EMI Industries, LLC 401(k) & Bonus Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE A - DESCRIPTION OF PLAN

EMI Industries, LLC, a Florida limited liability company, acquired M & H Manufacturing, Inc., All State Fabricators Corp., and Marlo Manufacturing Co., Inc. in 1999, 2003 and 2011, respectively. The M & H Manufacturing, Inc., All State Fabricators Corp. and Marlo Manufacturing Co., Inc. 401(k) retirement plans were merged into the EMI Industries, LLC 401(k) & Bonus Plan retirement plan in the reporting period subsequent to the company acquisitions in accordance with the Internal Revenue Code and its regulations relating to such mergers and consolidations.

The following description of the EMI Industries, LLC ("Company") 401(k) & Bonus Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

1. General

The Plan is a defined contribution plan and trust covering employees of the Company. The Plan was restated effective May 12, 2017, upon transfer of investments to Great-West Life & Annuity Insurance Company (“GWL&A”).

During April 2020, the Plan allowed the distribution provision of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan’s participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The amounts available to participants through loans (notes receivable from participants) was increased from 50% of the vested balance up to $50,000 to the lesser of the participant’s vested balance or $100,000. In addition, the Plan allowed the temporary loan repayment deferral provision of the CARES Act. The deferral provision Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. Participants utilized the CARES Act temporary loan repayment deferral provision; however, no participants utilized the CARES Act distribution provision.

2. Contributions

Participants are permitted to make elective deferral contributions of their compensation, subject to the limits of the Internal Revenue Code. Employer matching and profit-sharing contributions shall be made at the discretion of the employer. The Company accrued matching contributions of $0 and $65,595 at December 31, 2020 and 2019, respectively.

The Plan has an Eligible Automatic Contribution Agreement (EACA) provision under Internal Revenue Code Section 414(w). The default deferral rate shall be 3% of an employee’s compensation each payroll period. The automatic deferral percentage will increase by 1% per year up to a maximum of 10% of employee compensation. Participants must specifically opt out of the auto-enroll feature if they choose not to participate.

NOTE A - DESCRIPTION OF PLAN - Continued

3. Participant Accounts

The participant accounts are participant directed investment options. The participants are allowed to change the percentage contributed to the Plan through payroll deductions on a weekly basis. Participants can also move individual accounts from one mutual fund to another or change how the funds are allocated among investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant in the Plan has a separate account that is credited with the annual allocation of (a) the Company's contributions, (b) the employee's elective contributions, (c) the Plan's earnings or losses, and (d) forfeitures, if any. Allocations are based on the prorated earnings of the employee compared to the total earnings of all participants.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, is based on years of service. Participants in the Plan vest in employer contributions at a rate of 20% annually and are fully vested after six years of credited service.

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), dies, or becomes totally and permanently disabled.

5. Payment of Benefits

Benefit payments are made in the form of a lump-sum distribution or installments over a period of not more than the assumed life expectancy. Upon normal retirement, death, or becoming permanently disabled, Plan participants will be entitled to 100% of their account balance. If employment is terminated for any reason other than those previously mentioned, the participant will only be entitled to the vested portion of the employer contributions. However, participants are entitled to 100% of the account balance of any salary reduction or voluntary contributions made on their own behalf. The CARES Act provisions available to participants are described in Note A1.

6. Forfeitures

Forfeitures of non-elective and matching contributions are used to reduce employer contributions or pay administrative expenses. Forfeited non-vested accounts totaled approximately $3,594 and $1,622 at December 31, 2020 and 2019, respectively. No forfeitures were used to pay administrative expenses during the year ended December 31, 2020.

NOTE A - DESCRIPTION OF PLAN - Continued

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants become 100% vested in their accounts in the event of Plan termination.

8. Basis of Participant Contributions

Participants who have reached 21 years of age and two months of service with the Company may elect to have salary reduction contributions in such amounts expressed either in dollars or in whole percentages of their compensation, subject to Internal Revenue Code limitations.

Participants who have attained 21 years of age and one year of service are eligible for employer discretionary match contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation

Investments are valued as follows:

- Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to provide their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Fixed annuity contracts are valued daily based on the valuation method disclosed in the annuity content, as calculated by the annuity provider.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

4. Benefit Payments

Benefits are recorded when paid.

5. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Participant loans are considered in default if not current at the end of the calendar quarter following the quarter when a payment was due. The CARES Act provisions available to participants are described in Note A1. Four participants utilized the CARES Act provision to extend the participants payback period during the year 2020.

NOTE C - INVESTMENTS

The Plan's investments consist of mutual funds and fixed annuity contracts that are held by a trust company at December 31, 2020 and 2019. The value of these trust investments was $17,199,632 and $15,785,487 at December 31, 2020 and 2019, respectively.

The net appreciation or depreciation includes realized gains and losses on investments that were bought and sold during the respective year. The net appreciation in fair value of the investment accounts was $1,904,733 for the year ended December 31, 2020.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures,* establishes a framework for using fair value to measure assets and liabilities and defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) as opposed to the price that would be paid to acquire the asset or received to assume the liability (an entry price).

Under FASB ASC 820, a fair value measure should reflect the assumptions that market participants would use in pricing the asset or liability, including the assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

FASB ASC 820 requires disclosures that stratify the statement of net assets available for benefits amounts measured at fair value based on inputs the Plan used to derive fair value measurements. These strata include:

- Level 1 inputs, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the-counter markets with sufficient volume),

- Level 2 inputs, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market, and

- Level 3 inputs, where the valuation is generated from model-based techniques that use significant assumptions not observable in the market, but observable based on fund-specific data. These unobservable assumptions reflect estimates or assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques that are used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2020 and 2019:

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Investments in certain restricted mutual funds are valued at quoted market prices. (Level 1)

Fixed Annuity Contracts: Valued daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. These annuities are fully benefit-responsive and are therefore reported at contract value and are not leveled in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following table presents financial assets measured at fair value on a recurring basis as of December 31,:

December 31, 2020	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	$ 15,943,607	$ 15,943,607	$ -	$ -
Total	$ 15,943,607	$ 15,943,607	$ -	$ -

December 31, 2019	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	$ 15,041,038	$ 15,041,038	$ -	$ -
Total	$ 15,041,038	$ 15,041,038	$ -	$ -

The information in this note was obtained from data that had been prepared and certified as complete and accurate by Great-West Life and Annuity Insurance Company as of December 31, 2020 and 2019, respectively.

NOTE E - FIXED ANNUITY CONTRACTS

The Plan invests in fully benefit-responsive investment contracts issued by Great-West Life & Annuity Insurance Company (“GWL&A”) and had a value of $1,256,025 and $744,449 at December 31, 2020 and 2019, respectively. GWL&A maintains the contributions under a general account. The account is crediting with earnings on the underlying investments and charge for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.28 percent and 1.45 percent at December 31, 2020 and 2019, respectively.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because these are the amounts received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE E - FIXED ANNUITY CONTRACTS - Continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options of deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Contract administrative fees amounted to $60,840 for the year ended December 31, 2020.

NOTE G - TAX STATUS

The IRS has determined and informed the Plan by a letter dated October 16, 1998, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has received its latest IRS determination letter dated March 31, 2014. Although the Plan has been amended since receiving the latest determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

NOTE G - TAX STATUS - Continued

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017. See Note M on Subsequent Events that disclosed the Plan is subject to a Department of Labor Investigation that began January 2021.

NOTE H - ADMINISTRATION OF PLAN ASSETS

The investments of the Plan are held and administered by GWL&A. As Plan trustee, GWL&A invests cash received, interest and dividend income, and makes distributions to participants. Officers or employees of the Company also perform administrative functions; however, no officer or employee received compensation from the Plan.

NOTE I - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

NOTE J - FINANCIAL DATA CERTIFIED BY THE TRUSTEE (UNAUDITED)

Investment income		
Net appreciation of mutual funds	$ 1,904,733	
Dividends	$ 624,133

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amount reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value during and after the year ended December 31, 2020. The Company is not able at this time to estimate COVID-19's full impact on the Plan's financial statements.

NOTE L - PARTICIPANT'S BENEFITS

Some Plan participants have terminated employment with the Company but had vested balances in the Plan at December 31, 2020 and 2019. There were no amounts allocated to accounts that have elected to withdraw from the Plan but have not yet been paid at December 31, 2020 and 2019.

NOTE M - SUBSEQUENT EVENTS

The Plan's management has evaluated events and transactions occurring subsequent to December 31, 2020 as of October 13, 2021, which is the date the financial statements were available to be issued.

NOTE M - SUBSEQUENT EVENTS - Continued

The Plan received notice from the U.S. Department of Labor (“DOL”) in January 2021 that the the DOL was conducting an official investigation of the Plan pursuant to ERISA Section 504. Management does not expect an adverse outcome or significant penalties associated with the investigation. As of October 13, 2021, the investigation was still in progress and no final report had been received by the Plan.
