HEMMERSBACH US, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Hemmersbach US, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2017 as a defined contribution plan available to all employees of Hemmersbach US, LLC (the Company, Employer or Plan Sponsor). The Plan was restated on August 1, 2019 to comply with tax legislation. Eligible employees may enter the Plan monthly after completing three months of credited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan Administrator.

Contributions

Each year, participants in the Plan may contribute up to 100% of their pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). For the years ended December 31, 2020 and 2019, individual participant contributions were limited to $19,500 and $19,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,500 and $6,000, respectively, for the years ended December 31, 2020 and 2019. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan Sponsor makes discretionary and profit-sharing matching contributions to the Plan. Participants must complete 3 months of service in order to be eligible for the Plan Sponsor's discretionary and profit-sharing matching contributions. For the year ended December 31, 2020, the Plan Sponsor elected to not make any Employer contributions.

Contributions are subject to certain limitations.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Employer's contributions (if any), and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Vesting of benefits

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Employer's contributions plus earnings or losses thereon, is based on years of continuous service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based only on the elapsed time method, as defined. A participant is fully vested after six years of credited service. Participant accounts become fully vested upon reaching normal retirement age of sixty-five (65), death, disability, or upon termination of the Plan.

Forfeitures

Forfeited nonvesting accounts may be used to offset Plan administrative expenses or reduce Employer contributions. During the year ended December 31, 2020, there were no forfeitures used. At December 31, 2020 and 2019, there were no available forfeited non-vested accounts.

Note 1 – Description of Plan, Continued

Notes receivable from participant

Plan participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in a participant's account, and bear interest at prime rate plus 1%, determined as of the date of the loan request. Principal and interest is paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Participants may take in-service withdrawals upon attainment of early retirement age (59½) or for immediate and heavy financial hardship needs, as defined.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid by the Plan Sponsor and are not reflected in these financial statements.

Note 2 – Summary of Significant Accounting Policies

Basis of presentation

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Note 2 – Summary of Significant Accounting Policies, Continued

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants in the following year.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by Ascensus Trust Company (Ascensus or Trustee) as of and for the year ended December 31, 2020. The Trustee invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants).

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

Note 3 – Investments Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity and interest income on participant notes receivable, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and

Note 3 – Investments Certified by the Trustee, Continued

- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2020 and 2019. During the years ended December 31, 2020 and 2019, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at quoted market prices, which represent their daily NAV of shares held by the Plan at year end and are therefore considered Level 1 within the fair value hierarchy.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2020 and 2019:

	Fair Value Measurements at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 482,440	$ -	$ -	$ 482,440

	Fair Value Measurements at December 31, 2019

Note 5 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of mutual funds managed and administered by the Ascensus Trust Company (Ascensus) Plan's Trustee. Therefore, these transactions with Ascensus qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 6 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Employer matching contribution portion of their accounts.

Note 8 – Tax Status

January 1, 2018, the IRS stated that the prototype non-standardized profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust are tax-exempt.

The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits as shown on Form 5500 at December 31, 2020 and 2019 and for the years then ended with the amounts shown in the financial statements:

	2020	2019
Net assets available for benefits – Form 5500	$ 482,440	$ 438,016
Reconciling items:		
Refund payable for excess contributions	(7,629)	(1,604)
Employee contributions receivable	3,156	3,948
Net assets available for benefits – financial statements	$ 477,967	$ 440,360

	2020	2019
Change in net assets – Form 5500	$ 44,424	$ 148,362
Reconciling items:		
Participant contributions	(792)	3,948
Benefits paid to participants	(122)	-
Corrective distributions	(5,903)	(1,604)
Change in net assets – financial statements	$ 37,607	$ 150,706

Note 10 – Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions to the Plan from its general assets as soon as is practicable. For the years ended December 31, 2020 and 2019, the Plan Sponsor failed to remit to the Plan's Trustee certain participant contributions totaling $8,529, and $27,764, respectively. Delays in remitting contributions to the Trustee were due to the Plan Sponsor having difficulties with error messages generated from the Trustee's system for accepting the remittances, and other administrative matters at the Plan Sponsor. As of the date of this report, the Plan Sponsor has reimbursed the Plan for lost earnings for year 2019.

Note 11 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets.

The potential economic impact brought by, and the duration of, COVID-19, is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

Note 12 – Subsequent Events

Effective September 1, 2021, the Plan Administrator appointed Voya Institutional Trust Company as the successor trustee and record keeper to the Plan and substantially all of the Plan's assets were transferred to Voya Institutional Trust Company.

The Plan evaluated events occurring subsequent to December 31, 2020 through October 4, 2021, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
