Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Burger Physical Therapy Profit Sharing & 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting

3465 American River Drive, Suite D, Sacramento, CA 95864
(916) 488-1900 - (916) 488-2393 Fax - www.islip.net

and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 1, which was certified by Newport Trust Company and Great-West Trust Company, the Trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Trust Company held the Plan's investment assets and executed investment transactions from February 28, 2020 to December 31, 2020, and that Newport Trust Company held the Plan's assets and executed investment transactions as of December 31, 2019, and for the period from January 1, 2020 through February 26, 2020. The plan administrator has obtained certifications from the Trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Burger Physical Therapy Profit Sharing & 401(k) Plan
Notes to Financial Statements

1. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Great-West Trust Company, the current Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from February 28, 2020 through December 31, 2020. Newport Trust Company, the previous Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2020 through February 26, 2020. As permitted under this election, the investment information that was certified was not subjected to any auditing procedures performed by the independent public accountants.

2. Description of Plan

The following description of the Burger Physical Therapy Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established effective February 1, 1988. The Plan covers all employees, excluding certain employees who are covered by a collective bargaining agreement, certain nonresident aliens, and per diem employees of Burger Rehabilitation Systems, Inc. (the Company) who have completed 3 consecutive months of service and are age 18 or older. The Plan requires a participant to be employed as of year end to be eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective February 21, 2020, the Plan was amended and restated, and a new trustee,

administrator, and recordkeeper were appointed. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee. The conversion initiated a blackout period beginning February 12, 2020 and continuing through March 13, 2020. During this period, funds could not be applied to the employee-selected funds with the trustee or withdrawn from the Plan until the trustee could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in the Plan's income fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

Contributions. Each year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan by changing their deferral rate to zero. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants will have their deferral rate increase by 1 percent on the anniversary of their enrollment date until their deferral rate reaches 10 percent, unless they opt out of the automatic increase. Existing participants may also choose to participate in the deferral rate increase. Additional profit sharing amounts may be contributed at the option of the Administrative Committee. For the year ended December 31, 2020, there were no profit sharing contributions to the Plan. Additional discretionary amounts may be contributed by the Company at the option of the Administrative Committee. For the year ended December 31, 2020, there were no discretionary contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts. Each participant's account is credited with the participant's

contributions, allocations of the Company's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after 2 years of credited service and continues to vest in increments of 20 percent until 100 percent vested after 6 years of credited service.

Notes receivable from participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined once, on the date of advance, is set at 2 percent above the prime rate, as defined. Principal and interest are paid ratably through regular payroll deductions. Terms range up to 5 years or greater for the purchase of a primary residence. Related fees are charged directly to the borrowing participant's account and are included in administration expenses when incurred.

Payment of benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $5,000, the amount may be automatically distributed in the form of Lump sum. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited accounts. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $285 and $1616, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2020, no amounts were applied to plan activities from forfeited nonvested accounts.

3. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements. All of the Plan's assets are invested in the market, which is subject to volatility.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan holds investments in various common collective trusts (CCT) in the Cota Street Managed Fund Series of Wilmington Trust Collective Investment Trust. These funds are valued using the net asset value, referred to as NAV. The NAV is provided by the trustee and is used as a practical expedient to estimate fair value. The NAV is based on the value of underlying assets owned by the funds, less liabilities, and then divided by the number of shares

outstanding. The NAV is calculated daily, and this practical expedient is used for valuation unless it is probable that the funds will sell a portion of the investment at an amount different from the NAV. Per ASU 2015-07, issued by the Financial Accounting Standards Board (FASB) in May 2015, investments valued using NAV are included as a reconciling item in the fair value hierarchy table so that the total fair value amount of investments in the disclosure is consistent with the fair value of investment balance on the statement of net assets available for benefits.

The Plan also holds a small investment in the GWI Fixed Account - Series Class I, which is an insurance company general account contract with Great-West Life and and Annuity Company. Great-West maintains the funds in a general, unallocated, account. Because the contract is not fully benefit-responsive at the Plan level, fair market value is the relevant measurement attribute.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain other expenses are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 29, 2021, the date the financial statements were available to be issued.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common-collective trusts: Valued at the net asset value (NAV) of units of a bank collective trust. See Note 3 for further details.

Investment contracts at fair value: the reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020	**Level 1 $**	**Level 2 $**	**Total $**
Mutual funds	3,156,683	-	3,156,683
Investment contracts at fair value	-	6,531	6,531
Total assets in the fair value hierarchy	3,156,683	6,531	3,163,214
Common-collective trusts measured at net asset value (a)	-	7,548,031	7,548,031
Total investments at fair value	3,156,683	7,554,562	10,711,245

Assets at Fair Value as of December 31, 2019	**Level 1 $**	**Total $**
Money market funds	1,616	1,616
Mutual funds	8,929,471	8,929,471
Total assets in the fair value hierarchy	8,931,087	8,931,087
Total investments at fair value	8,931,087	8,931,087

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Related-Party and Party In Interest Transactions

All of the Plan's assets are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions. A substantial portion of the income or loss of the Plan is derived from these investments. Fees paid by the Plan to the trustee for certain investment management fees were deducted from the net asset values of the funds held by the Plan. All of these party in interest transactions are exempt from the prohibited transaction rules of ERISA.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Empower Retirement, LLC is the recordkeeper for the Plan and also performs certain administrative services to the Plan. Accordingly, Empower Retirement, LLC is a related party to the Plan. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Plan adopted a prototype plan offered by Great-West Trust Company, LLC . The prototype plan received an IRS Opinion Letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the

uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

9. Evaluation of Subsequent Events

As noted above in Note 8, the COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market prices of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted at this time.

The Plan may implement certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws will make changes to the Plan. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
