O'NEILL VINTNERS & DISTILLERS
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of O'Neill Vintners & Distillers 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan providing retirement benefits for all employees of O'Neill Vintners & Distillers (the "Company") who are twenty-one years of age or older. Employees are eligible to contribute elective deferrals on the first day of the month following hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was effective on January 1, 2005, and most recently restated on January 1, 2018 by the Company.

Contributions:

Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. After one year of service the Company makes safe harbor matching contributions equal to 100% of an employee's salary deferral that does not exceed 3% of their compensation plus 50% of the employee's salary deferral between 3% and 5% of the employee's compensation. In addition, the Company may also make discretionary non-elective contributions. Participants direct the investment of the contributions into various options offered by the Plan.

Participant Accounts:

The trustee of the Plan maintains an account for each participant. Each participant account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of investment and administrative expenses, not paid by the Company. Allocations are based on participant earnings or account balances, as defined.

Vesting:

Participants are immediately vested in their elective deferral contributions, the Company's safe harbor contributions and non-elective contributions plus actual earnings thereon. Participants are vested in the employer contributions made prior to 2015 in accordance with the following schedule:

Years	Vesting
0	0%
1	0%
2	0%
3	100%

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Notes Receivable from Participants:

Participants may borrow a minimum of $1,000 up to the lessor of $50,000 (reduced by the highest outstanding loan balance in their account during the prior twelve-month period) or 50% of the vested account balance. Principal and interest must be repaid over a period not to exceed five (5) years. Loans used to acquire a principal residence shall provide for periodic repayment over a reasonable period of time that may exceed five (5) years. All loans are secured by a minimum of 50% of the participant's vested interest in the Plan. Interest rates are based on the prime rate plus 2% at the time the loan is made and remain fixed for the duration of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits:

On separation of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in accordance with Plan provisions. Similar options are available upon termination of employment. The Plan permits a hardship distribution to a participant prior to and after separation from service in accordance with the Plan's hardship policies.

Forfeited accounts:

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $445 and $632, respectively. Amounts accumulated in the forfeiture account will be used to reduce future employer contributions and administrative fees. Forfeitures of $225 and $0 were used to reduce administrative fees during the year ended December 31, 2020 and 2019, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for a discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition (Cont.):

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note is recorded as a benefit payments based upon the terms of the Plan document.

Benefits Paid to Participants:

Benefits paid to participants are recorded when paid.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Use of Estimates:

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America. Those standards require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Reclassification:

Certain amounts in the December 31, 2019 financial statements have been classified for comparative purposes to conform to the presentation in the December 31, 2020 financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Cont.)

Date of Management's Review of Subsequent Events:

The Plan has evaluated subsequent events through October 12, 2021, the date on which the financial statements were available to be issued.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 measurements are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Total	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2020		
Registered investment companies - mutual funds	$ 14,772,903	$ 14,772,903
Total investments in the fair value hierarchy	$ 14,772,903	$ 14,772,903
December 31, 2019		
Registered investment companies - mutual funds	$ 12,452,747	$ 12,452,747
Total investments in the fair value hierarchy	$ 12,452,747	$ 12,452,747

NOTES TO FINANCIAL STATEMENTS

Note 4. Summary of Information Certified by Trustee (Unaudited)

The Plan's investments are held and administered by Fidelity Management Trust Company, as trustee. The Trustee of the Plan has provided a certification that the following information, which is contained in or used to develop the accompanying financial statements, is complete and accurate:

Investments as of December 31, 2020 and 2019.

Investment income for the year ended December 31, 2020.

Schedule of Assets Held for Investment Purposes as of December 31, 2020.

Note 5. Fixed Annuity Contract with Insurance Company

The Plan holds a fully benefit-responsive group annuity investment contract issued by Lincoln National Life Insurance Company. Lincoln National Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln National Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate for the calendar quarter is determined in advance and is based on numerous factors including interest rate environment, plan level cash flow, and competitive marketplace for both guaranteed products and money market funds. The interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit responsive fund is derived by averaging the quarterly gross interest rates for the fund over the year. For 2020 and 2019, the average yield earned by the Plan was 2.125% and 2.350%, respectively. The actual average yield earned by the Plan for the benefit responsive fund is derived by averaging the Plan's quarterly interest rates. For 2020 and 2019, the actual average yield earned by the Plan was 2.125% and 2.350%, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fixed Annuity Contract with Insurance Company (Cont.)

The Plan may transact according to the terms defined in the contract at any time. The Plan has the option to terminate the contract and receive immediate payment, whereas the payout will never be lower than the principal accumulated at the guaranteed minimum interest rate of 1% as specified in the terms of the contract. The guaranteed investment contract may be terminated by the issuer with at least ninety days of advance written notice to the other party.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions set forth in ERISA and the Internal Revenue Code. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balances.

Note 7. Related Party Transactions

During the December 31, 2020 and 2019 plan years, the trustee of the plan provided participant-level services as defined by the Plan and, therefore, these transactions qualify as party-in-interest. There were no separate fees paid by the Plan for the investment services.

Note 8. Income Tax Status and Plan Amendments

The Plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service has determined and informed the sponsor of the volume submitter plan that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however; there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three to four years for income tax examination.

NOTES TO FINANCIAL STATEMENTS

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the COVID-19 outbreak in the United States, economic uncertainties have arisen which are likely to have an impact on the Plan's net assets and investment returns, thought the effects of such potential impact and its duration are unknown at this time.
