WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
APRIL 20, 2021, DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Weavertown Transport Leasing, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Plan Organization and General Provisions - The Plan is a defined contribution plan covering all employees of Weavertown Transport Leasing, Inc. and D. Fuchs Holdings, L.P. (collectively, the Company). The Plan was adopted by the Company effective March 1, 1994, and was restated effective January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On September 1, 2020, EnviroServe, a Savage Services company, purchased the Company. Savage Enterprises, LLC, the new Plan sponsor and parent company of EnviroServe, decided to merge the Plan into the Savage Companies Retirement and Employee Savings Plan on April 20, 2021. As shown in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, the Plan assets and liabilities were transferred out of the Plan on April 20, 2021, and no contributions were made to the Plan during the period of January 1, 2021 to April 20, 2021.

Eligibility - All employees of the Company who have completed six consecutive months of service from their employment date are eligible to participate in the Plan. A participant's entry date into the Plan will be the first day of the following quarter in which the eligibility requirements were satisfied. The Plan includes an automatic enrollment provision whereby all newly eligible employees are enrolled in the Plan at 2%, unless they have elected not to participate or elected another deferral percentage.

Matching Contributions - Contributions to the Plan consist of participant and employer discretionary matching contributions that are participant-directed. The Company contributes up to the lesser of 1% of eligible earnings or 100% of participant contributions as matching contributions. During 2020, the Company contributed approximately \$16,000. This amount was funded in March of 2021. Employees must be participating in the Plan and be active employees at the Plan year-end to be eligible for the matching contribution. Participants can elect to defer up to 50% of their eligible compensation, subject to certain limitations under the Internal Revenue Code (IRC). They may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may direct the investments among several investment options. A participant may also make catch-up contributions subject to statutory limitations for any year in which the participant is age 50 or older by the last day of the Plan year.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service. Prior to July 1, 2014, a participant is 20% vested after two years of credited service and 100% vested after three years of credited service. For participants hired on or subsequent to July 1, 2014, the vesting requirements are as follows:

NOTES TO FINANCIAL STATEMENTS
APRIL 20, 2021, DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN (Continued)

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0 %
2 years	20
3 years	40
4 years	60
5 years	80
6 years	100

Forfeitures - Forfeitures may first be used to pay any administrative expenses or to reduce future employer contributions. As of April 20, 2021, December 31, 2020 and 2019, the Company had unallocated forfeitures of \$11,830 and \$7,860, respectively.

Payment of Benefits - Benefits provided by the Plan are payable to participants at retirement, death or total disability. A participant may elect to receive the balance of his or her vested account through a variety of payment options. Vested benefits under \$5,000 are payable immediately upon termination of employment.

During 2020, under the Coronavirus Aid, Relief and Economic Security Act (CARES Act), all required minimum distributions were waived for calendar year 2020, including participants who turned 70½ during 2019 and did not take their distribution prior to January 1, 2020.

Also during 2020, the Plan elected to adopt the hardship provision associated with the CARES Act under which the additional 10% tax for early withdrawals was waived for hardship distributions related to participants diagnosed with COVID-19, participants with a spouse or dependent diagnosed with COVID-19 and participants who experienced adverse financial consequences as a result of COVID-19. Participants who met one of these requirements were able to withdraw up to \$100,000, spread the tax on the income due to the distribution over three years and repay the amount to the Plan over the next three years.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities that are exposed to interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
APRIL 20, 2021, DECEMBER 31, 2020 AND 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - With the exception of the fully benefit responsive investment contract, which is valued at contract value, investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 3 for discussion of fair value measurement and Note 4 for discussion of the fully benefit-responsive investment contract.) Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded as earned on an accrual basis. The net appreciation in the fair value of investments consists of the realized gains and losses and the unrealized appreciation on these investments during the year. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Expenses - Administrative expenses of the Plan are paid by the Plan to the extent not paid by the Plan sponsor.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
APRIL 20, 2021, DECEMBER 31, 2020 AND 2019

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments recorded at fair value of \$2,339,942 and \$2,072,779 at December 31, 2020 and 2019, respectively, are pooled separate accounts. The pooled separate accounts held by American United Life Insurance Company (AUL) are valued at net asset value (NAV) as a practical expedient at year-end. The calculated NAV is directly related to the NAV of the underlying investment, adjusted for dividends or distributions received by AUL and the daily equivalent of any fees charged. The investments held by each pooled separate account are traded on an active market. The pooled separate accounts held by the Plan have no unfunded commitments and do not have redemption periods.

NOTE 4 - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with AUL, which maintained contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The contract was included in the financial statements at contract value as reported to the Plan by AUL. The Plan administrator believes contract value is an appropriate determination of fair value.

Because the guaranteed investment contract was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract was presented on the face of the statements of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the Plan by AUL at December 31, 2020 and 2019, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment contract value.

The Plan's ability to have received amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

Certain events might have limited the ability of the Plan to transact at contract value with the issuer, including: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes; or (5) any required prohibited transaction exemption under ERISA premature termination of the contract. No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. Note that the Plan terminated the agreement upon the merger occurring on April 20, 2021, which ended the guaranteed investment contract. As such, participants no longer are invested in, nor can invest in the guaranteed investment contract.

NOTE 4 - GUARANTEED INVESTMENT CONTRACT (Continued)

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date. As the Plan terminated the agreement upon the merger that occurred on April 20, 2021, all funds from the guaranteed investment contract were distributed and rolled into the Savage Companies Retirement and Employee Savings Plan.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at April 20, 2021, December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the period of January 1, 2021 to April 20, 2021 and for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by AUL, trustee of the Plan.

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged.

Certain Plan investments are managed by AUL, the trustee, and therefore qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions, are specifically exempt as prohibited transactions under ERISA.

NOTE 7 - TAX STATUS

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2014 that stated that the form of the plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 20, 2021, December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
