We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from the trustee as of December 31, 2020, and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Ensemble Retirement Savings Plan 401(k)

Notes to the Financial Statements

Note 1. Plan Description

The following brief description of the Ensemble Retirement Savings Plan 401(k) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan amendments: Effective April 2020, the Plan enacted the Coronavirus Aid, Relief, and Economic Security ACT (C.A.R.E.S.) allowing Coronavirus related distribution, relief of required minimum distributions, and additional loan provisions. The deadline to formally adopt the Plan for these provisions is December 31, 2022. The Plan has not yet been formally amended.

Effective December 16, 2020, the Plan was amended to name Ensemble Health Partners Holdings, LLC the sponsor of the Plan.

General: The Plan is a defined contribution plan covering all employees of Ensemble RMC, LLC or an aggregate employer (the Company) except for leased employees, independent contractors, collectively bargained employees, and non-resident aliens. Employees enter the Plan as soon as administratively practical following their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also includes an auto-deferral increase of 1 percent per year up to a maximum deferral rate of 10 percent. Participants may change their deferral rates at any time.

The Company makes an annual Core (Non-Elective) Contribution to the Plan at a set amount, on behalf of each eligible participant based upon hours of service. In addition, the Company may make a Retirement Shared Success Contribution to the Plan based on eligible compensation received during the Plan year and will vary from 0 to 5 percent. To participate in Company contributions, participants must be actively employed on the last day of the Plan year and either scheduled to work 1,000 hours of service on an annualized basis or be credited with a year of vesting service. The Company made an annual Core (Non-Elective) Contribution of \$1,079,199 and a Retirement Shared Success Contribution of \$4,486,794 to the Plan for the year ended December 31, 2020. Contributions are subject to limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contribution and the company's discretionary contributions, and allocations of plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Ensemble Retirement Savings Plan 401(k)

Notes to the Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 3 years of credited service. Credited service includes service with merged entities, as described in the Plan document. Upon reaching normal retirement age, as defined by the plan or if the participants terminate employment due to death or disability, they are 100 percent vested in their account balances.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance of the participant in the most recent 12 months or 50 percent of their account balance, whichever is less. Only 2 loans per participant may be outstanding at any time. The loan repayment period is not to exceed 5 years except for the purchase of a principal residence, in which case the repayment period is determined by the Plan Administrator. The loans are secured by the balance in the participant's account. The loan interest rate is set by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum, partial payment for amounts that are at least \$1,000, or installment payments not to exceed 10 years that are equal to the value of the participant's vested interest in his or her account. In addition, in-service and hardship withdrawals are permitted in certain situations as described in the Plan document.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited accounts: Forfeitures may be used to restore the amount of previous forfeitures, then reducing the amount of Company contributions or pay administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited non-vested accounts totaling \$390,775 and \$145,966 respectively, were available for future use. In 2020, \$8,455 of forfeitures were used to reduce administrative expenses and \$400,000 will be used to reduce Company contributions receivable, funded in 2021.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ensemble Retirement Savings Plan 401(k)

Notes to the Financial Statements

Note 2. Summary of Accounting Policies (continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Reclassifications: Certain prior year information in the notes to the financial statements has been reclassified to conform to current year presentation.

Subsequent events: The Plan Administrator has evaluated all subsequent events for potential recognition and/or disclosure through October 13, 2021, the date the financial statements were available to be issued.

Note 3. Investments Certified or Provided by Fidelity Management Trust Company

Fidelity Management Trust Company (Fidelity), the trustee, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held and participant notes receivable from participants at December 31, 2020 and 2019 and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2020. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the trustee from the scope of their audit.

Ensemble Retirement Savings Plan 401(k)

Notes to the Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Value based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Ensemble Retirement Savings Plan 401(k)

Notes to the Financial Statements

Note 4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 7,385,749	\$ -	\$ -	\$ 7,385,749
Investments measured at net asset value (a)				55,088,462
Investments at fair value				\$ 62,474,211

	2019			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 686,653	\$ -	\$ -	\$ 686,653
Investments measured at net asset value (a)				26,609,561
Investments at fair value				\$ 27,296,214

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per shares as of December 31, 2020 and 2019:

Investment	Fair Value 2020	Fair Value 2019	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust funds	\$ 55,088,462	\$ 26,609,561	-	Daily	1 day

Notes to the Financial Statements

Note 5. Related-Party Transactions

Fidelity is the trustee of the Plan, as defined by the Plan, and therefore transactions with Fidelity qualify as party-in-interest.

Mercer provides certain administrative services to the Plan, and, as such, qualify as a party-in-interest.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service dated February 23, 2018, stating that the plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan Administrator believes the Plan is designed and is currently operating in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
