San Antonio, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Consultants in Pain Medicine, PLLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Capital Bank and Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Consultants in Pain Medicine, PLLC 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was amended and restated effective January 1, 2020 and is a defined contribution plan covering all employees of Consultants in Pain Medicine, PLLC, Raul G. Martinez, MD PLLC, Mark Moran MD PLLC, and Scott Worrich MD PLLC (collectively the Employer), except employees who are members of a collective bargaining unit and nonresident aliens, who have completed one year of service and who are age twenty-one (21) or older. Effective January 1, 2020 the name of Consultants in Pain Medicine, P.A. changed to Consultants in Pain Medicine PLLC resulting in an amendment to the Plan changing the name of the Plan to Consultants in Pain Medicine, PLLC 401(k) Profit Sharing Plan and Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, The Coronavirus Aid, Relief, and Economics Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Written amendments to the Plan to reflect the operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Contributions

The Employer may, at its discretion, match a portion of participant contributions or make a non-elective discretionary contribution known as a profit-sharing contribution. Contributions are subject to certain limitations. The Employer did for the year ended December 31, 2020 make a safe harbor matching contribution equal to 100% of the first 3% of eligible compensation for all employees eligible to make elective deferral contributions. Additionally, the Employer for the year ended December 31, 2020 made a profit-sharing contribution equal to 100% of the first 2% of a participants' eligible compensation. Each year, participants may contribute up to a maximum amount determined the by Federal Government, which for the year 2020 was $19,500. Also, participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the year 2020 was up to an additional $6,500.

1. Description of Plan (continued)

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. The Plan currently offers various mutual funds, a money market fund, and self-directed brokerage accounts as investment options for participants. The self-directed brokerage account option allows participants to act as their own asset manager. Participants may change their investment options at any time.

Each participant's account is credited with the participant's contribution, the Employer's contributions (if any), and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are not paid by the Employer. Allocations are in proportion to the participant account balances. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any vested account balance under $5,000 is automatically paid out as soon as administratively feasible. If the participant does not elect to have the distribution paid directly to him or herself or to an eligible retirement plan as a direct rollover, the Plan Administrator will pay the distribution as a direct rollover to an individual retirement account designated by the Plan Administrator. Hardship distributions are also available subject to certain limitations.

Vesting

Participants are 100% vested at all times in the accrued benefits from their elective contributions. Participants become 25% vested after two years of service and increasing 25% per year until 100% vested after the completion of four years of service in all matching and non-elective discretionary contributions made by the Employer and the earnings thereon.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts from nonvested accounts may be used by the Plan for several purposes including reducing the Employer's matching and non-elective contributions or applied to reduce administrative expenses of the Plan. Unallocated forfeitures at December 31, 2020 and 2019 were $5,418 and $2,703, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of participant initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Reclassifications

Certain prior year classifications have been changed in the current year financial statements in order to clarify financial presentation.

3. Certification of Plan Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2020	2019
Investments at fair value:		
Mutual funds	**$ 4,177,939**	$ 3,156,379

The custodian also certified to the completeness and accuracy of $518,831 of net appreciation in in fair value of investments and $174,353 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2020.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent auditors did not perform auditing procedures with respect to the above referenced information certified by the custodian which appears throughout the Plan's financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

4. Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 1 Fair Value Measurements

Self-directed brokerage accounts. Accounts primarily consist of mutual funds, common stocks, cash, U.S. governmental securities, and corporate bonds that are valued as described in this section.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

Cash: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 4,177,939	$ -	$ -	$ 4,177,939
Self-directed brokerage accounts	7,152,117	-		7,152,117
	$ 11,330,056	$ -	$ -	$ 11,330,056

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 3,156,379	$ -	$ -	$ 3,156,379
Self-directed brokerage accounts	6,134,335	-		6,134,335
	$ 9,290,714	$ -	$ -	$ 9,290,714

5. Tax Status

The Employer adopted the Datair Employee Benefit Systems, Inc. Volume Submitter Profit Sharing Plan with CODA which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in accordance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company, an affiliate of American Funds. Capital Bank and Trust Company is the investment custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2020.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the virus resulting in the incidence of COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

8. Plan Termination

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.

9. Subsequent Events

Subsequent events were evaluated through October 7, 2021, the date the financial statements were available to be issued.
