Independent Auditor's Report

October 4, 2021

To the Participants, Plan Administrator and Trustee of
VIP Structures, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the VIP Structures, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity

with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether

they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

We were engaged to audit the financial statements of the Plan as of December 31, 2019, and for the year then ended. As permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 13, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of VIP Structures, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Plan restatement and change in Custodians and Trustee - Effective November 15, 2019, the Plan was restated to adopt the Ascensus, LLC Defined Contribution Prototype Plan and Trust, Basic Plan Document No. 3. In November 2019, a majority of the Plan's assets were transferred from Principal Life Insurance Company, Principal Trust Company and Principal Global Investors Trust Company, the former Custodians, to Ascensus Trust Company, the current Trustee (see Note 3), with the exception of a guaranteed investment contract and a stable value fund that remained held by Principal Life Insurance Company and Principal Global Investors Trust Company, respectively, as of December 31, 2019 (see Note 2).

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of VIP Structures, Inc. and Affiliates (the "Company") after meeting certain eligibility requirements, see below. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Plan provisions - During 2020, the Plan was required to implement certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility - Employees aged eighteen and older are eligible to participate in the Plan after three months of service. Participants are automatically enrolled to begin making elective contributions of 6% of their annual compensation to the Plan on the first day of the calendar quarter coinciding with or following the date eligibility requirements are met. Effective November 15, 2019, the deferral percentage is increased automatically by 1% on January 1st of each year, up to a maximum of 10%, unless the participant elects a different percentage or expressly elects not to participate in the Plan. Prior to November 15, 2019, this deferral percentage was increased automatically by 1% on November 1st of each year.

Contributions - Participants are allowed to make elective 401(k) salary deferrals and Roth elective deferrals up to the maximum amount allowed by the Internal Revenue Code. Participants are also allowed to make rollover contributions to the Plan.

Each year, the Company may contribute a discretionary matching contribution for each participant. Discretionary matching contributions were $172,719 and $164,622 for the years ended December 31, 2020 and 2019, respectively. Employer matching contributions of $7,104

and $13,698 were receivable by the Plan as of December 31, 2020 and 2019, respectively. The Company may also elect to make discretionary profit sharing contributions. The amount and timing of such payments is at the discretion of the Board of Directors of the Company. There were no discretionary profit sharing contributions for the years ended December 31, 2020 and 2019.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution, the Company's discretionary matching and/or profit sharing contributions and plan earnings and expenses. Allocations are based on participant compensation or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via the Trustee and Custodians' websites where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service; a year of service is a plan year that a participant has at least 1,000 hours of service. A participant is 100% vested after six years of credited service.

Forfeitures - Forfeitures of terminated participants' non-vested account balances may be used to offset administrative costs of the Plan or reduce employer contributions. The Plan used approximately $200 and $4,900 of forfeited accounts to reduce administrative expenses for the years ended December 31, 2020 and 2019, respectively. Unused forfeitures were approximately $21,800 and $9,800 as of December 31, 2020 and 2019, respectively.

Investment options - Participants may direct contributions to the Plan in any of the investment options offered by the Plan. Participants may change their investments daily through online media with the Plan's investment Trustee and Custodians, as discussed above.

Payment of benefits - Upon reaching age 65 or on termination of service due to retirement, disability or death, the participant and/or beneficiary will be entitled to 100% of their account balance, which will be paid out as soon as practicable following termination of service. On termination of employment for reasons other than those listed above, the participant will be entitled to receive a lump-sum amount equal to the vested value of their account balance.

Notes receivable from participants - Effective November 15, 2019, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Prior to November 15, 2019, the minimum loan amount was $250. The notes will bear a reasonable fixed rate of interest, to be determined by the plan administrator, similar to that which a bank or other professional lender would charge for making a similar loan. Interest rates range from 3.25% to 6.50% as of December 31, 2020. The notes will be repaid through weekly payroll deductions. Two notes per participant can be outstanding at a time. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants for participants who are actively participating in the Plan and have not continued to make payments on their outstanding notes as required under the participant note program. There were no deemed distributions for the years ended December 31, 2020 and 2019.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expense during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of registered investment companies, common collective trusts and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility (including risks and volatility from the COVID-19 pandemic). Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Economic dependency and concentration of credit risk - Approximately 93% and 96% of the Plan's investments are invested with Vanguard at December 31, 2020 and 2019, respectively. Accordingly, the Plan is dependent upon the financial condition of these companies.

Reclassification - Certain amounts in the 2019 statement of net assets available for benefits were reclassified to conform with the 2020 presentation.

Investment valuation and income recognition - Investments are stated at fair value (see Note 6) with the exception of the common collective trust fund, which is valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the trust, see below. The Plan's guaranteed investment contract held as of December 31, 2019, was not considered fully benefit responsive, therefore was valued at fair value. All fair values and net asset values have been determined and certified by Ascensus Trust Company, Principal Life Insurance Company, Principal Trust Company and Principal Global Investors Trust Company, the Trustee and Custodians of the Plan, respectively (see Note 3). Purchases and sales of securities are recorded

on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in investments includes the Plan's gains or losses on its investments bought and sold, as well as held during the year.

The common collective trust fund is made up of various investment and security-backed contracts and is valued at net asset value (NAV), which serves as a practical expedient to estimate fair value. The NAV of the common collective trust fund is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Investments measured at NAV are not required to be classified in the fair value hierarchy.

There were no redemption restrictions as of December 31, 2020. As described in Note 1 above, in November 2019, a majority of plan assets were transferred from Principal Life Insurance Company, Principal Trust Company and Principal Global Investors Trust Company, the former Custodians, to Ascensus Trust Company, the current Trustee. However, due to certain redemption restrictions, a common collective trust fund and a guaranteed investment contract totaling $368,596 remained under the custody of the former Custodians as of December 31, 2019. The redemption restriction was removed in 2020 and the remaining assets were transferred to Ascensus Trust Company.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. At the end of each year, management reviews the individual notes receivable balances for any notes receivable outstanding at the end of the year from non-active payroll deductible notes receivable. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable become material. If a participant defaults on a note receivable and distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded when paid.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions, plus investment earnings thereon ("corrective distributions") are returned to the participants subsequent to year end. There were no excess contributions payable or corrective distributions as of December 31, 2020 and 2019, and for the years then ended; however, excess contributions payable as of December 31, 2018, were paid in 2019 and reported on the Form 5500 for the year ended December 31, 2019 (see Note 7).

Administrative costs - Administrative costs, including maintaining participant accounts and legal and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay or reimburse the Plan for such expenses. Costs of managing the investments are paid directly out of plan assets (see Note 5).

Subsequent events - Management has evaluated subsequent events through October 4, 2021, the date that the financial statements were available for issue.

Note 3 - Information certified by the Plan's Trustee and Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Plan's current Trustee as of December 31, 2020, and for the period November 15, 2019 through December 31, 2020, and Principal Life Insurance Company, Principal Trust Company and Principal Global Investors Trust Company, the Plan's former Custodians as of December 31, 2019 and for the year ended December 31, 2019, have certified that the information included in the accompanying financial statements as of and for the years ended December 31, 2020 and 2019, and supplemental schedule as of December 31, 2020 is complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Tax status

The Company has adopted the Ascensus, LLC Defined Contribution Prototype Plan and Trust, Basic Plan Document No. 3 that the Internal Revenue Service has ruled as acceptable under Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however. the management of the plan sponsor and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the years ended December 31, 2020 and 2019. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2017.

Note 5 - Related party transactions

The Plan's investments were managed by Ascensus Trust Company, the Plan's current Trustee as of December 31, 2020, and for the period November 15, 2019 through December 31, 2020, and Principal Life Insurance Company, Principal Trust Company and Principal Global Investors Trust Company, the Plan's former Custodians as of December 31, 2019, and for the period January 1, 2019 through October 13, 2020. Investment fees paid by the Plan for investment management services are included in net appreciation in investments on the accompanying statements of changes in net assets available for benefits. In addition, the Plan contracted with The Vanguard Group and Principal Life Insurance Company to perform contract administrator services. Fees paid for these services were $13,386 and $300 to the Vanguard Group for the years ended December 31, 2020 and 2019, respectively, and $30,806

to Principal Life Insurance Company for the year ended December 31, 2019. There were no contract administrator fees paid to Principal Life Insurance Group for the year ended December 31, 2020. The Plan has contracted with Dannible & McKee, LLP to provide the audit of the Plan, which qualifies as a party-in-interest transaction. Fees paid by the Plan to Dannible & McKee, LLP were $11,000 and $10,250 for the years ended December 31, 2020 and 2019, respectively. In 2020, the Plan contracted Good Life Advisors, LLC to provide investment advisory services. Fees paid to Good Life Advisors, LLC were $11,286 for the year ended December 31, 2020, which qualify as party in interest transactions. In 2019, the Plan contracted with Independent Retirement Partners, LLC to provide investment advisory services. Fees paid to Independent Retirement Partners, LLC were $13,058 for the year ended December 31, 2019, which qualify as party in interest transactions. The fees paid for these services are included in administrative expenses on the accompanying statements of changes in net assets available for benefits.

Note 6 - Fair value measurements

The FASB has published authoritative guidance on Fair Value Measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Guaranteed Investment Contracts (GIC) - Investment contracts issued by Principal Life Insurance Company are backed by their general account. These investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 15,524,518	$ -	$ -	$ 15,524,518

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,584,539	$ -	$ -	$ 12,584,539
Guaranteed investment contracts	-	-	63,288	63,288
	$ 12,584,539	$ -	$ 63,288	$ 12,647,827

The following table sets forth a summary of sales and transfers of the guaranteed investment contracts, the Plan's Level 3 assets:

	Year ended December 31,	
	2020	2019
Sales	$ -	$ (120,809)
Transfers	(64,434)	-

There were no purchases or issuances of Level 3 assets for the years ended December 31, 2020 and 2019.

The following table represents the Plan's Level 3 assets, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the rates for those inputs:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Guaranteed Investment Contracts	$ 63,288	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	1.25% -1.40%
			Current Rate on December 31, 2019	2.08%

Note 7 - Reconciliation of the financial statements to Form 5500

Corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received. Corrective distributions are recorded on Form 5500 in the plan year that they are paid net of any investment earnings. Accordingly, there are reconciling items between amounts reported in the financial statements and Form 5500 for these items.

The following is a reconciliation of corrective distributions to participants per the financial statements to Form 5500 for the year ended December 31, 2019:

Corrective distributions to participants per the financial statements	$ -
Add - Paid corrective distributions	6,760
Corrective distributions to participants per Form 5500, Schedule H, Part II, Line 2f	$ 6,760
