Note 1 - Description of Plan

The following description of the HSG, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of HSG, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan.

Effective October 1, 2020, the Plan changed names from Integrated Mission Support Services (IMSS) 401(k) Profit Sharing Plan to HSG, LLC 401(k) Profit Sharing Plan. The Plan changed names due to the fact IMSS ceased operations on September 30, 2020. Prior to IMSS ceasing operations, the Plan was a multiemployer plan including both IMSS and HSG, LLC.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, (the 'CARES Act'), was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans. The Company elected to allow coronavirus-related distributions and the waiver of required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

Participation in the Plan is available to all employees of the Companies, excluding non-resident aliens.

Contributions

Participant Salary Deferral - Each year, participants may contribute up to 100% of their pretax annual compensation, as defined by the Plan, up to maximum amounts established by the Internal Revenue Service (IRS). Participants 50 years old or older during the Plan year are eligible to make catch-up contributions, up to maximum amounts established by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participant Roth Deferral - Participants may designate some or all of the salary deferral as a Roth Deferral at the time the participant makes his or her deferral election. Once made, the election is irrevocable (that is, a Roth Deferral cannot later be re-characterized as a pretax salary reduction). The amount of the Roth Deferral is included in participants' income for tax purposes, and the income tax withholding amounts are deducted from the remainder of compensation, not from the Roth Deferral amount.

Prevailing Wage Rate - For participants performing work under a prevailing wage contract, the Company makes prevailing wage rate contributions in an amount equal to the fringe benefit amount determined according to the prevailing rate schedule for each participant reduced by contributions made to other plans that count toward satisfying the fringe rate stated in the prevailing rate schedule. The Company made a prevailing wage rate contribution of $55,037 for the year ended December 31, 2020.

Employer Safe Harbor Nonelective – The Company contributes to the Plan an amount equal to 100% of the first 3% of eligible participants' compensation contributed to the Plan and 50% of the next 2% of eligible participants' compensation contributed to the Plan. The Company made an employer safe harbor contribution of $271,884 for the year ended December 31, 2020.

Note 1 - Description of Plan - Continued

Employer Profit Sharing -The Company may also make a discretionary non-elective profit-sharing contribution each year on behalf of the Plan's participants. No discretionary contribution was made by the Companies during the year ended December 31, 2020.

Investment Options

Participants direct the investment of their contributions, as well as contributions from the Companies, into various investment options offered by the Plan. As of December 31, 2020, the Plan offered registered investment company funds which invest in various combinations of stocks, bonds, and other investment securities as well as a common collective trust fund.

Vesting

Participants are vested immediately in their voluntary contributions, the Company matching contributions, and the Companies' qualified nonelective contributions, plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Companies' contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of the participants' loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a fixed interest rate between 4.25% and 6.50%, which is based on the prime rate and is commensurate with local prevailing rates as determined by the Plan Administrator, as defined by the Plan. A loan is considered in default if the missed loan payment is not remitted by the last day of the calendar quarter following the calendar quarter in which the required payment was due but not made. Principal and interest are paid ratably through payroll deductions. Loan terms may not be greater than fifteen years.

Payment of Benefits

Benefits commence upon one of several dates: retirement, disability, death, or termination of employment. In-service distributions are allowed once a participant reaches eligible age, qualifies for a financial hardship as defined by IRS regulations, or meets the criteria for a qualified reservist distribution. Benefits are distributed by means of either direct rollover or lump sum distribution.

Forfeited Accounts

The Plan had forfeited nonvested accounts of $472 and $2,663 as of December 31, 2020 and 2019, respectively. Forfeited nonvested accounts will be used to reduce future employer contributions. $2,798 in forfeitures were used to reduce employer contributions during the year ended December 31, 2020.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus. Interest income is recognized when paid generally in accordance with the Company's payroll schedule. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator considers the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a deemed distribution based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Corrective Distributions

Distributions made to participants for contributions in excess of amounts allowed by the IRS are classified as corrective distributions. Corrective distributions of $365 were made for the year ended December 31, 2020.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Certain expenses related to the administration of the Plan are allocated to the participant's account, in accordance with the Plan Document, and are included in administrative expenses. Fees related to the administration of notes receivable from participants and payment of benefits to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 - Information Certified and Provided by Trustee

Certain information related to investments and disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

The following is a summary of the plan's asset information as of December 31, 2020 and 2019, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the Custodians and Trustee and furnished to the Plan Administrator.

	2020	2019
Investments		
Registered investment companies	$ -	$ 14,223,557
Common collective trust fund	-	1,391,954
Total Investments	$ -	$ 15,615,511
Notes receivable from participants	$ -	$ 244,563

On December 31, 2020, Fidelity Management Trust Company initiated a transfer of Plan assets to a new custodian that included $12,245,825 in a cash holding account (for investments), $1,402,367 in common collective trust fund shares and $145,791 in notes receivable from participants. This activity is included in the certification. Fidelity Management Trust Company also certified to the completeness and accuracy of $1,128,331 of net appreciation in fair value of investments and $721,425 of interest and dividends (including interest income on notes receivable from participants) to the aforementioned Plan assets for the year ended December 31, 2020.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust fund: A stable value fund that is composed primarily of benefit responsive investment contracts issued by insurance companies and other financial institutions that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Level 1	Level 2	Level 3	Fair Value
December 31, 2020				
Cash Holding Account	12,245,825	$ -	$ -	$ 12,245,825
Common Collective Trust Fund				1,402,367
Total Investments at Fair Value				$ 13,648,192
December 31, 2019				
Mutual Funds	$ 14,223,557	$ -	$ -	$ 14,223,557
Common Collective Trust Fund				1,391,954
Total Investments at Fair Value				$ 15,615,511

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019, respectively:

Description	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Fidelity Advisor Stable Value Portfolio II	$ -	$ 1,391,954	N/A	Daily	1 day

Note 5 - Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company or one of its affiliates. Fidelity Management Trust Company is the Trustee of the Plan, as defined by the Plan, and therefore these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than direct payments. As described in Note 2, the Plan made direct payments to the third-party administrator of $2,160 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Income Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 13,793,983	$ 15,860,074
Fair value to contract value adjustment for CCT	50,882	20,769
Net assets available for benefits per the Form 5500	$ 13,844,865	$ 15,880,843

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2020 to Form 5500:

Net increase in net assets per the financial statements	$ (2,066,091)
Change in fair value to contract value adjustment for CCT	30,113
Net income per the Form 5500	$ (2,035,978)

Note 10 – Subsequent Event

The Plan has evaluated subsequent events through August 6, 2021 on which the financial statements were available to be issued.

Prior to December 31, 2020, the Plan engaged Principal Life Insurance Company as the new record keeper and Principal Trust Company as the new fund custodian. On December 31, 2020, the Plan initiated the transfer of plan assets from Fidelity Management Trust Company to Principal Trust Company. Principal Trust Company received the Plan assets on January 4, 2021.
