1. DESCRIPTION OF THE PLAN

The following description of the LeChase Companies 401(k) Salary Savings Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of substantially all employees of LeChase Construction Services, LLC and certain of its affiliates and subsidiaries (collectively, the Company). The Plan includes both profit sharing and 401(k) components, and, unless otherwise indicated, the provisions of the Plan are identical for both components. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Unified Trust Company, N.A. (Unified), is the trustee and custodian of the Plan's assets. Unified also provides recordkeeping services for the Plan. The Company is the plan sponsor and plan administrator. The Company pays certain administrative expenses of the Plan.

Plan Changes

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan has implemented include, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

The Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was signed into law on December 20, 2019. The SECURE Act included largely administrative and compliance-related changes, most of which were effective January 1, 2020. The SECURE Act did not have a material impact on the Plan.

Eligibility

Employees that are not nonresident aliens or represented by a collective bargaining agreement are eligible to participate in the Plan. Employees become eligible to participate in the Plan on the first monthly entrance date after employment begins, subject to the attainment of age 21 and completion of two months of service. Employees become eligible to receive employer matching contributions on the first day of the month following the completion of six months of service. Participants are eligible to receive discretionary employer profit-sharing contributions if declared in a plan year, if they have worked 1,000 hours during the year and are employed on the last day of the Plan year.

Contributions

The Plan allows for participants to contribute up to 100% of their total compensation on a pretax basis (Compensation Deferral), or Roth deferral after tax basis, not to exceed the maximum contribution limits established by the Internal Revenue Code (IRC). The Company may make matching contributions on a discretionary basis up to a maximum of 4% of a participant's compensation for a Plan year.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

During the 2020 and 2019 Plan years, the Company made matching contributions equal to 100% of each participant's contribution, up to 2% of their compensation and matched additional contributions exceeding 2% of compensation in increments of 0.25% for each additional 1% of compensation deferred up to 6%. This results in a maximum matching contribution of 3%. The Company may also elect to make profit sharing contributions on a discretionary basis. There was no profit sharing contribution during 2020 or 2019. During the period March 1, 2020 through July 31, 2020, the Plan temporarily discontinued matching contributions due to uncertainties regarding the COVID-19 pandemic.

Vesting

Participants are immediately vested in their contributions and actual earnings/losses thereon. Company matching and profit sharing contributions and earnings thereon vest 20% per year beginning with the second year of service, and are fully vested after six years, or the attainment of age 60.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contributions and actual earnings/losses thereon. Participant accounts are also credited with allocations of profit sharing contributions made by the Company. Participant accounts are charged with benefit payments, hardship withdrawals and an allocation of administrative expenses. Allocations of profit sharing contributions are based on participants' compensation for the year. Allocation of Plan earnings and administrative expenses are based on participant account balances.

Benefit Payments

The Plan provides for normal retirement benefits upon reaching age 60 or upon termination of service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may elect to receive a lump-sum cash payment, installment payments or a life annuity.

Hardship Withdrawals

Prior to age 59 ½, hardship withdrawals are permitted from a participant's elective deferral contributions account balance under certain circumstances. All hardship withdrawals must comply with the IRS rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants

The Plan includes a provision allowing eligible participants to borrow, from their vested account balance, a minimum amount of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The $50,000 maximum amount is reduced by the participant's highest outstanding loan balance in the previous twelve months, even if the amount has been repaid. Following the enactment of the CARES Act, qualifying participants were allowed to borrow up to $100,000 of 100% of their vested accounts for those loans established from March 27, 2020 through September 22, 2020. Principal and interest are paid ratably through payroll deductions for a period not to exceed 5 years, except in the case of a loan taken for the purpose of purchasing a primary residence. Notes receivable from participants bear interest at a fixed rate equal to the prime rate in effect when the loan is originated plus 1%.

Forfeitures

Forfeitures of non-vested account balances may be used to reduce future employer matching contributions. During 2020 and 2019, forfeited non-vested account balances totaling $30,452 and $58,451, respectively, were used to reduce employer matching contributions. Forfeitures, including earnings thereon, totaled $78,930 and $68,754 during 2020 and 2019, respectively.

1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures (Continued)
Unallocated forfeitures totaled $65,176 and $16,698 at December 31, 2020 and 2019, respectively.

Administrative Expenses
Administrative expenses of the Plan are to be paid from Plan assets or by the Company.

Plan Termination
Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

Change in Accounting Principle
In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, "*Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement."* This ASU eliminates, adds and modifies certain disclosure requirements for fair value measurements. Effective January 1, 2020, the Plan adopted this standard and the disclosure requirements are being applied on a retrospective approach. The adoption of this guidance had no impact on the statements of net assets available for benefits or the statements of change in net assets available for benefits.

Investments
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in the current value of investments held during the year, including realized gains and losses on assets bought and sold during the year, are reflected in the statements of changes in net assets available for benefits as net appreciation in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All investments are participant directed.

Fair Value Measurement - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded.

Benefit Payments
Benefit payments are recorded when paid.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

Unified, the trustee of the Plan, has certified that the following information included in the financial statements and accompanying supplemental schedule is complete and accurate as of and for the year ended December 31:

	2020	2019
Investments, at fair value	$ 75,591,585	$ 68,508,606
Notes receivable from participants	$ 598,681	$ 640,945
Investment income	$ 8,627,796	$ 11,464,423
Interest income on notes receivable from participants	$ 33,780	$ 35,326
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets fall within the fair value hierarchy as follows at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 63,304,368	$ -	$ -	$ 63,304,368
Collective trust, at net asset value [(a)]				12,287,217
				$ 75,591,585

The Plan's assets fall within the fair value hierarchy as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 57,148,971	$ -	$ -	$ 57,148,971
Collective trust, at net asset value [(a)]				11,359,635
				$ 68,508,606

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: valued at fair value based on quoted prices in active markets.

4. FAIR VALUE MEASUREMENTS (Continued)

Collective trust: valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the custodian reserves the right to temporarily delay withdrawal from the trust in order to ensure that the liquidations of the securities will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

Investments	Fair Value	Unfunded Commitments	Participant Redemption Frequency (if currently eligible)	Plan Redemption Notice Period
		December 31, 2020		
Collective trust	$ 12,287,217	N/A	Daily	None
		December 31, 2019		
Collective trust	$ 11,359,635	N/A	Daily	None

The collective trust objective is to provide capital preservation and predictable, steady returns. The Fund seeks to achieve this objective by investing primarily in stable value products, such as Guaranteed Investment Certificates (“GICs”), also known as traditional GICs, separate account GICs and synthetic GICs. The fair value of this investment is not readily determinable and has been estimated using the net asset value per share of the underlying investments.

5. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 1, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving that determination letter. However, the plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan’s financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Unified Trust Company, N.A., the trustee and custodian of the Plan's assets, and therefore transactions involving securities managed by Unified qualify as party-in-interest transactions. Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

7. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. However, net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to Form 5500 in total as of and for the years ended December 31, 2020 and 2019.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2021, which is the date the financial statements were available to be issued.
