DFS Holding Company, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of the Plan

The following description of the DFS Holding Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by DFS Holding Company, Inc. for all of its participating employers (the Company and the Plan Sponsor) effective January 1, 2010 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees of the Company who completed thirty days of service and are twenty-one years of age or older become eligible, as defined in the Plan document.

Administration of Plan Assets

The Plan's assets are administered under contract with Charles Schwab Trust Company, the trustee of the Plan (Trustee). The Trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

Contributions

Participants may contribute up to 100 percent of compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may also contribute amounts that represent distributions from other qualified Plans (rollover contributions). The Plan includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The auto-enrolled participants' deferral percentage automatically escalates annually by 1 percent up to a maximum of 8 percent.

The Company contributes a matching contribution of 25 percent of each participant's elective deferrals up to 8 percent of compensation. All Company matching contributions are funded each pay period. Plan management amended the Plan effective June 1, 2020 to change the employer contribution to a discretionary contribution as opposed to a matching contribution.

The Company's Board of Directors (Board) may, at its discretion, contribute additional Company contributions. There were no Company discretionary contributions made to the Plan for the year ended December 31, 2020. Company contributions are subject to certain limitations as established by the IRC. Upon enrollment in the Plan, a participant may direct Company and their participant contributions to any combination of available investment options.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, Roth contributions, rollover contributions and an allocation of the Company's contributions and Plan earnings and losses and charged with an allocation of administrative expenses. Allocations are based on the participant earnings, account balances or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

DFS Holding Company, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan document, are considered 100 percent vested. The Company's contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	- %
3 or more	100 %

Forfeited Accounts

As of December 31, 2020 and 2019, forfeited nonvested accounts totaled \$24,775 and \$363, respectively. Forfeitures can be used to reduce future Company contributions or can be allocated to participants. In 2020, the Company's matching contribution was reduced by \$22,872 from forfeited nonvested accounts.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent at December 31, 2020, which are commensurate with local prevailing rates at inception of loan as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions and are reinvested in the investment option(s) selected by the participant. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65 or the 3rd anniversary of joining the Plan, if later. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments or an annuity. Participants experiencing financial hardship may withdraw a portion of this account balance, if certain criteria are met, as defined in the Plan document.

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up till December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.

DFS Holding Company, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for Plan benefits and changes in those assets in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent loans are reclassified as benefit payments based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Plan pays expenses related to third party administrative services and fees. The loan initiation fees are paid for by the participants with new loan balances outstanding. A participant's account balance will be charged with certain fees and expenses. Asset-based fees (e.g., management fees and other operating expenses) are used to cover the expenses related to running an investment fund and are generally deducted directly from a participant's investment returns.

Plan administration fees cover the day-to-day expenses of administering the Plan and may be charged directly to a participant's account, covered by a portion of the asset-based fees deducted directly from investment returns or paid through revenue-sharing payments made from investment managers to the recordkeeper. The Plan recordkeeping fees were paid indirectly through revenue-sharing payments.

Notes to Financial Statements
December 31, 2020 and 2019

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 11, 2021, the date the financial statements were available to be issued.

3. Information Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020 and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2020 and 2019.

DFS Holding Company, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) occur quarterly.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total

Investments measured at NAV (a)				<u>727,837</u>
Investments at fair value				<u>\$ 23,649,664</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019.

December 31, 2020				
	Fair Value	Unfunded Commitments	Redemption Frequency	* Redemption Notice Period
Morley Stable Value	\$ 839,805	N/A	Quarterly	30 days/ 12 months

December 31, 2019				
	Fair Value	Unfunded Commitments	Redemption Frequency	* Redemption Notice Period
Morley Stable Value	\$ 727,837	N/A	Quarterly	30 days/ 12 months

* Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within thirty days after written notification has been received. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Plan's invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Related Party and Party-In-Interest Transactions

Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

DFS Holding Company, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Concentrations

The Plan holds certain investments that represent 10 percent or more of the Plan's net assets available for benefits. No concentrations of investments were held as of December 31, 2020. As of December 31, 2019, the Plan held one investment totaling \$3,250,595.

11. Amounts Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who had withdrawn from the Plan as of December 31, 2020 or 2019.

12. Reconciliation of Financial Statements to Schedule H Form 5500

The reconciliation between the financial statements and the Form 5500 are as follows:
