Independent Auditor's Report

The Plan Administrator and Participants
TitanX Engine Cooling, Inc. 401(k) Plan
Jamestown, New York

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the TitanX Engine Cooling, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2020, and the related notes to the financial statements

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Trust Management Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on the these financial statements.

Emphasis of Matter

During the year ended December 31, 2020, TitanX Engine Cooling, Inc., the Plan sponsor, did not properly implement participant deferral rate changes in accordance with Plan requirements. As of the date of this report, management is in the process of calculating the correct participant deferral amounts and related employer matching contributions, if applicable. Upon completion of this process, management plans to correct the errors via the Self Correction Program ("SCP"). Management has estimated that the dollar amount of these errors will not be material to the financial statements.

Other Matter

The supplemental schedule of Assets Held At End of Year as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employees Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the TitanX Engine Cooling, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and users of the financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all eligible employees of TitanX Engine Cooling, Inc. who have completed one month of service. Part-time employees are eligible upon completion of 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Section 401(k) retirement arrangement pursuant to the Internal Revenue Code.

Contributions to the Plan

Participants may elect to contribute up to Internal Revenue Code limitations. The Plan allows participants to make catch-up elective deferral contributions in a taxable year if the participant is at least age 50 by the end of the year. In addition, the Company provides discretionary employer contribution on behalf of eligible participants.

The Company provided discretionary matching contribution as follows:

Salaried and non-exempt employees

Employer matching contribution not exceeding 6% of compensation for the years ended December 31, 2020 and 2019.

United Auto Workers

The Company contributed an hourly rate up to the first 40 hours per week for members of the United Auto Workers enrolled in the Company's Defined Benefit Plan. The Company contributed hourly rate was $1.103 and $1.003 cents per hour for the years ended December 31, 2020 and 2019, respectively.

The Company contributed an hourly rate up to the first 40 hours per week for members of the United Auto Workers that are not enrolled in the Company's Defined Benefit Plan. The Company contributed hourly rate was $1.80 and $1.70 for the years ended December 31, 2020 and 2019, respectively.

International Association of Machinists

The Company did not provide matching contributions or a basic contribution for members of the International Association of Machinists for each of the years ended December 31, 2020 and 2019.

NOTE 1 - DESCRIPTION OF PLAN (Cont'd)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of a) the Company's contributions and b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based upon years of continuous service. A participant becomes 100% vested after three years of credited service for the Company contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum of the lesser of $50,000 or 50% of their account balance. The minimum loan is $1,000. Any expense of setting up the loan is charged to the participant. Loan terms range from 1 to 5 years. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates available from commercial lending institutions. Principal and interest is paid not less than quarterly in accordance with a definite repayment schedule not to exceed the earlier of five years or the participant's normal retirement date.

Payment of Benefits

Payment of benefits during active employment are not permitted with the exception of certain hardship cases as defined in the Plan document. Payment of benefits are distributed in a single lump sum in the event of retirement, death, termination of employment or total and permanent disability.

Reclassifications

Certain reclassifications have been made to the 2019 financial statement presentation to correspond to the current year's format. Total net assets available for benefits as of December 31, 2019 was reduced by $21,976 to recognize guaranteed investment contracts at the correct contract value.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $590 and $175, respectively. These accounts will be used to reduce future employer contributions. For the years ended December 31, 2020 and 2019, forfeited nonvested account activity follows:

	2020	2019
Balance of forfeited nonvested accounts, beginning of year	$ 175	$ 51,374
Current year participant forfeitures	400	-
Investment earnings	15	302
Employer contributions	-	(51,501)
Balance of forfeited nonvested accounts, end of year	**$ 590**	**$ 175**

NOTE 1 - DESCRIPTION OF PLAN (Cont'd)

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions into various investment options. Company contributions are automatically allocated to the funds based upon the participant's designation. Participants may change or transfer their investment options during the Plan year as determined by the Company.

The Plan provides for individual self-directed accounts which permit participants to exercise investment control over the assets held in their individual accounts. Participants should refer to the Plan Enrollment Form for descriptions of these options.

Plan Assets

Plan assets are held in a trust account managed by the Plan trustee, Fidelity Management Trust Company. In the normal course of business, the Plan is a party to financial instruments with off balance sheet risk. These financial statements include cash and investments in corporate stocks and bonds. The total cash balances are secured up to the Federal Deposit Insurance Corporation (FDIC) limits. The investments in corporate stocks and bonds are unsecured.

Administration and Operating Expenses

The Plan is administered by TitanX Engine Cooling, Inc. (the "Company"). The Company's powers and duties relate to submitting employee and employer contributions to the plan custodian, authorizing disbursements from the Plan and resolving any questions of Plan interpretation. The assets of the Plan are maintained and administered by the Fidelity Management Trust Company. Administrative expenses paid by the Plan are comprised of investment fees paid to the Plan custodian. The Company pays other administrative costs of the Plan, including the salaries, benefits and other costs involved in administering the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Evaluation of Subsequent Events

On January 30, 2020, the World Health Organization declared the corona virus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the corona virus include restrictions on travel, and quarantines in certain areas, and forced closures of certain types of public places and businesses. As a result of this event, economic uncertainties have arisen which could negatively impact future revenues. Other financial impacts could occur though such potential impacts are unknown and/or are not reasonably estimable at this time. The Plan has evaluated events through October 4, 2021, which is the date the financial statements were available for issuance and have determined, with the exception related to the pandemic noted in the above paragraph, that there are no subsequent events that require disclosure under generally accepted accounting principles.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value for the fully benefit-responsive investment contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payment of benefits to participants are recorded by the Plan when payments are made.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The information included in the accompanying financial statements and supplemental schedules as of December 31, 2020 and 2019 was obtained from data that has been prepared and certified to as complete and accurate by the plan custodian.

	2020	2019
Mutual Funds, at fair value	$29,662,051	$28,563,482
Interest bearing deposits	2,684	-
Fully Benefit-Responsive Investment Contracts, at contract value	2,372,869	1,625,396
Brokerage link account	163,399	186,844
	$32,201,003	$30,375,722

	2020
Investment income:	
Net appreciation in fair value of investments	$ 2,970,978
Net gain on sale of assets	24,307
Dividends	1,463,071
Interest	1
Total investment income	$ 4,458,357

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

As of December 31, 2020 and 2019, the Plan maintained two fully benefit-responsive investment contracts with Fidelity Management Trust Company (Fidelity Managed Income Portfolio II Class 2 and Fidelity Managed Income Portfolio Class 1). The Funds maintain the contributions in pooled accounts. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Fidelity Management Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts totaled $2,372,869 and $1,625,396 at December 31, 2020 and 2019, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Fidelity Management Trust Company. Such events include the following: a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Cont'd)

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The fully benefit-responsive investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for the fully benefit-responsive contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based upon quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based upon the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

December 31, 2020

Net additions to plan assets per Schedule H of Form 5500	$ 5,475,829

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Investment Advisory Services

UBS Financial Services, Inc. provides investment advisory services to the Plan. The Plan paid fees to UBS Financial Services, Inc. totaling $28,898 and $28,854 for the years ended December 31, 2020 and 2019, respectively.

Fidelity Management Trust Company

Fidelity Management Trust Company provides administrative and management services to the Plan. The Plan paid fees to Fidelity Management Trust Company totaling $2,707 and $3,127, for the years ended December 31, 2020 and 2019, respectively. As custodian, Fidelity Management Trust Company receives fees directly from the mutual funds held by the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. In addition, the Plan's investments include fully benefit-responsive investment contracts with Fidelity Management Trust Company totaling $2,372,869 and $1,625,396, as of December 31, 2020 and 2019, respectively. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS (Cont'd)

Notes Receivable from Participants

Notes receivable from participants are party-in-interest transactions.

The aforementioned party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 - OPERATIONAL DEFECT

During the year ended December 31, 2020, TitanX Engine Cooling, Inc., the Plan sponsor, did not properly implement participant deferral rate changes in accordance with Plan requirements. As of the date of this report, management is in the process of calculating the correct participant deferral amounts and related employer matching contributions, if applicable. Upon completion of this process, management plans to correct the errors via the Self Correction Program ("SCP"). Management has estimated that the dollar amount of these errors will not be material to the financial statements.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, all participants will immediately become fully vested in the value of all amounts credited to their accounts.

NOTE 11 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities. However, there are currently no audits for any tax periods in progress.

NOTE 12 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
