1. DESCRIPTION OF PLAN

The following description of The Corporate Source, Inc. 401(a) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Internal Revenue Service Code Section 401(a) that was established effective September 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan covers all eligible employees of The Corporate Source, Inc. (the "Organization"). To participate in the Profit Sharing Contribution, employees must complete one year of service, as defined by the Plan document. Employees are eligible to participate in Prevailing Wage Contributions on their entry date, as defined. Eligible employees include all employees except, any employee who is included in a unit of employees covered by a collective bargaining agreement that has bargained with the Organization in good faith on the subject of retirement benefits, any leased employee, any employee who is a nonresident alien who received no earned income which constitutes income from services performed within the United States, or employees who are temporary employees. Employees covered by The Corporate Source, Inc. PR 401(k) Plan are excluded from the Plan's prevailing wage contributions.

Contributions

Participant contributions to the plan are not permitted. Rollover contributions are permitted in accordance with Plan provisions. Participants may be eligible for one or more of the various types of employer contributions as defined in the plan document. The following types of contributions were made into the plan during the year:

Profit Sharing Contribution
The Organization may make a Profit Sharing Contribution which shall be allocated to eligible participants, as defined, in the ratio that each participant's compensation bears to the compensation of all eligible participants. Generally, the participant must be employed on the last day of the year to receive a contribution. The amount of the contribution, if any, is established at the discretion of the Organization's Board of Directors. These amounts are funded annually. For the year ended December 31, 2020, the Organization made a profit sharing contribution to eligible employees equal to 5% of compensation, as defined.

Prevailing Wage Contribution
The Organization may make a Prevailing Wage Contribution to the Plan. The Prevailing Wage Contribution shall be an amount equal to the fringe benefit payment amount as specified under the McNamara-O'Hara Service Contract Act (or similar contracts which utilize fringe rates) after appropriate deductions (i.e. health and welfare benefit-related amounts) and will reduce any other Employer contributions made on behalf of a Participant eligible for a Prevailing Wage Contribution. These amounts must be funded at least quarterly.

Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with an allocation of the Organization's contribution, as defined by the Plan document, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their balances into investment options offered by the Plan. If no election is made by the participant, then the contributions are automatically invested in the Plan's Qualified Default Investment Alternative ("QDIA"). The Plan has elected the Vanguard Target Retirement Fund series as its QDIA.

V**esting**

Participants are always 100% vested in their prevailing wage contribution account and rollover contribution accounts plus actual earnings thereon.

Participants' vesting in their profit sharing contribution account is based on years of service as follows:

Years of Vesting Service	Amount Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant will become 100% vested in their profit sharing contribution account upon death or disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rates on outstanding loans range from 3.25% to 6.50% per annum. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive to receive a lump sum equal to the value of the participant's vested interest in his or her account. Participants shall be entitled to receive in-service withdrawals upon attainment of age 59 ½.

Plan Expense Account

At December 31, 2020 and 2019 the plan expense account totaled $4,513 and $2,931, respectively. The plan expense account includes revenue sharing paid back to the Plan's account and other allocations paid back to reduce plan expenses. During the year ended December 31, 2020, the Plan earned $39,103 and paid $37,605 in administrative expenses from the plan expense account to CapFinancial Partners LLC.

Forfeitures

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $13,260 and $9,670, respectively. The Organization uses forfeited amounts to reduce employer contributions or administrative expenses of the Plan. For the year ended December 31, 2020, the Plan did not allocate any forfeiture accounts.

Administrative Changes due to CARES Act

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result, Plan participants impacted by the Coronavirus disease 2019 ("COVID-19") were able to:

- Withdraw, penalty free, up to $100,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Take new loans up to $100,000 of vested account balances before September 22, 2020.

- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-51.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. CERTIFIED INFORMATION

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC (collectively "Great-West"), the insurance company and custodian of the Plan, respectively.

	2020	2019
At December 31,		
Investments, at fair value	$ 9,674,143	$ 7,688,096
Investments, at contract value	56,169	59,912
Notes receivable from participants	306,143	309,858
For the year ended December 31, 2018		
Net change in fair value of investments	$ 969,737	
Interest and dividends	279,594	
Interest income from notes receivable	17,668	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds
Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,674,143	$ -	$ -	$ 9,674,143
Investments at fair value	$ 9,674,143	$ -	$ -	$ 9,674,143

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,688,096	$ -	$ -	$ 7,688,096
Investments at fair value	$ 7,688,096	$ -	$ -	$ 7,688,096

Gains and losses included in the statements of changes in net assets available for benefits for the year ended December 31, 2020, are reported in net change in fair value of

investments.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

5. INVESTMENT CONTRACT WITH GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY OF NEW YORK

In September 2016, the Plan Sponsor entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company of New York. Great-West Life & Annuity Insurance Company of New York maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company of New York, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, was $56,169 and $59,912, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great-West Life & Annuity Insurance Company of New York. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the organization or other organization events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a)

an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Either Great-West Life & Annuity Insurance Company of New York or the Organization may terminate this Contract with advance written notice to the other party. The contract termination date shall be the seventy-fifth day after the date written notice is received.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Great-West is the recordkeeper, insurance company and custodian of the Plan for the year ended December 31, 2020, therefore certain transactions qualify as party-in-interest transactions. Administrative fees of approximately $68,300 were paid to Great-West during the year ended December 31, 2020.

The Organization has a retirement plan advisory service agreement with CapFinancial Partners, LLC, d/b/a CapTrust Financial Advisors ("CapTrust") where CapTrust provides investment advisory services to the Plan, therefore certain transactions qualify as party-in-interest transactions. The service agreement calls for a fixed fee to be paid on a quarterly basis for advisory services provided to the Plan. Advisory fees of $37,900 were paid to CapTrust during the year ended December 31, 2020.

JM Pension Advisory, Inc. ("JM Pension") is the third party administrator of the Plan for the year ended December 31, 2020. Therefore certain transactions qualify as party-in-interest transactions. Administrative fees of $1,300 were paid to JM Pension during the year ended.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. TAX STATUS

The Plan has adopted a volume submitter profit sharing plan with CODA and is relying on an advisory letter received from JM Pension Advisory Inc. dated September 30, 2014 stating that the Internal Revenue Service has determined that the volume submitter plan adopted by the Plan is designed in accordance with applicable sections of the Internal

Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The COVID-19 pandemic is having widespread, rapidly evolving, and unpredictable impacts on global society, economies, and financial markets. While the effects of COVID-19 are not reflected in these Plan financial statements, there is substantial uncertainty in the nature and degree of its effects over time. The extent to which the COVID-19 pandemic impacts the Plan going forward will depend on numerous evolving factors which cannot be reliably predicted, including the duration and scope of the pandemic; governmental, business, and individuals' actions in response to the pandemic; and the impact on economic activity including the possibility of recession or further financial market instability.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following schedule is a reconciliation of net assets available for benefits at December 31, 2020, and 2019 and benefits paid during the year ended December 31, 2020 per the financial statements to Schedule H of Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 10,592,433	$ 8,577,729
Less: Deemed distributed participant loans	(22,834)	(25,586)
Net assets available for benefit per the Form 5500	$ 10,569,599	$ 8,552,143

	2020
Benefits paid per the financial statements	$ 238,170
Less: Change of deemed distributed loans	(2,752)
Benefits paid per the Form 5500	$ 235,418

Form 5500 does not include defaulted loans from participants who have not incurred distributable event. On the financial statements, these amounts are reported as Plan assets until a distributable event occurs.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.
