 and $352,680, respectively.

Participant investment account options - The Plan currently offers various pooled separate accounts and a fixed account as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested in the Company's contributions after 2 years of continuous service.

Forfeited accounts - Forfeited accounts may be used to reduce future Company contributions. At December 31, 2020 and 2019, forfeited accounts totaled $17,741 and $9,427, respectively.

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2% at the origination date of the note. Principal and interest are paid ratably through payroll deductions.

Under the provisions of the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Payment of benefits - On termination of service due to death, disability, retirement, or other reasons as outlined in the plan document, a participant may elect to receive distributions from the Plan. Participants may also receive in-service distributions upon attaining 59 ½ years of age. All distributions are made in the form of one lump sum payment.

Under the provisions of the CARES Act, eligible Plan participants are permitted to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Recent accounting pronouncement - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *"Fair Value Measurement - Disclosure Framework (Topic 820)"*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value (except for the Voya fixed account which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Other miscellaneous expenses are paid for by the Plan and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits. Certain investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company ("Voya") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value and contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities.

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period is applicable to the Plan. The funds may be redeemed on a daily basis.

(4) Fair value measurements (continued)

Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2020 and 2019.

The preceding methodology described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV [(a)]				6,712,872
				$ 6,712,872

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV [(a)]				4,727,819
				$ 4,727,819

(a) In accordance with Subtopic 820-10, the pooled separate accounts, which are valued at NAV, have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line item presented on the statements of net assets available for benefits.

(5) Investment contract with insurance company

The Plan has a fully benefit-responsive investment contract with Voya called the fixed account. Voya guarantees principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period; currently one calendar year. The current rate, the guaranteed minimum floor rate, and the minimum guaranteed interest rate are expressed as annual effective yields.

(5) Investment contract with insurance company (continued)

Interest is credited to the account on daily yields. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract.

Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

(6) Related party transactions and party-in-interest transactions

The Plan's investments are shares of pooled separate accounts and a fixed account managed by Voya. Voya is the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Definiti (formerly known as The Pension Studio) serves as the Plan's third party administrator; therefore, transactions with this service provider also qualify as party-in-interest transactions. Aggregate fees paid by the Plan to these parties-in-interest amounted to approximately $28,200 and $21,500 during the years ended December 31, 2020 and 2019, respectively. Certain investment related fees incurred by the Plan have been included in net appreciation in fair value of investments as they are paid through revenue sharing rather than as a direct payment.

In addition, through an arrangement with Voya, the Plan has an ERISA expense reimbursement account funded through revenue sharing which Voya uses to pay plan related expenses. During the years ended December 31, 2020 and 2019, service providers were paid approximately $23,900 and $17,500, respectively.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

(8) Tax status

The Internal Revenue Service ("IRS") has determined and issued an opinion letter dated March 31, 2014 stating that the prototype volume submitter profit sharing plan adopted and utilized by the Company as of the Amendment Date is designed in accordance with applicable sections of the Code. Although the Plan has been amended since the date of this letter, the plan administrator believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

At December 31, 2020 and 2019, approximately 33% and 35%, respectively, of Plan investments were invested in three funds.

On January 30, 2020, the World Health Organization ("WHO") declared the coronavirus originating in Wuhan, China (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

(9) Risks, uncertainties and concentrations (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of net assets available for benefits.

(10) Reconciliations of financial statements to Schedule H of Form 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2020 and 2019 to Schedule H of Form 5500:

	Years Ended December 31,	
	2020	2019
Net increase per the financial statements	$ 2,217,444	$ 1,737,748
Add: current year excess contributions refundable	-	-
Less: prior year excess contributions refundable	-	(35,153)
Net increase per Schedule H of Form 5500	$ 2,217,444	$ 1,702,595

Additionally, investments line items along with certain income and expense line items reported on Schedule H of Form 5500 for the years ended December 31, 2020 and 2019 have been reclassified in the financial statements. These reclassifications have no impact on net assets available for benefits at December 31, 2020 and 2019 or changes in net assets available for benefits for the year then ended.

(11) Subsequent events

Effective January 1, 2021 the Plan restated their plan document. No changes were made to key provisions as disclosed.

The Plan has evaluated subsequent events through October 12, 2021, which is the date the financial statements were available to be issued. Other than as noted above, no significant matters were identified for disclosure during this evaluation.
