Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Pediatric Academic Association, Inc. Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined that it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements, and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 9, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Defined Contribution Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Pediatric Academic Association, Inc. (the Association) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 and is a defined contribution money purchase pension plan covering employees of the Association. Employees become eligible to enter the Plan upon the latter of their employment commencement date or when they have attained the age of 21. Employees must complete 1,000 hours of service with the Association on or prior to such employer contribution allocation dates. Employer contribution allocation dates occur on the last payroll period ending in the second, third, and fourth quarters of a given Plan year. The Plan is subject to the provisions of ERISA.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and did not implement any of the available provisions.

Contributions

On each contribution allocation date, the Association contributes to the Plan, 10% of the total eligible compensation for each participant. If the Association authorizes as such, participants may contribute amounts to the Plan. During 2020 and 2019, no participant contributions were made. The Association met the minimum funding requirements of ERISA for the years ended December 31, 2020 and 2019.

A participant who is also an active employee may contribute to the Plan, as a rollover contribution or a distribution from another qualified retirement plan. During 2020 and 2019, rollover contributions totaled \$159,062 and \$90,376, respectively.

Participant Accounts

Each participant's account is credited with any of the Association's contribution and allocation of plan earnings. The Plan's earnings are allocated based on the participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$554 and \$963, respectively. Forfeited accounts will be used to reduce future employer contributions. For the years ended December 31, 2020 and 2019, \$13,500 and \$120,000, respectively, of forfeitures were used to reduce employer contributions.

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in any individual voluntary contributions made to the Plan. Amounts contributed by the Association to participants' accounts are vested based on years of credited service. A year of credited service is earned when a participant works 1,000 hours or more in one calendar year. Years of service for vesting purposes will include all years of service with the employer including service prior to the date the Plan was first effective. The Plan utilizes a graded vesting schedule, as follows:

Years of Service	Vesting (%)
Less than 2	-
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 or more	100

Payment of Benefits

At termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary may receive an annuity distribution or lump-sum amount equal to 100% of the participant's account balance. Normal retirement age is 65, with in-service withdrawals allowable at age 70 ½. For termination of service due to other reasons, a participant will receive the value of the vested interest as a lump-sum or an annuity distribution. Benefits are recorded when paid.

Administrative Fees

Beginning October 2019, the Plan pays for certain professional fees for the administration of the Plan. The Plan paid administrative expenses of \$42,958 and \$9,266 for the years ended December 31, 2020 and 2019, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements and supplemental schedules have been prepared in accordance with U.S. GAAP.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investment securities are recorded on a trade-date

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. See Note 4 for discussion of fair value measurements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2021 and October 12, 2021, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, TIAA-CREF has certified as complete and accurate the following information at December 31, 2020 and 2019 including the comparable information in the accompanying supplemental schedule:

<i>December 31,</i>	2020	2019
Investments, at fair value	\$ 125,155,705	\$ 106,104,922
Investments, at contract value	4,611,862	2,932,516
Net appreciation in fair value of investments	13,957,306	16,558,669
Interest and dividends	2,246,400	2,153,469

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare the certified investment information with the related information presented and disclosed in the 2020 financial statements, and to read the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurement* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds - These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Contracts - The accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market holdings are generally valued at amortized cost. Each Account determines its unit value each day.

Fixed Annuity Contracts - These are valued at contract value which approximates fair value, using a guaranteed minimum interest rate between 1% and 3% plus additional interest, if declared.

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

Pooled Separate Accounts - These are valued at the market value of the underlying real estate holdings or other real estate-related investments using external appraisals, which are estimates of the property values based on a professional's opinion. Any securities held in the pooled separate accounts are valued using amounts obtained from independent pricing sources.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2020

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

- (a) In accordance with Accounting Standard Codification 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Investment in Fully Benefit-Responsive Contract

The Plan contains a benefit-responsive investment contract with TIAA-CREF (TIAA Stable Value). TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Contract value is the relevant measure for the fully benefit-responsive investment

contracts because this is the amount received by participant if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The contract has no stated maturity date. At December 31, 2020 and 2019, there were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$4,611,862 and \$2,932,516, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The contract provides a guaranteed minimum rate of interest between 1-3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum.

The repayment of principal and interest credited to participants holding the investments is a financial obligation of TIAA-CREF. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of TIAA-CREF, the Stable Value investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with TIAA-CREF and participants holding the investment is not probable.

6. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration and audit of the Plan are paid by the Association on behalf of the Plan.

Certain plan investments are managed by TIAA-CREF. TIAA-CREF also provides certain record-keeping and accounting services for the Plan. Therefore, these investments and all transactions with them qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in employer contributions credited to their accounts.

8. Tax Status

The Plan obtained its latest determination letter on May 8, 2014 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator, trustee and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan sponsor is responsible for reviewing the annual Required Amendments List (RAL) issued by the IRS for individually designed plans to

retain qualified tax status. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-10 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be determined at this time.
