Note 1 - Description of Plan

The following description of the Bestop, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. The Plan is a restatement due to a spin-off from The Magna Group of Companies Retirement Savings Plan. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a qualified defined contribution plan covering eligible employees of Bestop, Inc. and its wholly-owned subsidiaries (collectively referred to as the "Company"). Under the Plan, eligible employees include all non-union employees who have attained the age of eighteen, excluding leased employees, interns, payroll service or agency employees, as defined, residents of Puerto Rico and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Required minimum distributions for the calendar year 2020 have been temporarily waived

The Plan will be amended for the provisions implemented under the CARES Act by the time prescribed.

Contributions

Participants can elect to contribute up to 50% of their pre-tax eligible compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Additionally, participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. The Plan is a Qualified Automatic Contribution Arrangement (QACA) safe harbor plan. Each year the Company makes a matching contribution to each participant who is eighteen or older and has

Note 1 - Description of Plan (Continued)

Contributions (Continued)

completed sixty days of eligible service, as defined, based on their elective deferrals. The Company matches 100% of each participant's elective deferral contributions up to 1% of eligible compensation, plus 50% of elective deferral contributions that are over 1% but not over 6% of eligible compensation. Elective deferral contributions that are catch-up contributions are matched. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

The Plan includes an automatic enrollment provision. Under this provision, each employee who has satisfied the eligibility requirements shall be automatically enrolled and shall have an amount equal to 3% of their compensation automatically deferred unless the employee affirmatively elects a different elective deferral contribution percentage (including a zero percent election). Additionally, unless a participant elects to defer otherwise, the percentage will automatically increase each first day of the plan year by 1%, up to a maximum of 6%.

Participant Investment Account Options

Participants direct the investment of all contributions into various investment options offered by the Plan. Additionally, certain participants have investments in Magna International Stock Fund II, which were transferred to the Plan from The Magna Group of Companies Retirement Savings Plan. The Magna International Stock Fund II consists of the common stock from Magna International Inc. Participants can transfer all or part of their investment in Magna International Stock Fund II to another investment fund. No participants shall otherwise be entitled to direct their investment to Magna International Stock Fund II.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, earnings or losses on the account, and a charge for any distributions and direct expenses. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants hired before January 1, 2018 are immediately vested in their voluntary contributions, the Company's matching contributions plus actual earnings thereon. Certain participants who had balances transferred in from a predecessor plan may have some balances which are not fully vested.

Note 1 - Description of Plan (Continued)

Vesting (Continued)

According to the amendment effective January 1, 2018, participants hired after January 1, 2018 are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after two years of credited service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	50%
2 or more	100%

Any participant hired prior to the amendment was fully vested in the employer contributions and remained fully vested after the amendment.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50% of their vested account balance subject to a minimum of $1,000 and a maximum of $50,000 (reduced by outstanding loan amounts). The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Loans must be repaid over a period not to exceed five years, except in the case of loans incurred for the purchase of a primary residence, which can be repaid over a period of up to ten years. Principal and interest are paid ratably through payroll deductions.

Under the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Payment of Benefits

A participant who ceases to be an employee for any reason shall be entitled to receive their vested accrued benefit. On termination of service, if the participant's vested account balance does not exceed $5,000, it will be distributed immediately. All distributions are paid in a single lump sum, except for a participant's employer stock account, which is paid in shares of stock.

Note 1 - Description of Plan (Continued)

Payment of Benefits (Continued)

The CARES Act was passed by the U.S. Congress on March 26, 2020. Section 2202 of the CARES Act permits eligible plan participants to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off or having work hours reduced, or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Forfeitures

Forfeitures under the Plan are used to reduce future employer contributions and pay administrative expenses. Forfeitures that have not been used to pay administrative expenses or used to reduce employer contributions are allocated. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $11,191 and $9,894, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which makes changes to a variety of topics, to clarify, correct errors in, or make minor improvements to, the Accounting Standards Codification ("ASC"). The portion of ASU 2018-09 that is most applicable to the Plan relates to whether certain investments have a readily determinable fair value or qualify for the net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The adoption of ASU 2018-09 did not have a material impact on the Plan's financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements (Continued)

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

In accordance with the Plan, all administrative expenses may be paid out of the Plan unless paid by the Company. Certain expenses of the Plan for the year ended December 31, 2020 were paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Fair Value Measurements (Continued)

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Common stock	$ 1,990,778	$ -	$ -	$ 1,990,778
Mutual funds	721,651	-	-	721,651
Total assets in the fair value hierarchy	$ 2,712,429	$ -	$ -	2,712,429
Investments measured at NAV practical expedient[(a)]				15,810,908
Total investments at fair value				$ 18,523,337

Note 3 - Fair Value Measurements (Continued)

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Common stock	$ 1,927,129	$ -	$ -	$ 1,927,129
Mutual funds	234,919	-	-	234,919
Total assets in the fair value hierarchy	$ 2,162,048	$ -	$ -	2,162,048
Investments measured at NAV practical expedient[(a)]				13,596,712
Total investments at fair value				$ 15,758,760

[(a)] In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) using the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 - Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Dividends
- Interest income on notes receivable from participants
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5 - Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31, 2020	December 31, 2019
Net assets:		
Common collective trust	$ 11,176	$ 9,894

	Year Ended December 31, 2020
Changes in net assets:	
Administrative expenses	$ (18)
Forfeited amount	9,175
Forfeiture used to reduce employer contribution	(15)
Holding account allocated	(9,961)
Dividends and earnings	2,102
Other transfers	(1)
	$ 1,282

Note 6 - Related Party and Party-in-Interest Transactions

Certain plan investments are units of pooled separate accounts and common collective trusts managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

During March 2020, one of the entities of the Company was sold and will no longer be a part of the Plan, which was deemed to be a partial plan termination under the IRC. Accordingly, the terminated participants' account balances became 100% vested at the time of termination.

Note 8 - Tax Status

The Internal Revenue Service ("IRS") has determined that the prototype profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated August 8, 2014. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $18,640 were not remitted within the required time period for the year ended December 31, 2020. The Company has remitted these delinquent employee contributions in 2020.

Note 11 - Subsequent Events

The Plan has evaluated subsequent events through October 11, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
