1. DESCRIPTION OF THE PLAN

The following description of Koeller Nebeker Carlson & Haluck, LLP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Koeller Nebeker Carlson Haluck LLP ("KNCH", "Employer", "Company", or "Plan Sponsor"), established on January 1, 1997, and restated on October 15, 2018, and is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. In response to the economic disruption caused by COVID-19, the U.S. Government enacted the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, which includes provisions to provide relief and assistance to affected organizations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of COVID-19 and the ultimate impact of the CARES Act and other government initiatives. It is at least reasonably possible that this matter will negatively affect the Plan. However, the ultimate financial impact and duration cannot be reasonably estimated by management at this time

Effective March 27, 2020, the Plan adopted the provisions of the CARES Act related to participant loans and distributions. See "Notes receivable from participants" and "Payment of benefits" disclosures below for a description of the provisions adopted by the Plan.

Plan administration

KNCH is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. KNCH has delegated certain responsibilities for the operation and administration of the Plan. KNCH has contracted with Massachusetts Mutual Life Insurance Company ("MassMutual") and Reliance Trust Company ("Trustee") to provide custodial, record-keeping, and administrative services to the Plan. As a result of the acquisition, Empower is the new recordkeeper and Great-West Life & Annuity Insurance Company ("GLAIC" or "Custodian:), an affiliate of Empower, is the new asset custodian and issuer of the MassMutual Guaranteed Interest Account.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees, excluding nonresident aliens, leased employees, and employees covered by a collectively bargained agreement, are eligible to participate by making elective deferrals to the Plan immediately upon the date of their employment. New participants can enter the Plan at the beginning of each month. Employees are eligible to receive discretionary profit sharing contributions, if any, after they complete one year of service and work 1,000 hours during that year. In addition, they must be employed at year end.

Contributions

Participants may elect to contribute a portion of their compensation to the Plan, subject to calendar year contribution limits set forth by the IRC. Participant contributions may be made on a pre-tax basis or after-tax as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions which are also subject to IRC limits. Participants may also contribute amounts (rollovers) representing distributions from other qualified defined benefit or defined contribution plans.

Unless participants affirmatively elect otherwise, the Plan automatically defers a minimum of 6% of eligible compensation, on a pre-tax basis, each pay period and contributes that amount to the Plan. Under the provisions of the Plan, the participant's elective deferral rate will automatically increase each year by 1% of eligible compensation up to a maximum of 10%.

The Plan allows for discretionary Employer matching contributions to be made by the Company. There were no discretionary Employer matching contributions made to the Plan for the year ended December 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contributions (including rollovers), and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings, if any, and charged with an allocation of Plan losses, if any, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of their account balance or $50,000, whichever is less. The notes receivables from the participants are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants (continued)

With the adoption of the CARES Act, qualifying participants impacted by COVID-19 were able to borrow up to the lessor of $100,000 or 100% of their vested account balance. The notes receivable limit increase was available from March 27, 2020, through September 22, 2020. Additionally, repayments of outstanding notes receivable for qualifying participants were able to be suspended for up to one year for payments due from March 27, 2020 through December 31, 2020. Interest continued to accrue on suspended payment amounts.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contributions plus earnings thereon, is based on years of continuous service, as defined. Participants are 100% vested in the Employer contributions after 6 years of credited service. In the event of death, disability or attaining normal retirement age, participants are immediately 100% vested in all discretionary Employer contributions.

The vesting schedule for the employer discretionary base contribution is as follows:

Years of Service	Percentage
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeitures accounts

Forfeitures of terminated participants' non-vested account balances may be used first to pay Plan expenses, then to reduce Employer contributions in the Plan year subsequent to when such forfeitures were determined to have occurred. Forfeited accounts available for the Employer to pay Plan expenses and to reduce Employer contributions totaled $5,178 and $1,103 as of December 31, 2020, and 2019, respectively. Forfeitures of $300 of were used to pay expenses during the 2020 Plan year. No amounts were used to reduce Employer contributions during the 2020 Plan year.

Payment of benefits

Upon termination of service due to death, disability, retirement, or termination of employment from the Company, a participant may elect to receive a lump-sum payment for the participant's vested interest in his or her account. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits (continued)

With the adoption of the CARES Act, qualified participants were able to take coronavirus-related distributions up to lesser of $100,000 or 100% of their vested account balance from January 1, 2020, through December 30, 2020. Mandatory tax withholdings and early withdrawal penalties were waived, and ordinary income taxes may be paid over a three-year period. Participants are permitted to repay the distribution over a three-year period. In addition, required minimum distributions for individuals who have reached age 70 ½ have been waived.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping fees, were paid directly by KNCH for the year ended December 31, 2020. The Plan is not required to reimburse KNCH for expenses paid on its behalf. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risk and uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and changes therein (see Note 1).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Participants direct the investment of their contributions into a variety of investment options offered by the Plan, including mutual funds, common collective trusts, and a guaranteed interest account (GIA). The Plan's investments in mutual funds are stated at fair value as determined by the open market. The Plan's investment in common collective trusts are reported at estimated fair value using net asset value (NAV), as a practical expedient to fair value as determined by the issuer. The Plan's investment in the GIA is a fully benefit-responsive investment contract valued at contract value as determined by the Custodian.

Purchases and sales of investments are recorded by the Trustee on a settlement-date basis and adjusted at year-end for unsettled trades to trade date on the Plan's financial statements. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year as well as held at year-end.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions and contributions receivable

Contributions from participants (Employee contributions) are recorded based on the date the contributions have been separated from a participant's pay by KNCH, which is the pay date. The Plan records participant deferral receivables for amounts separated from the participants' pay but not yet applied to participant accounts as of December 31, 2020. Contributions from KNCH (Employer contributions) are recorded in the year earned to coincide with the year which KNCH records the contributions in its general ledger. The Plan records receivables for Employer contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end.

Rollover contributions from participants are recorded based on the date the rollover contributions were received by the Plan.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

Accounting standards update

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), *Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments eliminate, add, and modify certain fair value disclosure requirements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2020. The adoption of this standard did not have a material effect on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards require the fair value be determined based on the price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in and orderly transaction between market participants. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (continued)

In instances where the determination of fair value measurement is based on inputs from the different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Mutual funds: Mutual funds are valued at the NAV of shares held by the Plan at year end which are quoted in an active market are classified within level 1 of the valuation hierarchy. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at its NAV as a practical expedient to fair value and as determined by the fund issuer, based on the market value of its underlying investments. While the majority of the underlying asset values are quoted prices, the net asset value of the common collective trusts are not publicly quoted. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the common collective trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage account: The self-directed brokerage accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices, using their respective published rates on the open market and are deemed to be actively traded.

The Plan's investment in the GIA is valued at contract value and is not disclosed in the fair value hierarchy under accounting standards.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2020, and 2019, there were no restrictions on redemptions or unfunded commitments for any of the major classes of assets.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 6,680,021	$ -	$ -	$ 6,680,021
Self-directed brokerage account	163,208	-	-	163,208
	$ 6,843,229	$ -	$ -	6,843,229
Investments measured at net asset value				15,200,764
				$ 22,043,993

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 5,351,262	$ -	$ -	$ 5,351,262
Self-directed brokerage account	200,795	-	-	200,795
	$ 5,552,057	$ -	$ -	5,552,057
Investments measured at net asset value				15,142,262
				$ 20,694,319

* In accordance with Subtopic 820-10, certain investments that were measured at NAV as a practical expedient to fair value have not been classified within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. GUARANTEED INTEREST ACCOUNT

The Plan has a GIA with Mass Mutual (the "Issuer") under which participant directed contributions in the GIA are commingled with the general assets of the Issuer. The GIA is considered a fully benefit-responsive investment contract and is reported at contract value on the Plan's financial statements, as determined by Issuer. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The crediting interest rate for the contract at December 31, 2020 and 2019, was 2.08% and 1.92%, respectively. The crediting interest rate is determined by the Issuer and is reset quarterly and is guaranteed to never fall below 0.00%.

The GIA can be terminated by the Issuer if the total fair value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract. There are no circumstances that would allow the Issuer to terminate the contract and settle in amount other than contract value. The GIA can also be terminated by either the Company or the Issuer for additional reasons as defined in the contract. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) the Plan breaches a provision of the agreement with the Issuer (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the Issuer or the Plan's participants are probable of occuring at this time.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of annual reporting permitted by Section 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment and notes receivable from participants information, and related activity, certified by the Trustee and Custodian as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED) (continued)

The Plan's Trustee and Custodian certified the following information included in the accompanying financial statements as complete and accurate as of December 31:

	2020	2019
Investments, at fair value	$ 6,843,229	$ 5,552,057
Investments, at estimated fair value	15,200,764	15,142,262
Investments, at contract value	3,153,729	2,913,577
	25,197,722	23,607,896
Notes receivable from participants	259,575	353,423
	$ 25,457,297	$ 23,961,319

The Plan's Trustee and Custodian certified the following information included in the accompanying financial statements as accurate and complete for the year ended December 31, 2020:

Net appreciation in fair value of investments	$ 2,135,571
Interest and dividend	290,968
Interest income on notes receivable from participants	19,394
Revenue credits	61,460

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts as defined in the plan document.

7. TAX STATUS

The Plan is a Volume Submitter Plan sponsored by Mass Mutual Life Insurance Company. The Volume Submitter Plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, which states that the document satisfies the applicable provisions of the IRC, and is appropriate for use by employers for the benefit of their employees. The Plan has been amended since the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Transactions conducted by the Trustee and Custodian and their affiliates and the Company, on behalf of the Plan, qualify as party-in-interest transactions. The Trustee pays certain commissions related to the Plan to a party-in-interest. Also, the Plan Sponsor pays certain fees on behalf of the Plan.

The Plan has an agreement with the Custodian to receive expense budget account credits from the Custodian's revenue. These amounts are reflected on the statement of changes to net assets for available for benefits as revenue credits. These amounts are used to pay certain plan administrative expenses. The amounts of revenue and expense related to revenue credits in the amount of $61,460 is included in the accompanying statement of changes in net assets available for benefits.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Trustee and Custodian retains as compensation, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.
