As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 15, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Johnson Matthey Hourly 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the hourly employees of Johnson Matthey Inc. (the Company) who have three months of service and have elected to participate in the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 50% of their monthly pretax base compensation as defined in the Plan. The participant's maximum pretax contribution is limited as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Catch-up contributions for eligible participants are permitted up to the limit as defined by the IRC.

The Company will contribute a matching contribution and/or nonelective contribution based on an employee's hire date and whether an employee is participating in the Johnson Matthey Inc. Amended and Restated Hourly Employees Pension Plan (the Pension Plan). An employee is eligible for a matching contribution after completing one year of service and eligible for a nonelective contribution a completing three months of service.

Matching contribution

For employees hired before January 1, 2019, who elected not to opt out of the Pension Plan, the Company will make a matching contribution equal to 50% of the first 8% of the employee's compensation.

For employees hired on or after January 1, 2019, and employees hired before January 1, 2019, who elected to opt out of the Pension Plan before July 1, 2019, the Company will make a match contribution equal to 100% of the first 4.0% of the employee's compensation.

Nonelective contribution

For employees hired before January 1, 2019, who elect to opt out of the Pension Plan before July 1, 2019, the Company will make a nonelective contribution equal to 5.50% of the employee's compensation.

For employees hired on or after January 1, 2019, the Company will make a nonelective contribution equal to 4% of the employee's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses relating to the Plan. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan.

The Plan allows participants to invest in Johnson Matthey PLC common stock, an employer security. Effective July 1, 2016, the Plan implemented a 25% cap limit within a participant's account balance for the Johnson Matthey PLC common stock. An employee's contribution to the common stock may not exceed 3% of the employee's base wages.

Vesting

Participants are credited with one year of service for each year employed (1,000 hours of service). Participants are always 100% vested in their pretax contributions and are fully vested in their employer contributions only after the completion of three years of credited service or upon retirement, death, or disability.

Administrative Expenses

The Company pays some of the administrative costs of the Plan associated with professional services provided to the Plan, such as legal fees and accounting fees. Fees that are paid by the Company are excluded from these financial statements. Recordkeeping fees are paid by the Plan. If any redemption fees relating to investment transactions apply, those charges are paid from the participant's account on shares held less than 90 days.

Forfeitures

Forfeitures may be used to pay Plan expenses and to reduce future employer contributions. During the 2020 Plan year end, the Plan utilized $8,305 of forfeitures to pay Plan expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $35,213 and $12,450, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 6.50%. Loan repayments are made through payroll deductions over a period not to exceed five years, with the exception of loans for the purchase of a primary residence, which may have a longer term.

Payment of Benefits

Upon separation of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, unless they elect to receive their benefits in the form of installments. Additionally, if the participant reaches the age 59½ or, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Effective January 1, 2020, participants who receive a hardship withdrawals are no longer subject to the six-month contribution suspension.

Other Income and Revenue Credit Account

Other income primarily represents income from T. Rowe Price Trust Company (T. Rowe Price) for the Revenue Credit account. Through this account, the Plan may elect to allocate the revenue credits received on certain investments within the Plan to eligible participant's accounts, on a quarterly basis in arrears, based on a defined formula. The amount allocated during the 2020 Plan year end was $16,470.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Johnson Matthey PLC common stock is stated at fair value based upon a quoted market price. The investments in the common/collective trust funds are valued at NAV per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate fair value (see Note 4).

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income, including capital gain distributions, is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and, therefore, have little or no price transparency,

are valued using the Plan record keeper's best estimate. Other than those matters described in Note 4, there are no restrictions or limitations on the withdrawal of other investments in the portfolio.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For a description of the valuation methodologies used for assets measured at fair value, see Note 2. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2020 and 2019:

	Investment Assets at Fair Value at December 31, 2020			
Assets	**Level 1**	**Level 2**	**Level 3**	**Total**

Total Investments	$ 15,729,710	$ 979,334	$ -	$ 34,391,268

*Certain investments for which fair value is measured using the NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in these tables are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019, respectively.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

Core Plus Bond Fund (c)	1,900,668	N/A	Daily	Daily
T. Rowe Price Retirement Trusts (d)	12,617,655	N/A	Daily	Up to 30 days

(a) ***Stable Value Fund*** - The Plan has a common collective trust investment with the T. Rowe Price Stable Value Common Trust Fund (the Fund). The Fund is a direct filing entity. Under the terms of the Fund's Declaration of Trust, retirement plans invested in the Fund are required to provide either a 12 or 30 month advance written notice to the trustee prior to a full redemption of trust units.

(b) ***Diversified Real Asset CIT*** - The Plan has a collective investment trust (the DRA CIT), with Principal Trust Company (the Trustee). The DRA CIT is a direct filing entity. Withdrawals are permitted on any business day and are processed within a reasonable time, normally not to exceed 3 days. The Trustee will calculate the unit value applicable to each investment on each valuation date.

(c) ***Core Plus Bond Fund*** - The Plan is invested in the Core Plus Bond Fund (the Bond Fund) through their participation in the Prudential Trust Company Collective Trust. The investment is a direct filing entity.

(d) ***T. Rowe Price Retirement Trusts*** – The Plan is invested in various T. Rowe Price Retirement Target Date Trusts (the Trusts) formed under the T. Rowe Price Strategic Common Trust Fund. The investment is a direct filing entity. Under the terms of the Declaration of Trust, retirement plans invested in the Trusts may be required to provide up to 30 days advance written notice prior to redemption of trust units.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of T. Rowe Price, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest in addition to the activity within the Revenue Credit account, as described in Note 1, and the Administrative Budget account, whose balance is not material to the financial statements. Notes receivable from participants also qualify as party-in-interest transactions. All of these transactions are considered to be exempt party-in-interest transactions under ERISA.

At December 31, 2020 and 2019, the Plan had an investment option in the common stock of Johnson Matthey PLC, the parent company of Johnson Matthey Inc., totaling $371,005 and $501,939, respectively. During the 2020 Plan year end, the Plan recorded dividend income of $8,434.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Tax Status

Effective April 15, 2016, the Plan adopted Thompson Hine LLP Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan), which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since the adoption of the Volume Submitted Plan and the amendments are not material to the Plan, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2020**	2019
Total net assets per the financial statements	**$ 38,431,253**	$ 35,131,241
Deemed distribution of participant loans	**(13,238)**	(73,097)
Net Assets Available for Benefits Per the Form 5500	**$ 38,418,015**	$ 35,058,144

The following is a reconciliation of total deductions per the financial statements to the Form 5500:

Year ended December 31, 2020	
Total deductions per the financial statements	**$ 4,139,951**
Less: Deemed distribution of participant loans at December 31, 2019	**(73,097)**
Add: Deemed distribution of participant loans at December 31, 2020	**13,238**
Total Deductions Per the Form 5500	**$ 4,080,092**

9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in mutual funds and common stock that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practice, and possible adverse political

and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

COVID-19 Outbreak

On January 30, 2020, the World Health Organization (WHO announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

10. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.
