Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Triple T Transport Employees 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Nationwide Trust Company, FSB, and Nationwide Life Insurance Company, collectively, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Triple T Transport Employees 401(k) Profit Sharing Plan (the Plan) is provided for general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Triple T Transport, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). These responsibilities are carried out by the Plan Trustees.

Plan participants may include substantially all employees of the Company, except those who are classified as independent contractors. Participants must have completed 1,000 hours of service and attained 21 years of age. Participants are enrolled into the Plan on the earlier of either January 1 or July 1 after meeting the requirements of eligibility. Participants direct the investments of contributions into various investment options offered by the Plan.

Contributions: Each eligible employee (participant), as defined in the Plan, may elect to contribute, through payroll deductions, up to 100% of their annual compensation on a pre-tax or after-tax basis, subject to Internal Revenue Code (IRC) limitations. The Plan allows participants who have attained age 50 by the end of the plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for discretionary employer matching contributions of 50% of the first 3% of participant's elective deferrals, and 25% of the next 2% of participant's elective deferrals of total compensation. The Company may also make additional matching contributions and discretionary contributions. No additional matching or discretionary contributions were made during 2020.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices more fully described in the Plan's literature. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in discretionary employer matching contributions at 20% per year of service, after attaining 1 year of credited service, and are fully vested at 5 years of credited service. Participants become vested in employer profit sharing contributions at 20% per year of service, after attaining 2 years of credited service, and are fully vested at 6 years of credited service. Participants who have attained normal retirement age of 65 or have terminated as a result of death or disability are immediately fully vested in Company contributions, plus actual earnings thereon.

Forfeitures: If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited account balances totaled $43 and $0, respectively. During the year ended December 31, 2020, $76,183 of forfeitures were used to reduce employer contributions.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A loan is secured by the balance in the participant's account and bears interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Participants are limited to one outstanding note at any given time. Principal and interest is paid ratably through payroll deductions

Payment of benefits: A participant may receive the value of his or her account upon normal retirement age, attainment of age 59½, disability, or termination. Distributions are made in lump-sum payments. Upon death of a participant, the beneficiary shall be entitled to the full value of the account and distributions may be made in installments not to exceed the life expectancy of the beneficiary. Hardship withdrawals, as defined in the Plan, are also available to the participants and limited to fully vested account balances.

During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions allowing qualified individuals to receive coronavirus-related distributions in an aggregate amount up to $100,000 from the participant's account in the Plan. Coronavirus-related distributions could be taken up to December 31, 2020 and may be repaid within three years of the date of distribution.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions: Participant contributions and discretionary employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings. Additional matching or discretionary contributions are recognized when declared by the employer.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: The Plan is responsible for certain administrative expenses, which are recognized when incurred. A portion of the administrative expenses are paid by the Company, at the Company's discretion.

Transfers in: The Plan allows the transfer of funds from the Company's employee stock ownership plan (ESOP) into the Plan. These transfers are a result of the recycling of shares, diversification of shares, and proceeds related to a Department of Labor consent order.

Recently adopted accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.

2. The policy for timing of transfers between levels.

3. The valuation processes for Level 3 fair value measurements.

4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.

2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan has adopted a volume submitter plan sponsored by Nationwide Life Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 4. Information Certified and Provided by Nationwide Trust Company, FSB, and Nationwide Life Insurance Company (Nationwide)

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2020	2019
Investments, at fair value:		
Registered investment companies	$ 10,603,128	$ 8,681,597
Investments, at contract value:		
Guaranteed annuity contract	$ 427,275	$ 1,511,075

Nationwide also certified to the completeness and accuracy of $1,443,409 of net appreciation in the fair value of investments for the year ended December 31, 2020.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 5. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 10,603,128	$ -	$ -	$ 10,603,128

	2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,681,597	$ -	$ -	$ 8,681,597

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfers relative to total net assets available for benefits.

Note 6. Guaranteed Annuity Contract with Nationwide Life Insurance Company

The Plan has a guaranteed annuity contract investment contract with Nationwide Life Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2020 and 2019, was $427,275 and $1,511,075, respectively. Fair value approximates contract value at December 31, 2020 and 2019.

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2% and is reset at least quarterly.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code.
2. The Plan's total investment in the contract falls below an amount specified in the contract.
3. Premature termination of the contract.
4. Plan termination or merger.
5. Changes to Plan's prohibition on competing investment of other Plan provisions that have an adverse effect on the investment.
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7. Party-in-interest Transactions

Certain plan investments are managed by Nationwide Trust Company, FSB, and Nationwide Life Insurance Company (Nationwide), collectively, the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. During 2020, the Plan paid administrative fees of approximately $10,000 to Nationwide. In addition, the Plan paid approximately $25,000 for certain expenses related to plan operations to various service providers.

Note 8. COVID-19 Pandemic, Economic Uncertainty

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.
