WEDGWORTH FARMS, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2020 and 2019

1. Plan Description

The following brief description of the Wedgworth Farms, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan was established on June 30, 1976. The Plan is a defined contribution plan covering all employees of Wedgworth Farms, Inc. and Wedgworth's, Inc. (the "Company"). The Plan was amended and restated effective January 1, 2011 at which time the Plan adopted the safe harbor provisions under Section 401(k). As discussed in Note 9 to the financial statements, on January 1, 2016 the Plan adopted a volume submitter plan document sponsored by CCH INCORPORATED.

The Plan is qualified under Sections 401(a) of the Internal Revenue Code and the provisions under Section 401(k). As a defined contribution plan, it is not covered under Title IV of ERISA and therefore, benefits are not insured by the Pension Benefit Guaranty Corp. Plan participants are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

b. Eligibility

Employees who have attained age 21 and completed one year of service having completed 1,000 hours are eligible to participate in the Plan on the first day of the first month and seventh month of the Plan year.

c. Employee Contributions

Upon meeting the eligibility requirements, participants may make deferral contributions to the Plan. The plan document provides for both pre-tax traditional and after-tax Roth contributions.

Each year the Internal Revenue Service imposes limits on the amount that can be contributed as salary deferrals during the Plan year. For the year ended December 31, 2020, the maximum annual deferral amount was $19,500. Participants who have attained age 50 during the Plan year are eligible to make annual catch-up contributions not to exceed $6,500.

The Plan accepts rollover contributions from other qualified plans. Rollover contributions are allowed by employees prior to meeting the Plan's eligibility requirements. Participants are fully vested in their deferral and rollover contributions.

d. Employer Contributions

During the years ended December 31, 2020 and 2019 employer contributions totaled $1,118,323 and $1,098,730, as follows:

	2020	2019
Matching	$ 296,618	287,337
Profit sharing	503,386	499,873
Safe harbor	318,319	311,520
Total	$ 1,118,323	1,098,730

Employer contributions are made at the sole discretion of the Company's board of directors.

Matching contributions for 2020 and 2019 are equal to 100% of participant deferrals up to 3% of their compensation as defined in the Plan document.

Participants who are active during the Plan year receive an allocation of the profit-sharing contribution equal to their compensation, as defined by the Plan, times the following percentages:

- Officers and directors 11% of Plan compensation
- Management 7% of Plan compensation
- All other participants 4% of Plan compensation

Included in contributions receivable at December 31, 2020 and 2019 are profit-sharing contributions totaling $503,854 and $503,119, respectively.

To qualify under the safe harbor provisions of the Internal Revenue Code, the Company is required to make non-elective contributions of a least 3% of Plan wages. During 2020 and 2019, the Company made safe harbor contributions equal to 3% of Plan wages.

e. Vesting

Participants are fully vested in their deferral contributions, rollover contributions, and safe harbor contributions, plus earnings thereon.

Vesting in matching and profit-sharing contributions made by the Company, plus earnings thereon, are based on years of service. Vesting in these contributions are subject to a 3 year cliff schedule. As such, participants are unvested in these monies until the completion of 3 years of service at which time they become fully vested.

1. Plan Description, Continued

f. Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions and allocations of (a) the Company's contributions, (b) Plan earnings (loss), and (c) forfeitures from other Plan participants. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

g. Payment of Benefits

Upon termination of service, participants are eligible to receive distributions from their accounts, as provided by the Plan document. Those participant's with account balances of $1,000 or less will be paid in one lump sum payment. Upon death of a participant, distributions may be made over the life, or a period certain, to the participant's beneficiary.

In service distributions may be made to participants who have attained age 59 ½ and who are fully vested in their accounts.

h. Forfeitures

The Company may use forfeitures to reduce its contributions or to pay Plan expenses. At December 31, 2020 and 2019 there were no unallocated forfeitures. During 2020, all participants receiving distributions were fully-vested in their accounts.

i. Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

j. Reclassification

In 2020 Voya included dividend income in investment appreciation. The 2019 amounts have been reclassified to conform to the current year presentation.

k. Date of Management's Review

Subsequent events were evaluated through October 12, 2021, which is the date the financial statements were able to be issued.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

b. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and certain disclosures. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the valuation policies utilizing information provided by the investment advisors. See Note 7 with respect to fair value measurements.

The fixed account is considered fully benefit-responsive and is valued at contract value. Contract value equals the accumulated cash contributions and interest credited, less withdrawals and expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net appreciation in the fair value of assets includes dividends received from pooled separate accounts.

d. Administrative Expenses

Except for fees charged by third party providers to process benefit payments, all costs to maintain the Plan are paid by the Company.

2. Summary of Significant Accounting Policies, Continued

e. Note Receivable from Participant

The restated plan document does not provide for loans to participants. The Plan has one participant note outstanding which originated prior to the Plan's restatement. The balance is stated at the unpaid principal balance of $13,890 and $20,544 at December 31, 2020 and 2019, respectively. Interest earned totaled $1,439 in 2020 and $1,842 in 2019. Note repayments have been submitted timely since the date of loan origination.

3. Appointment of Voya as Investment Custodian

During 2019, the trustees appointed Voya Retirement Insurance and Annuity Company (Voya) as investment custodian replacing Massachusetts Mutual Life Insurance Company (MassMutual). Prior to the transfer to Voya, MassMutual sold the Plan's investments and on December 27, 2019 Plan assets totaling $15,724,099 were transferred to Voya. At December 31, 2019, these monies were held in an unallocated general account pending Voya's completion of the Plan's setup, establishment of participant accounts, and investment mapping.

4. Information Prepared and Certified by the Investment Custodians (Unaudited)

Effective December 27, 2019, Voya Retirement Insurance and Annuity Company (Voya) was appointed investment custodian replacing Massachusetts Mutual Life Insurance Company (MassMutual). The investment custodians held the Plan's investment assets and executed investment transactions. The following information included in the accompanying financial statements, was obtained from data that has been prepared and certified by the investment custodians as complete and accurate.

	2020	2019	
Investments	$ 19,194,898	15,724,152	
Note receivable from participant	$ 13,890	20,544	
Net appreciation (depreciation) in fair value of investments, including dividend income	$ 2,176,795	2,632,077	**
Interest income	$ 1,439	1,842	**

** These 2019 amounts were certified by MassMutual. All other amounts were certified by Voya.

WEDGWORTH FARMS, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2020 and 2019

5. Investments

The following table presents the fair value of investments as of December 31, 2020. Investments that represent five percent or more of the Plan's net assets are separately identified.

Vanguard Equity Income Fund Admiral	$ 1,990,719
Voya Fixed Account	1,980,663
Vanguard Target Retirement 2040	1,751,639
ishares U.S. Aggregate Bond Index Fund	1,186,568
American Funds New Perspective Fund R6	1,115,909
	$ 8,025,498

As shown on the statement of changes in net assets, during 2020 and 2019 the Plan's investments including dividends, and gains and losses on investments bought and sold, as well as held during the year appreciated in value by $2,176,795 and $2,632,077, respectively.

6. Voya Fixed Account

During 2020 the Plan maintained a fixed account issued by Voya. It is considered to be fully benefit-responsive and, therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the contract with Voya.

The primary objective of the fixed account to provide stability of principal with a guaranteed minimum rate of interest. The base minimum interest rate is equal to 1%. In addition the contract has a current interest rate which is adjusted monthly. Interest is compounded daily. Interest rates may change under the terms of the contract. All guarantees are based solely on the financial strength and claims-paying ability of Voya.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include: liquidation of the entire contract; layoffs; plan termination; plant closings and events that accelerate early retirements. The Plan administrator believes that the occurrence of events that would result in the Plan being unable to transact at contract value are not probable.

7. Fair Value Measurements

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements), as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable;
- Inputs that are derived principally from or corroborated by observable market data.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair market measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value held by the Plan.

Pooled Separate Accounts: are valued at their "accumulated unit value". Valuation is determined daily based on the net asset values of the underlying funds' investments.

The preceding methods used to determine fair value may produce a calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Fair Value Measurements, Continued,

The fair market value of investments held at December 31, 2020 and 2019, by investment objective, and within the fair value hierarchy, is as follows:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2020:				
Pooled separate accounts	$ 17,214,235	-	17,214,235	-
December 31, 2019:				
Insurance company general account	$ 15,724,152	-	15,724,152	-

8. Related Party Transactions

Certain of the Plan's investments are issued and managed by Voya. These transactions qualify as party-in-interest. Various officers and employees of the Plan Sponsor perform administrative and oversight functions without compensation from the Plan.

9. Income Tax Status and Uncertain Tax Positions

The Plan has adopted a standardized document of a volume submitter plan sponsored by CCH INCORPORATED. The volume submitter plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service that the Plan is acceptable under Section 401 of the Internal Revenue Code. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. The Plan administrator is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. The Plan administrator has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examination for years before 2018.

10. Risks and Uncertainties

The Plan's investments in pooled separate accounts are exposed to various risks including interest rate, market, and credit risks. The Plan attempts to minimize these risks by providing participants with a broad range of investment options that are offered and managed by reputable investment companies. Due to the level of risk associated with the Plan's investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
