NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the PipelineRx 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On August 18, 2020, Pipeline Health Holdings, LLC ("the Company" or "Plan Administrator") completed a merger with PipelineRx Mergersub, LLC, a wholly owned subsidiary of PipelineRx Buyer, Inc. Following the merger transaction, the Company became a wholly owned subsidiary of PipelineRx Buyer, Inc. The Company decided to merge the Plan into the CarepathRx 401(k) Plan in accordance with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan assets were transferred to the CarepathRx 401(k) Plan on January 28, 2021. The blackout period related to the merger was from January 15, 2021 to February 8, 2021.

General - The Plan is a defined contribution plan that was established on January 1, 2018 by the Company covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of ERISA.

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Great-West Trust Company, LLC ("Great-West") to act as trustee and custodian of the Plan. Empower Retirement processes and maintains records of participant data and provides plan services.

In 2020, the Plan implemented certain changes related to the Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019. Participants should refer to plan documents for specific changes made to the Plan.

Contributions - Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

PIPELINERX 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued) DECEMBER 31, 2020 AND 2019 (See Independent Auditors' Report)

The Plan allows for an employer discretionary matching contribution subject to certain eligibility requirements; none was made for the year ended December 31, 2020.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are 100% vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the discretionary matching contribution and earnings is based on years of credited service based on 25% per year at the end of the first year with full vesting after four years of credited service. Participants become fully vested in the event of death, disability, normal retirement age, or plan termination.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2020 carry interest rates which range from 4.25% and 6.50%. Outstanding notes receivable from participants as of December 31, 2019 carry interest rates which range from 6.00% and 6.50%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits - Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions.

Forfeited Accounts - Forfeited accounts may be used to pay plan expenses or reduce employer contributions.

PIPELINERX 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2020 AND 2019 (See Independent Auditors' Report)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Great-West. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2020 and 2019, there were no material excess contributions payable.

Plan Expenses - In 2020, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Investment/fund fees, certain participant transaction fees, annual administration fees and investment management fees are charged to participant accounts as applicable.

Payment of Benefits - Benefits are recorded when paid.

PIPELINERX 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2020 AND 2019 (See Independent Auditors' Report)

Subsequent Events - The Plan has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Interest, dividends, net appreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- Investments reflected on the Schedule of Assets (Held at End of Year).

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PIPELINERX 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued) DECEMBER 31, 2020 AND 2019 (See Independent Auditors' Report)

Level 2 - Inputs other than quoted prices include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Fund and Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	<u>Assets at Fair Value as of December 31, 2020</u>

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by Great-West, the trustee and custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair value. Plan related fees are paid to Great-West, to Empower Retirement, and to an investment management firm. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
