Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Parker Products 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Institutional Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of the Plan

The following description of the Parker Products 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions. The Plan's effective date was January 1, 2018.

General: The Plan is a defined contribution plan whereby eligible employees of Parker Products Holdings LLC (the Company or Employer or Plan Sponsor) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan is intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company, aside from union or leased employees, become eligible for participation upon hire. Effective December 1, 2020, the Plan was amended to allow eligible employees to enter the Plan on the date of hire. Prior to December 1, 2020, eligible employees could enter the Plan on the first day of the quarter coinciding with the date on which eligibility requirements were met or the first day of the next following quarter.

Contributions: Under the Plan, employees are permitted to make contributions to the Plan through either specified-percentage or fixed-dollar payroll deductions in any amount up to statutory limitations as specified in the Internal Revenue Code (IRC). Catch-up contributions are allowed by the Plan as allowed by federal law. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company makes safe harbor contributions into the plan for all eligible and participating employees in the amount of 100% of the employee's elected deferrals up to a maximum of 4% of compensation. The Company may also make additional discretionary matching contributions, on a uniform basis, and profit sharing contributions to the Plan on behalf of each eligible participant. To receive a profit sharing contribution from the Company, participants must have worked 500 hours during the Plan year and be employed on the last day of the Plan year. The Company made no additional discretionary matching or profit sharing contributions during the year ended December 31, 2020.

Vesting: Participants are immediately vested in their salary deferral contributions, employer safe harbor contributions and related investment earnings. Participants become 20% vested in employer additional discretionary matching contributions and profit sharing contributions, and earnings thereon after two years of service, as defined, and vest an additional 20% for each year of service thereafter until they are fully vested after completion of six years of service. In addition, each employee becomes 100% vested upon plan termination, death, disability or attaining normal retirement age.

Participant accounts: Participants direct the investment of employee contributions and employer contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's safe harbor contributions, additional discretionary matching and profit sharing contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures: At December 31, 2020 and 2019, forfeited nonvested amounts were not significant in nature. Forfeitures may be allocated to participants based on the Company's matching contributions to the participant's account, or used to pay administrative expenses. No forfeitures of terminated participants' nonvested accounts were reallocated to participants in the form of an additional employer matching contribution or used to pay administrative expenses during the year ended December 31, 2020.

Note 1. Description of the Plan (Continued)

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options any time throughout the year.

Benefits paid to participants: Upon retirement, disability, death or other termination of service, a participant receives a distribution in the amount of the participant's vested account. Upon termination of employment, death or disability, the Plan has a mandatory cash-out provision if the participant's vested balance is less than $5,000. If the participant's vested balance is less than $5,000 but greater than $1,000, benefits shall be distributed to the participant through a direct rollover into an Individual Retirement Account (IRA). If the participant's vested balance is $1,000 or less, participants shall receive a lump-sum distribution. If the vested balance is $5,000 or more, benefits shall be distributed through the participant option of a lump-sum payment or installments.

Withdrawals prior to termination: In-service distributions are permitted for participants that attain age 59 ½, or in situations of disability, the participant may receive the distribution in a lump sum or in periodic installments over a defined life expectancy period. Hardship withdrawals are not allowed by the Plan per the plan agreement, except otherwise stated under the CARES Act agreement below.

Coronavirus Aid, Relief and Economic Security (CARES) Act: On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The CARES Act allows eligible plan participants to request penalty free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented certain provisions of the CARES Act and will execute a formal Plan amendment within the timeframe required by law.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid to participants: Benefits paid to participants are recorded when paid.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*. This amendment to the Accounting Standards Codification Topic 820, Fair Value Measurement, removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels, the valuation process for Level 3 fair valued measurements, and for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. Furthermore, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. The amendment also clarifies that in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. This amendment was adopted by the Plan on January 1, 2020 and did not significantly impact the Plan's financial statements

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided by the Plan document. Administrative expenses paid by the Plan Sponsor are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Risks and uncertainties: The Plan provides for investments in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Coronavirus (COVID-19) pandemic continues to have an unprecedented impact on global and North American economic conditions. These conditions may continue to affect the fair values of Plan assets. The ultimate impact of COVID-19 on the Plan's financial position and results of operations is dependent on future developments, including the duration of the pandemic and the associated length of its impact on the global economy, which cannot be predicted at this time.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Voya Institutional Trust Company

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the years ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya Institutional Trust Company, trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained a certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2020	2019
Investments, at fair value:		
Pooled separate accounts	$ 3,726,747	$ 2,829,976
Money market fund	3	3
Investments, at contract value:		
Guaranteed investment contract	135,660	169,872
	$ 3,862,410	$ 2,999,851

The trustee also certified to the completeness and accuracy of $524,972 of net appreciation in the fair value of investments, and $3,053 in dividends and interest income related to the aforementioned investments for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2020 and 2019. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at net asset value (NAV) of units held by the Plan at year end as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments divided by the number of units outstanding.

Money market fund: The money market fund is valued at the closing price reported on the active market on which the individual fund is traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Total	Level 1	Level 2	Level 3
2020:				
Money market fund	$ 3	$ 3	$ -	$ -
Pooled separate accounts measured at NAV (i)	3,726,747			
Total investments measured at fair value	$ 3,726,750	$ 3	$ -	$ -
2019:				
Money market fund	$ 3	$ 3	$ -	$ -
Pooled separate accounts measured at NAV (i)	2,829,976			
Total investments measured at fair value	$ 2,829,979	$ 3	$ -	$ -

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. For the years ended December 31, 2020 and 2019, there were no transfers in or out of Level 3 investments.

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2020 and 2019:

	Fair Value		Unfunded	Redemption	Redemption
	2020	2019	Commitment	Frequency	Notice Period
Pooled separate accounts:					
Asset allocation (a)	$ 2,138,701	$ 293,332	None	Immediately	None

Small/mid/specialty (f)	305,569	429,011	None	Immediately	None
Balanced (g)	-	69,893	None	Immediately	None
Total pooled separate accounts	$ 3,726,747	$ 2,829,976			

Note 5. Investment Contract

The Plan has entered into a fully-benefit responsive investment contract, the Voya Fixed Account with Voya Institutional Trust Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any event which would limit the Plan's ability to transact at contract value with participates are probable of occurring.

Note 6. Related Party and Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan, any party rendering services to the Plan, the employer and certain others. As such, transactions conducted by the Company, or Voya Institutional Trust Company, the trustee, qualify as party-in-interest transactions.

Note 7. Income Tax Status

The Plan has adopted a non-standardized, 401(k) profit sharing, prototype plan sponsored by Voya Retirement Insurance and Annuity Company. The prototype plan provider has received an opinion letter from the IRS, dated September 1, 2014, as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The Plan has been amended since filing for the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the participants become fully vested in their entire account balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2020.

Net assets available for plan benefits per the financial statements	$ 3,870,585
Less employee and employer contribution receivable	(8,175)
Net assets available for plan benefits per the Form 5500	$ 3,862,410

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

Net increase in net assets available for benefits per the financial statements	$ 870,734
Adjustment for changes in contributions receivable	(8,175)
Net increase in net assets available for plan benefits per the Form 5500	$ 862,559
