**Note 1 – Description of the Plan:**

The following description of the Ide Pontiac, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of Ide Pontiac, Inc. (the "Plan Sponsor") and two related entities Ide Volkswagen, Inc. and Ide Auto, Inc. (together the "Company") who have completed one month of service for employee elective deferrals, and who have completed one year of service (worked more than 1,000 hours during the Plan year) for discretionary Company profit sharing contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute an amount equal to a dollar amount or percentage of the participant's compensation not to exceed the limits imposed by the Internal Revenue Code (IRC) sections 401(k), 402(g), 404 and 415, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary profit sharing contribution in an amount to be determined from year to year. The Company did not make a profit sharing contribution during the Plan years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of i.) $50,000 or ii.) the lesser of ninety-five percent (95%) of one half the vested balance or ninety-five percent (95%) of the total vested account balance excluding the Roth Elective Deferral balance. The terms of the loans may not exceed four and a half years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent (1%) and will be determined on the date the loan is requested. Principal and interest is paid ratably through payroll deductions on a per-payroll basis.

**Note 1 – Description of the Plan (Continued):**

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become fully vested in the Company contribution account upon completion of six years of service. The Plan provides for partial vesting in the Company contribution plus actual earnings as follows:

| Years of Service | Percentage |
|---|---|
| Less than (<) 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Payment of Benefits

An account is established for each participant in the Plan to which contributions and any related earnings thereon are credited. The amount of benefits payable under the plan is the vested amount in the participant's account as of the date of retirement, death or disability. Benefits payable to participants upon termination of employment prior to normal retirement age is the vested amount in the participant's account as of the day of the distribution. In the case of retirement or disability, the participant's accrued benefit is distributed to him (her) or in the case of death, to his (her) beneficiary, either in a lump sum or in periodic installments not to exceed the employee's life expectancy (excluding a life annuity) determined at the option of the employee at the time of separation.

Terminated employees with $5,000 or less in their participant accounts will have the entire balance of their vested account distributed as soon as administratively feasible.

Forfeited Accounts

At December 31, 2020 and 2019, there were no forfeited non-vested accounts.

Plan Termination:

Although the Plan has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

**Note 2 – Summary of Significant Accounting Policies:**

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Administrative Costs

Custodian and third-party administrator/record-keeper fees are paid by the Plan. Other administrative costs not paid by the Plan are paid by the Plan Sponsor.

**Note 3 - Tax Status:**

The Plan and related Trust are designed based upon a prototype plan and trust sponsored by Paychex, Inc. which received a determination letter from the Internal Revenue Service (IRS) dated April 10, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes is included in the accompanying financial statements.

**Note 4 – Party-In-Interest Transactions:**

Notes receivable from participants of $65,802 and $75,831 as of December 31, 2020 and 2019, respectively, qualify as party-in-interest.

Mid Atlantic Trust Company is the custodian as defined by the Plan. The fees paid by the Plan to Mid Atlantic Trust Company qualify as party-in-interest transactions and were $7,459 for 2020 and $6,533 for 2019.

Paychex Retirement Services is the record-keeper and third party administrator, as defined by the Plan. The fees paid by the Plan to Paychex Retirement Services qualify as party-in-interest transactions and were $17,314 for 2020 and $18,441 for 2019.

**Note 5 – Fair Market Value Measurement:**

Fair Market Value

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair market value of certain financial instruments could result in different fair value at the reporting date.

Accounting Standards Codification (ASC) 820, Fair Value Measurement, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

**Note 5 – Fair Market Value Measurement (Continued):**

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan for years ended December 31, 2020 and 2019 has no Level 3 investments.

The following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Values are determined based on quoted market prices in active markets.

Money market funds: Values are determined based on quoted market prices in active markets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 4,168,901 | $ - | $ - | $ 4,168,901 |
| Money market funds | 357,523 | - | - | 357,523 |

| Mutual funds | $ 3,880,578 | $ - | $ - | $ 3,880,578 |
| Money market funds | 49,043 | - | - | 49,043 |
| Total | $ 3,929,621 | $ - | $ - | $ 3,929,621 |

**Note 6 – Significant Investments:**

During 2020, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $517,268. In 2019, the Plan's mutual fund investments appreciated in value by $734,481.

**Note 7 – Information Certified by The Plan's Custodian:**

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate as of December 31, 2020 and 2019 and for the years ended December 31, 2020 and 2019:

**Note 1 – Description of the Plan:**

The following description of the Ide Pontiac, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of Ide Pontiac, Inc. (the "Plan Sponsor") and two related entities Ide Volkswagen, Inc. and Ide Auto, Inc. (together the "Company") who have completed one month of service for employee elective deferrals, and who have completed one year of service (worked more than 1,000 hours during the Plan year) for discretionary Company profit sharing contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute an amount equal to a dollar amount or percentage of the participant's compensation not to exceed the limits imposed by the Internal Revenue Code (IRC) sections 401(k), 402(g), 404 and 415, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary profit sharing contribution in an amount to be determined from year to year. The Company did not make a profit sharing contribution during the Plan years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of i.) $50,000 or ii.) the lesser of ninety-five percent (95%) of one half the vested balance or ninety-five percent (95%) of the total vested account balance excluding the Roth Elective Deferral balance. The terms of the loans may not exceed four and a half years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent (1%) and will be determined on the date the loan is requested. Principal and interest is paid ratably through payroll deductions on a per-payroll basis.

**Note 1 – Description of the Plan (Continued):**

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become fully vested in the Company contribution account upon completion of six years of service. The Plan provides for partial vesting in the Company contribution plus actual earnings as follows:

| Years of Service | Percentage |
|---|---|
| Less than (<) 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Payment of Benefits

An account is established for each participant in the Plan to which contributions and any related earnings thereon are credited. The amount of benefits payable under the plan is the vested amount in the participant's account as of the date of retirement, death or disability. Benefits payable to participants upon termination of employment prior to normal retirement age is the vested amount in the participant's account as of the day of the distribution. In the case of retirement or disability, the participant's accrued benefit is distributed to him (her) or in the case of death, to his (her) beneficiary, either in a lump sum or in periodic installments not to exceed the employee's life expectancy (excluding a life annuity) determined at the option of the employee at the time of separation.

Terminated employees with $5,000 or less in their participant accounts will have the entire balance of their vested account distributed as soon as administratively feasible.

Forfeited Accounts

At December 31, 2020 and 2019, there were no forfeited non-vested accounts.

Plan Termination:

Although the Plan has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.
