Able Roofing 401(k) & Profit Sharing Plan
Notes to Financial Statements
December 31, 2020 and 2019

1. DESCRIPTION OF THE PLAN

The following description of the Able Roofing 401(k) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

In March 2020, the outbreak of the novel strain of coronavirus (“COVID-19”) was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to severe volatility in global financial markets. Management cannot estimate the length or severity of the COVID-19 pandemic or the related consequences on global financial markets. Management does not believe there is any financial impact to the financial statements as of December 31, 2020 as a result of this event. Management continues to monitor developments relating to COVID-19 and is coordinating its operational response, including with respect to the Plan, based on existing business continuity plans and on guidance from global health organizations, relevant governments and regulatory agencies, and general pandemic response best practices.

General—The Plan is a defined contribution 401(k) plan which was established January 1, 1994 for the exclusive benefit of eligible employees of Able Roofing LLC (the “Company”), as defined in the Plan document. The amended and restated provisions of the Plan became effective on January 1, 2013.

Contributions—Each year, participants may contribute up to a maximum of 100% of their annual compensation, as defined in the Plan. However, these contributions shall not exceed the maximum amount permitted by the Internal Revenue Code. Effective January 1, 2012, all employees not currently participating in the Plan were automatically enrolled at a 3% contribution rate. However beginning in 2019 the automatic enrollment percentage increased to 4%. Beginning in 2019, all newly hired, full-time employees are automatically enrolled the first day of the new month following 90 days of consecutive service.

Beginning in 2019, the Company’s match for those participants eligible for the Plan is 100% of the first 2% of employee deferrals and 50% of the next 2% of employee deferrals, for a maximum of 3%. For the years ended December 31, 2020 and 2019, the Company contributed matching funds of \$654,927 and \$624,705 respectively. The Company may, at its sole discretion for each plan year, make discretionary contributions to the Plan. No discretionary contributions were made to the Plan for 2020 and 2019.

During 2019, the Company identified multiple participants that were not properly automatically enrolled prior to December 31, 2018 and estimated a QNEC contribution of \$50,000. The Company determined and made the exact QNEC contribution amount on November 29, 2019 for \$46,244 as required for the missed deferrals and earnings to these participants.

Upon enrollment, a participant may direct employee and employer contributions into any of the Plan’s investment options.

Notes to Financial Statements (Continued)

December 31, 2020 and 2019

Participant Accounts—Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings or losses and (b) any Company matching or discretionary contributions. Earnings or losses of the Plan are allocated to individual participant accounts based on the participant's account balance in the applicable fund.

Notes Receivable from Participants—Loans to participants are not permitted under the Plan.

Vesting—Amounts contributed by participants and related earnings thereon become immediately vested. The Company's matching and/or discretionary contributions and related earnings or losses become 100% vested upon entry into the Plan.

Withdrawals—Any participant can withdraw all or any portion of participant contributions as a result of financial hardship or attainment of age 59-1/2. Financial hardship shall include qualified medical expenses, tuition for post-secondary education, expenses incurred for the purchase of a primary residence or the need to prevent the eviction or foreclosure on a participant's principal residence.

Benefits Paid to Participants or Beneficiaries—On termination of employment other than death, a participant will receive a lump-sum amount equal to the vested value of his or her account if the participant's account does not exceed \$1,000. Terminated participants who have balances greater than \$1,000 may elect to receive a cash distribution, rollover the balance or continue to participate in the Plan. Death benefits will be paid to the participant's designated beneficiary, which generally requires payment by the end of the calendar year following the date of death.

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020, which provides relief to Plan participants who have been affected by the novel coronavirus pandemic as specified in the CARES Act. The Plan is operating in accordance with the CARES Act and executed a formal amendment within the timeframe required by law.

Plan Termination—Although it has not expressed any intention to do so, the Company has the right, at any time, to terminate the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative Expenses—Substantially all administrative expenses of the Plan are paid by the Company. Additionally, the Company provides certain accounting and administrative services at no cost to the Plan.

Able Roofing 401(k) & Profit Sharing Plan

Notes to Financial Statements (Continued)

December 31, 2020 and 2019

Benefits Paid to Participants or Beneficiaries—Benefits paid to participants or beneficiaries are recorded in the statements of changes in net assets available for benefits when paid. At December 31, 2020 and 2019 there was no amounts due to participants who had elected to withdraw from the Plan.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend and interest income are recorded on the cash basis. Net appreciation or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Forfeitures—Based on the current vesting provisions in the Plan, the participants will not forfeit any of their account balance. Amounts left over from prior plan provisions for vesting, will be used first to reduce future employer contributions and the remaining balance.

Forfeitures totaled \$0 in 2020 and 2019. During 2020 and 2019, \$0 from the forfeiture account were utilized to reduce 2020 and 2019 employer contributions. During 2020, fees that Fifth Third Bank over charged the Plan of \$1,423 were transferred to the forfeiture account. During 2019, unclaimed funds plus related earnings of \$8,017 were transferred to the forfeiture account. At December 31, 2020 and 2019 forfeitures in the amount of \$9,533 and \$8,033, respectively, were available for reduction of future employer contributions.

Subsequent Events— The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued and has determined that there were no transactions or events that required disclosure through the evaluation date.

3. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, which was prepared by or derived from information prepared by Reliance Trust Company and Fifth Third Bank, the trustees of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate.

Fifth Third Bank was a trustee from January 1, 2019 through July 27, 2020, as the Goldman Sachs Stable Value Collective Trust was not available for redemption until 12 months after notification of the Plan's request to redeem this asset. Reliance Trust Company was a trustee from October 26, 2019 through December 31, 2020.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Able Roofing 401(k) & Profit Sharing Plan

Notes to Financial Statements (Continued)

December 31, 2020 and 2019

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trust: A stable value fund that is composed primarily of benefit-responsive contracts that is valued at the NAV of units of the common collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan does not have any contractual obligations to further invest in this fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2 & 3</u>	<u>Total</u>

Investments measured at NAV ^(a)	-	-	411,033
Total assets at fair value	\$ 6,028,338	\$ -	\$ 6,439,371

(a) In accordance with Subtopic 820-10 of ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTIES-IN-INTEREST

Certain Plan investments are collective trust funds managed by Reliance Trust Company and Fifth Third Bank affiliates. These transactions qualify as party-in-interest transactions. The trustees and affiliates of Reliance Trust Company or Fifth Third Bank maintain and manage common collective trusts in the Plan for which they receive management fees. These management fees are part of the annual operating expenses of each fund that range from 0% to .56% of the value of the investment. These management fees result in a reduction of earnings from investments. All of these transactions are exempt from the prohibited rules of the Employee Retirement Income Security Act of 1974.

6. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with various investment securities, it is at least reasonably possible that changes in the values

Able Roofing 401(k) & Profit Sharing Plan
Notes to Financial Statements (Continued)
December 31, 2020 and 2019

of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PROHIBITED TRANSACTION

During 2020, the Company failed to remit the contribution for one pay period to the Plan in a timely manner, as defined by ERISA. The prohibited transaction was not corrected under the Department of Labor's Voluntary Fiduciary Correction Program (VFCP) during 2020 but was corrected under VFCP as of the date the financial statements were available to be issued.

9. BENEFITS PAID TO PARTICIPANTS OR BENEFICIAIRES IN ERROR

During 2020, the record keeper, Transamerica Retirement Solutions incurred a failure in their record keeping system that affected the Plan. The failure forced out participants with balances less than \$5,000 into a Merrill Lynch IRA, regardless of the participants' status within the Plan. Benefits paid to participants or beneficiaries in error during 2020 were \$163,945. The error was identified and corrected in February 2021. The correction included funding the participants with earnings/losses within the mutual fund or stable value fund they were participating in. The certification from the trustee, Reliance Trust Company did not adjust the year end certified statements to reflect this receivable due to the Plan.
