NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Remington Savings and Investment Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan established for the benefit of the employees of Remington Arms Company, LLC (the Company) to contribute both tax-deferred compensation and after-tax voluntary contributions. Membership in the Plan, which is voluntary, is offered to all employees who are members of the International Union United Mineworkers of America (Union) who have reached 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

On July 27, 2020, Remington Outdoor Company, Inc. and its subsidiaries (collectively, Remington) filed voluntary petitions for chapter 11 bankruptcy in the United States Bankruptcy Court for the Northern District of Alabama (Court), in cases jointly administered as In re Remington Outdoor Company, Inc., et al., Case No. 20-81688-CRJ-11 (the Bankruptcy Cases).

In connection with the bankruptcy and wind down of Remington, the Plan was terminated effective July 31, 2021. The termination and wind down of the Plan is being managed by the Remington Outdoor Company, Inc. Liquidation Estates (the ROC Estates), the successor entity to Remington.

Although the plan sponsor was in chapter 11 bankruptcy, the Plan was ongoing as of December 31, 2020. Liquidation of the Plan, however, became imminent in 2021 and was terminated as described above. As such, the going concern basis of accounting was used for the 2020 financial statements.

The Plan Sponsor directs Empower Retirement to execute all steps necessary to immediately effectuate the termination in accordance with the Plan. All Participants must be out of the Plan and Plan Assets must be zero by November 30, 2021. Those Participants who do not voluntarily distribute their account balances will be rolled over into individual retirement accounts.

Contributions

Each year, participants may make salary deferral contributions in any percentage from 0% to 50% of annual compensation, as defined in the Plan, subject to the limitations imposed by the Internal Revenue Code (IRC). For the Plan year ended December 31, 2018 and the nine months ended September 30, 2019, matching contributions were made by the Company equal to 50% of salary deferrals up to the first 6% of pre-tax compensation. From October 1, 2019 through the year ended December 31, 2019, matching contributions were made by the Company equal to 50% of salary deferrals up to the first 3% of pre-tax compensation.

The Plan also allows individuals who will be at least age 50 by the end of the Plan year to make an additional catch-up contribution, which is limited based on Section 414(v) of the IRC.

In addition, employees starting after September 1997 are eligible for an additional contribution (the Profit-Sharing Contributions) determined at the discretion of the board of directors. There were no Profit-Sharing Contributions made for the Plan years ended December 31, 2020 or 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, if eligible, and allocations of (a) the Company's discretionary contribution and (b) Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on the options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. The portion of the participant's account attributable to the Remington Match Contribution becomes 20% vested after one year of credited service as defined and continues to vest at the rate of 20% for each successive year of service until 100% vested after five years of service. Vesting in the Profit-Sharing Contributions is 0% until after three years of service have been completed, at which time participants become 100% vested in the Profit-Sharing Contributions.

Forfeitures

Any forfeited amounts will be applied in satisfaction of administrative expenses and future contributions by the Company. The forfeited amounts applied during the Plan years totaled \$2,320 and \$6,576 as of December 31, 2020 and 2019, respectively. The total unapplied forfeited balance totaled \$2,742 and \$28,094 as of December 31, 2020 and 2019, respectively.

Investment Options

Participants may direct the investment of contributions on their behalf in one or more of the investment funds. Participants may elect to change the percentage of their salary contributed, change the investment directive of future contributions or transfer all or a portion of an existing fund balance to another fund or funds at any time.

Notes Receivable from Participants

Participants may borrow from their fully vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's vested account and bear interest, determined by the Plan administrator, at a rate which is commensurate with local prevailing rates. Loan terms range up to five years or up to ten years if the purpose of the loan is to acquire a primary residence. Principal and interest are paid through payroll deductions. A participant may have a maximum of three loans outstanding at any one time. The notes bear interest rates that range from 5.25% to 7.50% as of December 31, 2020 and 2019. The loans mature on various dates between 2020 and 2029.

Payment of Benefits

Participants may make withdrawals from all the accounts in which they are fully vested in accordance with the provisions outlined in the Plan. All withdrawals by participants are subject to approval by the Plan administrator or the recordkeeper Massachusetts Mutual Life Insurance Company (MassMutual), if otherwise authorized by the Plan administrator and agreed to by the recordkeeper, and will not be permitted if they would have the effect of disqualifying the Plan from exemption from taxation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Any notes considered in default are treated as deemed distributions based upon the terms of the Plan document and included in benefits paid to participants in the statements of changes in net assets available for benefits. There was no reserve for credit losses as of December 31, 2020 and 2019.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the Plan experienced an increase in volatility in the fair value of the investments within the Plan. These economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's participants' account balances cannot be predicted at this time.

Administrative Expenses

The Plan sponsor pays all administrative expenses related to legal, accounting and administrative costs. Expenses associated with account maintenance, transaction and investment fund management are charged to investment earnings by MassMutual before earnings are allocated to participants' accounts.

Payment of Benefits

Benefits and withdrawals are recorded when paid.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which made changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification (ASC). The amendments in the ASU were effective for the Plan's fiscal year beginning after December 15, 2019, with early adoption permitted. Entities are required to adopt the guidance retrospectively to all periods presented. The Plan adopted the updated provisions in these financial statements. The adoption of such provisions did not have a material impact on the financial statements and related disclosures.

In August 2018, FASB issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements for fair value measurements. The updated guidance was effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted the updated provisions in these financial statements. The adoption of such provisions did not have a material impact on the financial statements and related disclosures.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Remington Savings and Investment Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

- **Pooled Separate Accounts:** The Plan holds a group annuity contract issued by MassMutual, which includes pooled separate account options that are valued at the net asset value (NAV) of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments and no redemption restrictions in place for the pooled separate accounts. Pooled separate accounts have varying investment strategies, with the majority of the accounts being target retirement accounts and include stable returns, target retirement funds, and index funds.

Certain pooled separate accounts do not file a Form 5500 as a Direct Filing Entity with the Department of Labor. As a result, portions of the Plan's Form 5500 must report information on the registered investments for the underlying assets of the pooled separate accounts.

- **Mutual Funds:** Valued at the fair value based on quoted market prices at year end.
- **Common Collective Trusts:** The Plan holds common collective trusts, which are valued at the respective NAV as reported by such trusts. The NAV is used as a practical expedient to estimate fair value and is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. There are no unfunded commitments and no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these funds. The NAV is a quoted price in a market that is not active and classified within Level 2 of the valuation hierarchy.

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers in or out of Levels 1, 2 or 3 during the years ended December 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Remington Savings and Investment Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2020 and 2019

NOTE 4 - INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, as trustee, and MassMutual, as custodian, have certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, cash, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2014 stating that the Plan and related trust are designed in accordance with applicable requirements of the IRC. The Plan has been amended since the date of the opinion letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by MassMutual. In addition, certain notes are receivable from Plan participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued and determined that it does not have any material subsequent events that require adjustment to or disclosure in these financial statements.
