EMPIRE CITY LABS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Empire City Labs 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was effective on October 1, 2019 and began accepting contributions on November 25, 2019.

1. General

The Plan is a defined contribution plan covering all employees of Empire City Laboratories Inc., (the Sponsor) who have at least 30 days of service and are age twenty-one or older. Participants may enter the Plan on the first day of the month after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The Sponsor's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Roth contributions are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Services (IRS) limitations.

The Sponsor may elect to make discretionary matching contributions. The discretionary matching contributions are invested in the same investment options and allocation percentages as the participant-directed contributions. No discretionary matching contributions were made for the year ended December 31, 2020 and for the period October 1, 2019 through December 31, 2019.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and sponsor discretionary matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is based on the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon as well as Sponsor discretionary matching contributions.

NOTE A – DESCRIPTION OF THE PLAN – Continued

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The amount available is reduced by an outstanding balance or by the highest outstanding balance in the past 12 months, which includes all loans. Up to one loan can be approved in a 12-month period and only one loan may be outstanding at any time. The loans are secured by the balance in the participant's account. The interest rate will be determined when the participant applies for the loan. The participant will pay back both the principal and interest directly to the account held for them in the plan through payroll deductions. Loans must be repaid within a 5-year period.

6. Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or the participant's estate or beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in the participant's account. Hardship withdrawals related to medical, tuition, and funeral expenses of a primary beneficiary are permitted by the Plan. A participant may also withdraw any part of his/her vested account resulting from elective deferral contributions if such distribution meets the requirements to be a qualified reservist distribution.

7. Forfeited Accounts

As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$-0-. Forfeited non-vested accounts shall be allocated on the first day of the Plan year following the forfeiture to each active participant on the last day of the plan year that also has at least 1,000 hours of service during the latest accrual service period ending on or before that date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note D for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

4. Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No loans were taken by participants as of December 31, 2020 and 2019.

6. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the period October 1, 2019 through December 31, 2019. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021 as required by the IRS.

7. Payment of Benefits

Benefits are recorded when paid.

8. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

9. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2021, the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN AND TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020 and for the period October 1, 2019 through December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company (Principal) and Principal Global Investors (Principal Global), the custodian and trustee of the Plan, respectively.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets:
- Quoted prices for identical or similar assets or liabilities in inactive markets:
- Inputs other than quoted prices that are observable for the asset or liability:
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at NAV as determined by the quoted market prices of the underlying mutual funds in which the pooled separate accounts invest.

Common collective trusts: Valued at the NAV of the units held by the Plan, as provided by the trustee. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. The underlying investments contain investment and contractual components which have observable pricing inputs including quoted market prices for similar assets in active and non-active markets. The NAV is available to current investors and is the basis for current transactions.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 51,065	\$ -	\$ 51,065
Common collective trusts	-	58,928	-	58,928
Total investments at fair value	\$ -	\$ 109,993	\$ -	\$ 109,993

Description	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 4,595	\$ -	\$ 4,595
Common collective trusts	-	5,427	-	5,427
Total investments at fair value	\$ -	\$ 10,022	\$ -	\$ 10,022

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts and common collective trusts issued and/or managed by members of the custodian and trustee, therefore, these transactions qualify as party-in-interest transactions. Contract administrator fees paid by the Plan to Principal during the year ending December 31, 2020 totaled \$793. Contract administrator fees paid by the Plan during the period October 1, 2019 through December 31, 2019 to Principal totaled \$16. As described in Note B, the Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of Sponsor contributions.

NOTE G – TAX STATUS

The Internal Revenue Service issued a non-standardized prototype profit sharing opinion letter to Principal Life Insurance Company dated March 31, 2014, stating that its prototype plan document was designed in accordance with applicable Internal Revenue Code requirements as of that date.

Although the Sponsor has not applied for a determination letter for the Plan and although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust is tax-exempt.

NOTE G – TAX STATUS – Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - COVID-19 IMPACT

The Plan is operating in an environment in which a global pandemic exists in relations to the novel coronavirus, COVID-19. Plan management does not anticipate impact from pandemic beyond volatility of market conditions. Congress passed legislation in the CARES Act and SECURE Act that offered certain immediate relief for qualified individuals participating in employee benefit plans by increasing the availability of loans and distributions. The Plan decided not to adopt to allow qualified coronavirus related loans and distributions that were made available by the CARES Act and SECURE Act.
