COLEMAN PROFESSIONAL SERVICES EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

PERIOD JULY 1, 2020 THROUGH DECEMBER 31, 2020
AND
YEAR ENDED JUNE 30, 2020

1. Description of the Plan:

General:

The Coleman Professional Services Employees' Pension Plan (the "Plan") is a defined contribution plan covering all employees of Coleman Professional Services, Inc. (the "Organization" and "Plan Sponsor"), who have completed one year of employment, defined as 1,000 hours in a consecutive 12-month period, and are age 21 or older. The Plan is subject to Section 401(a) of the Internal Revenue Code (IRC) and to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended during 2020 and the Plan year end changed from June 30 to December 31.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). Any of the optional features from the recent law changes that are adopted by the Plan will require written amendments at a later date in accordance with applicable law and IRS guidance.

Contributions:

The Organization contributes an amount equal to 3% of the eligible compensation of each active participant during the plan year. Once eligible to participate, participants must be employed on the last day of the plan year and have at least 500 hours of service during the plan year to have a contribution allocated to their accounts. Participants who die, become permanently disabled, or retire during the year are entitled to a contribution. The Organization's funding policy is to contribute 3% of eligible participants' plan year compensation, net of forfeitures.

Participants who perform services for the federally funded Customs Border Patrol earn a 3% prevailing wage employer contribution. The prevailing wage contribution is not subject to any age or service requirements.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Contributions are subject to certain limits established by the IRC.

Participant accounts:

Separate accounts for each participant are maintained by American United Life Insurance Company (AUL). Each account is credited with contributions and earnings from investments held in the account. Participants may direct their investments, including the employer's contributions, into a number of investment fund options.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

PERIOD JULY 1, 2020 THROUGH DECEMBER 31, 2020
AND
YEAR ENDED JUNE 30, 2020

1. Description of Plan (continued):

Vesting:

Vesting in the Organization's contributions, plus earnings thereon, is based on years of service. A participant is 100% vested in the employer contribution after six years of credited service. Participants are automatically 100% vested upon death, disability, or the later of the date they attain the normal retirement age of 59 ½ years or the fifth anniversary of the first day of the Plan year in which they commenced participation in the Plan. Participants who perform services for the federally funded Customs Border Patrol are immediately 100% vested in all contributions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals are permitted upon reaching normal retirement age.

Forfeitures:

If a participant is not fully vested on his or her termination or disbursement date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions to the Plan.

The Plan used \$43,319 during the period July 1, 2020 through December 31, 2020 and \$31,515 during the year ended June 30, 2020 to reduce discretionary matching contributions.

Deposits with insurance company:

The Plan maintains a contract with AUL. AUL maintains the contributions for the investment contract and the pooled separate accounts. The investment contract is credited with actual earnings on the underlying investments and charged for Plan withdrawals.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan were prepared using the accrual method.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

PERIOD JULY 1, 2020 THROUGH DECEMBER 31, 2020
AND
YEAR ENDED JUNE 30, 2020

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Valuation of investments and income recognition:

The Plan's pooled separate accounts investments are recorded at fair value, which is determined by unit prices at December 31, 2020 and June 30, 2020, as provided by AUL, the Custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were provided by AUL for the period July 1, 2020 through December 31, 2020 and the year ended June 30, 2020.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses of the funds are included in the change in the net increase in fair value of investments.

Recent accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the period July 1, 2020 through December 31, 2020 with no significant impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

PERIOD JULY 1, 2020 THROUGH DECEMBER 31, 2020
AND
YEAR ENDED JUNE 30, 2020

3. Investments:

The following table presents the fair value of investments at December 31, 2020 and June 30, 2020 provided by AUL. All investments of the Plan were participant directed at June 30, 2020 and December 31, 2020.

	December 31, 2020	June 30, 2020
Pooled separate accounts (at fair value)	\$ 7,420,673	\$ 6,006,042
Guaranteed interest account (at contract value)	<u>2,062,772</u>	<u>1,982,088</u>
	<u>\$ 9,483,445</u>	<u>\$ 7,988,130</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at net asset value or fair value on a recurring basis at December 31, 2020 and June 30, 2020, were as follows:

	December 31, 2020 (Level 2)	June 30, 2020 (Level 2)
Pooled separate accounts	<u>\$ 7,420,673</u>	<u>\$ 6,006,042</u>

PERIOD JULY 1, 2020 THROUGH DECEMBER 31, 2020
AND
YEAR ENDED JUNE 30, 2020

4. Fair value (continued):

Amounts allocated to the investment account within an AUL separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or the participant.

5. Investment contract with insurance company:

The Plan participates in a benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The average rate credited to participants for the investment contract was 4.0% for the period July 1, 2020 through December 31, 2020 and the year ended June 30, 2020.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (a) amendments to the plan documents (including, complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

6. Administrative expenses:

Certain administrative expenses of the Plan are paid by the Organization and are excluded from these financial statements. Certain administrative functions are performed by employees of the Organization. No such employee, nor the Organization, receives compensation from the Plan for these functions.

AND
YEAR ENDED JUNE 30, 2020

7. Party-in-interest transactions:

Certain Plan investments are managed by the Custodian, AUL, representing the investment contract and pooled separate accounts that are the insurance company's assets with the Plan maintaining rights to assets underlying the investments. AUL is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Certain fees related to the administration of the Plan were paid by the Plan or the Plan Sponsor, which also qualify as party-in-interest.

8. Certified investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and June 30, 2020, and net increase in value of investments and interest the period July 1, 2020 through December 31, 2020 and for the year ended June 30, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company (Custodian of the Plan).

9. Income tax status:

The plan adopted a volume submitter plan that received an opinion from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the plan is acceptable, and therefore, the volume submitter plan is designed in accordance with applicable sections of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires plan management evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan termination:

The Organization expects to continue the Plan but reserves the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Risks and uncertainties (continued):

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

12. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 12, 2021, the date the Plan's financial statements were available to be issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
