A. Description of Plan

The following description of the Globetrotters Engineering Corporation ("Company") Employees' Profit Sharing & Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees who have three months of service and are age twenty-one or older. The Plan covers employees of Globetrotters Engineering Corporation, Globetrotters International, Inc., Facilities Management Group LLC, and Shah PC. It is subject to the provisions of the Employee Retirement Income and Security Act (ERISA) of 1974.

Contributions: Each year, participants may contribute up to 50 percent of their pretax annual compensation, up to a maximum of $19,500 and $19,000 in 2020 and 2019, respectively, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company shall make a non-discretionary matching contribution of 50 percent of each participant's first 4 percent of contributions for the Plan year. In addition, the Company may also make a discretionary profit-sharing contribution during any Plan year. Contributions are subject to certain limitations. The Plan also provides that participants who are age 50 or older, and who are making contributions to the Plan may also make a catch-up contribution (not previously made) of up to $6,000 in 2020 and 2019.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested accounts, and (d) administrative expenses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credit service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50 percent of the vested portion of their account balance, not to exceed $50,000. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator. The note is required to be paid (principal and interest) in amortized level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the note; provided, however, that if the proceeds of the note will be used to purchase a principal residence of the participant, the repayment schedule may be for a term up to ten years.

Payments of Benefits: On termination of service due to death (beneficiary), disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest (100 percent upon death) in his or her account in either a lump-sum amount, annuity, or installments. Alternatively, participants can choose to defer receipt of their distribution until, by law, minimum distributions are required. However, if the participant's vested account balance is $5,000 or less, the balance will be distributed in a lump-sum payment.

A. Description of Plan (continued)

Forfeited Accounts: For the years ended December 31, 2020 and 2019 the Plan collected $7,036 and $13,104 of forfeited non-vested accounts. The Plan used $0 to reduce Company contributions for the years ended December 31, 2020 and 2019. For the years ended December 31, 2020 and 2019, forfeited non-vested accounts totaled $31,589 and $24,553, respectively.

B. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the modified cash basis of accounting. The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the cash basis of accounting, income is recorded when received and expenses are recorded when paid. The modification is for the recording of investments at fair value (modified cash basis) rather than on a comprehensive cash basis of reporting as ascribed to in the auditor's report.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the years ending December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for various investment options in a combination of mutual funds to the participants. The participants' investments in these securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the future Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Estimates: Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts and disclosures. Actual results could differ from those estimates.

Expenses: Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value investments.

C. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the plan.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer contributions in their account.

E. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Related-Party Transactions

The Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $52,989 for the year ended December 31, 2020.

H. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, if fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Plan is released from risk, the margins for risk will also be released through net realized capital gains (losses) in changes in net assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in inactive markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

H. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of the three valuation techniques:

- Market approach – Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- Cost approach – Amount that would be required to replace the service capacity of an asset (replacement cost).
- Income approach – Techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option pricing models, and lattice models).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2020 and 2019.

Interest bearing cash: Valued at quoted market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: The fair values of participation units held in the stable value collective trust are based on the net asset values per unit as reported by the fund managers. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements.

The Plan's assets at fair value as of December 31, 2020 and 2019.

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 81,315	$ 0	$ 0	$ 81,315
Collective trust Fund*	0	0	0	1,141,525
Mutual Funds	16,432,697	0	0	16,432,697
Total Assets at Fair Value	$ 16,514,012	$ 0	$ 0	$ 17,655,537

H. Fair Value Measurements (continued)

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 92,312	$ 0	$ 0	$ 92,312
Collective trust Fund*	0	0	0	1,223,957
Mutual Funds	13,564,003	0	0	13,564,003
Total Assets at Fair Value	$ 13,656,315	$ 0	$ 0	$ 14,880,272

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

I. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued.
