INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Strippit, Inc. Pension Plan for Hourly Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Strippit, Inc. Pension Plan for Hourly Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2020, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Strippit, Inc. Pension Plan for Hourly Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined to meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Strippit, Inc. Pension Plan for Hourly Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Strippit, Inc. Pension Plan for Hourly Employees' ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Strippit, Inc. Pension Plan for Hourly Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Strippit, Inc. Pension Plan for Hourly Employees' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Strippit, Inc. Pension Plan for Hourly Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Strippit, Inc. Pension Plan for Hourly Employees, which comprise the statement of net assets available for plan benefits as of December 31, 2019, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2019 Financial Statements

The form and content of the information included in the 2019 financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of Plan

The following description of the Strippit, Inc. Pension Plan for Hourly Employees ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit pension plan sponsored by Strippit, Inc. ("the Company"). All full-time employees who are represented for collective bargaining purposes by Local 1691 ("the Union") are eligible for participation in the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company is responsible for the general administration of the Plan and carrying out the Plan's provisions. Vanguard Fiduciary Trust Company ("the Custodian") serves as the trustee and the custodian of the Plan's assets. The Company pays certain administrative expenses of the Plan.

Eligibility

Effective October 31, 2003, benefits under the Plan were frozen. Prior to that date, an employee was eligible to participate in the Plan after completion of one year of service if the employee worked at least 1,700 hours during that time. No new participants are permitted to enter the Plan.

Vesting

Participants became 100% vested upon the completion of five years of credited service. A year of credited service was granted for each plan year in which an employee worked at least 1,700 hours of service. The Plan was frozen on October 31, 2003; therefore, no additional years of credited service will be earned after that date.

Payment of benefits

Under the Plan, a participant is eligible for normal retirement benefits upon attaining age 65 or on the fifth anniversary of employment if hired after age 60. The Plan also has provisions for early retirement benefits. The normal monthly retirement benefit is equal to \$26 for each year of credited service. The Plan provides for early and disability retirement benefits at reduced levels upon completion of certain age and service requirements. Benefits are payable in the form of joint and survivor annuity, single life annuity or a lump sum payment.

1. Description of Plan (Continued)

Funding policy

Employees are neither required nor permitted to contribute to the Plan. The Company makes contributions to the Plan as determined by its actuary to be required under accepted actuarial principles in order to meet the minimum funding requirements of ERISA. The Company's contribution amounted to \$148,000 and \$192,000 for the years ended December 31, 2020 and 2019, respectively, which met or exceeded the minimum funding requirements of ERISA.

Administrative expenses

Record keeping, fiduciary fees, tax filings, actuarial services and audit fees are paid by the Plan. Investment commissions are paid from the Plan's assets and are charged directly to the related investment earnings in the year incurred. For 2020 and 2019, administrative expenses consisted of the following:

	<u>2020</u>	<u>2019</u>
Total administrative expenses	\$ 76,105	\$ 122,158
Less: Expenses paid by plan sponsor	<u>-</u>	<u>-</u>
	<u>\$ 76,105</u>	<u>\$ 122,158</u>

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and cash equivalents

The Plan considers all highly liquid investments with a maturity of three months or less to be cash and cash equivalents.

Notes to Financial Statements
December 31, 2020 and 2019

2. Summary of Significant Accounting Policies (Continued)

Investments

The Strippit, Inc. Master Trust ("the Trust") was established for the investment of the Plan's assets and the assets of an additional employee benefit plan sponsored by the Company. The Plan had a shared, but undivided, interest in the Trust with Strippit, Inc. Pension Plan for Salaried Employees. The Custodian held the assets of the Trust. The Plan's investments were stated at fair market value. Shares of registered investment companies were valued at quoted market prices which represented the net asset value of shares held by the Plan at year end. Investment income (loss) and administrative expenses were allocated to the individual plans based upon average monthly balances invested by each plan.

The fair value of the Plan's interest in the Trust was based on the beginning of year value of the Plan's interest in the Trust plus actual contributions (if any) and allocated investment income (loss) less actual distributions and allocated administrative expenses. The Trust was terminated in 2019.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by employees through October 31, 2003, at which time participants stopped accruing benefits. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered through October 31, 2003.

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Cash equivalents: Includes money market accounts, certificates of deposit and all highly-liquid debt instruments purchased with an original maturity date of three months or less.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Corporate bonds and common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Values are determined based on quoted market prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Plan management's review of subsequent events

The plan administrator evaluated events occurring between the end of the most recent plan year and October 5, 2021, the date the financial statements were available to be issued.

Risks and uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and demographics. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the changing nature of these assumptions and the level of risk associated with investment securities, it is at least reasonable possible that changes in these assumptions and in the values of investment securities will occur in the near term. Additionally, such changes could materially affect accumulated benefit obligations and the amounts reported in the statements of net assets available for plan benefits.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2017.

3. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, termination or retirement) between the valuation date and the expected date of payment.

The significant assumptions used in calculating the actuarial present value of accumulated plan benefits as of January 1, 2020 and 2019 were as follows:

Interest rate	5.57% and 5.35%, respectively
Employee turnover	U.S. Steel Turnover rates
Retirement age	Normal retirement age is 65
Mortality rate	Sex distinct Pri-2012 dollar weighted blue collar annuitant and non-annuitant mortality tables projected with Scale MP-2019 on a generational basis, and Combined RP-2014 and Scale MP-2018, respectively.
Investment rate of return	6.27% and 6.11% compounded annually, respectively

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the accumulated plan benefits.

The change in actuarial present value of accumulated plan benefits consisted of the following as of January 1:

	<u>2020</u>	<u>2019</u>
Vested benefits:		
Participants currently receiving benefits	\$ 6,770,415	\$ 7,249,137
Active participants	294,565	365,771
Other participants	<u>979,286</u>	<u>1,019,436</u>
	<u>\$ 8,044,266</u>	<u>\$ 8,634,344</u>

The change in the actuarial present value of accumulated plan benefits consisted of the following as of January 1:

	<u>2020</u>	<u>2019</u>
Accumulated plan benefits - beginning of year	\$ 8,634,344	\$ 9,250,520
Actuarial gains (losses)	(108,755)	178,797
Benefits paid to participants	(799,578)	(1,412,860)
Interest	576,892	617,887
Change in mortality rate assumption	<u>(258,637)</u>	<u>-</u>
	<u>(590,078)</u>	<u>(616,176)</u>
Accumulated plan benefits - end of year	<u>\$ 8,044,266</u>	<u>\$ 8,634,344</u>

4. Financial Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits and the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

5. Investments

The following information is included in the financial statements and supplementary information:

	<u>2020</u>	<u>2019</u>
Plan interest in Strippit, Inc. Master Trust loss	\$ <u>-</u>	\$ <u>8,864</u>
Schedule of Assets Held for Investment Purposes	Schedule H	

6. Fair Value Measurements

The fair value of investments determined to be level 1 assets as of December 31, 2020 and 2019 consisted of:

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 66,334	\$ 66,065
Mutual funds	<u>10,410,649</u>	<u>9,879,953</u>
	<u>\$ 10,476,983</u>	<u>\$ 9,946,018</u>

7. Related Party Transactions

The Plan invests in shares of mutual funds managed by affiliates of Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company acted as the custodian for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions which were exempt from prohibited transactions rules. Administrative fees paid to Vanguard Fiduciary Trust Company amounted to \$13,268 and \$20,777 for the years ended December 31, 2020 and 2019, respectively.

STRIPPIT, INC. PENSION PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements
December 31, 2020 and 2019

8. Tax Status

The Plan obtained its latest determination letter on July 16, 2002 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable provisions of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving this determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Purchase of Annuity Contracts

In November, 2018, the Plan signed an agreement and disbursed funds out of Plan assets totaling \$-0- for both years ended December 31, 2020 and 2019, related to the purchase of a group annuity contract in the name of 35 previously active participants in the Plan. The purchase of annuities covers the remaining benefits owed to 24 retired participants and 11 named beneficiaries of deceased former Plan participants. The group annuity payments commenced February 1, 2019, and disbursements made from Plan assets will no longer be made for these participants covered under the group annuity contract. The final executed contract resulted in a refund of \$36,507 during the year ended December 31, 2019.

10. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to terminate the Plan subject to the provisions set forth in the Plan and ERISA.

In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of benefits to the participants in the order of priority as determined in accordance with ERISA, applicable regulations thereunder and the plan document, as follows:

- a) Benefits former employees or their beneficiaries have been receiving, or that employees eligible to retire would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority is limited to individuals in pay status, or eligible to be in pay status as of three years prior to the plan termination date. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the three years preceding Plan termination.
- b) Other benefits guaranteed under Title IV of ERISA.
- c) All other nonforfeitable benefits.
- d) All other benefits.
- e) Funding in excess of vested benefits reverts back to the respective employer.

STRIPPIT, INC. PENSION PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements
December 31, 2020 and 2019

10. Plan Termination (Continued)

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guarantee while other benefits may not be provided for at all.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods

Actuarial Cost Methods:

Traditional Unit Credit

The actuarial cost method used in the valuation was the traditional unit credit cost method.

The normal cost is the sum of all the individual normal costs for each participant. For active participants, the individual normal cost is the present value of the benefit earned during the year being valued. The normal cost is zero for active participants whose credited service equals or exceeds the plan maximum, and for non-active participants.

The actuarial accrued liability is the sum of the individual accrued liabilities for all participants. The individual accrued liability for an active participant is the present value of the accrued benefit as of the valuation date. For non-active participants, the individual accrued liability is the present value at the current age of future benefits. The unfunded liability is the actuarial accrued liability less the valuation assets.

The total annual cost of the plan is the normal cost plus an amount to amortize the shortfall amount.

Projected Unit Credit

The actuarial cost method used in the development of the maximum contribution and the at-risk liabilities, if applicable, was projected unit credit cost method.

Under this method, the normal cost is the sum of the individual normal costs for all participants. For an active participant, the individual normal cost is the present value at the current age of the projected benefit at the assumed retirement age, based on the actuarial assumptions, divided by the participant's expected years of credited service at that age. For a non-active participant, the normal cost is zero.

The actuarial accrued liability is the sum of the individual accrued liabilities for all plan participants. For an active participant, the individual accrued liability is the product of the normal cost and the total years of credited service at the current age. For non-active participants, the individual accrued liability is the present value at the current age of future benefits. The unfunded actuarial accrued liability equals the actuarial accrued liability less the valuation assets.

Asset Valuation Method:

The actuarial value of the assets is determined by using the average value of the fair market value of the plan's assets at the valuation date over a 24 month period adjusted for contributions, distributions, expected earnings, and includes contributions receivable discounted to the plan year end. The asset value determined under this method is adjusted to be no greater than 110% and no less than 90% of the fair market value of assets.

Participants included in valuation:

All employees who are eligible to participate as of the valuation date, plus retirees, beneficiaries and terminated participants entitled to current or future benefits.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V – Statement of Plan Provisions

Eligibility

All full-time, permanent employees who are members in good standing in the Union, International Association of Machinists and Aerospace Workers, Local Lodge 1691, District 76 Workers enter on their date of employment. No new participants enter the plan after October 31, 2003.

Credited Service

Service is credited for each plan year in which the participant works 1,700 hours. Fractional credit is given for any year in which the participant works less than 1,700 hours, to the nearest 1/10 of a year. No service is credited after October 31, 2003.

Vesting Credit

Vesting credit is earned for each plan year in which a participant works 1,000 hours.

Normal Retirement

Eligibility

The earlier of age 62 and completion of 10 years of credited service, or age 65.

Amount of Benefit

Monthly benefit of \$26.00 multiplied by Service. The accrual rate increase from \$21 was adopted in August, 2001 retroactive to February 7, 2000. Benefit accruals ceased as of October 31, 2003.

Early Retirement

Eligibility

Attainment of age 55 and Rule of 85, or age 60 and 10 years of credited service.

Amount of Benefit

Accrued benefit based on service at Early Retirement prior to age 62 reduced 0.5% for each month benefit commences prior to age 62.

Disability

Eligibility

At any age following 10 years of service.

Amount of Benefit

Monthly benefit is the accrued benefit at date of disability.

Death Benefit

Eligibility

After 5 years of service

One-half of the benefit that would have been paid if the participant had retired the day before he died under the joint and survivor option. Benefits are paid immediately or at the participant's early retirement age, if later. If participant is age 40 or greater with at least 10 years of service, benefit is 50% of accrued benefit payable immediately.

Vesting

Eligibility

5 years of service

Amount of Benefit

Accrued benefit payable at normal retirement date or at early retirement. If paid at early retirement, the benefit is reduced for actuarial equivalence for benefit commencement prior to age 62.

Normal Form of Payment

If married, benefits are paid in the form of a joint and survivor annuity. If not married, benefits are payable for the life of the participant.

Optional Forms of Payment

The plan provides the following forms of payment: Life annuity and 50%, 55%, and 75% Joint and Survivor annuities.

Assumptions for Optional Forms of Payment

Optional forms of payment are calculated by multiplying the monthly pension benefit payable at the time of retirement by a percentage based upon the following formulas:

Life Annuity: 100%;

50% Joint and Survivor Annuity: 100%; however, if the Spouse is more than 5 years younger than the Participant, the 100% factor is reduced 2% for each full year and proportionately for any fractional part of a year the age difference exceeds 5 years.

55% Joint and Survivor Annuity: 90% if the dates of birth of the Participant and the Participant's spouse are within 12 months of each other. If the spouse is at least 12 months older than the Participant, the 90% factor is increased by .5% for each full 12 month period by which the spouse's age exceeds the Participant's age (not to exceed 100%); if the spouse is at least 12 months younger than the Participant, the 90% factor is decreased by .5% for each full 12 month period by which the spouse's age is less than the Participant's age.

75% Joint and Survivor Annuity: 85% if the dates of birth of the Participant and the Participant's spouse are within 12 months of each other. If the spouse is at least 12 months older than the Participant, the 85% factor is increased by .5% for each full 12 month period by which the spouse's age exceeds the Participant's age (not to exceed 100%); if the spouse is at least 12 months younger than the Participant, the 85% factor is decreased by .5% for each full 12 month period by which the spouse's age is less than the Participant's age.

Contributions

The employer pays the total cost of the plan.
