ESTRELLA HOME HEALTH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Estrella Home Health 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2019 as a defined contribution plan available to eligible employees of Estrella Home Health, Inc. (the Company, Employer or Plan Sponsor). Eligible employees may enter the Plan monthly after completing sixty (60) days of service with no age requirement. The service requirement does not apply to employees who were employed on the day the Plan was established. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan Administrator.

Contributions

Each year, participants in the Plan may contribute up to 100% of pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). For the years ended December 31, 2020 and 2019, individual participants' contributions were limited to $19,500 and $19,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,500 and $6,000, respectively, for the years ended December 31, 2020 and 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Roth deferrals are allowed under the Plan.

The Plan Sponsor may make discretionary matching, profit-sharing and qualified non-elective contributions to the Plan. Participants must be employed at the end of the Plan year in order to be eligible for discretionary matching contributions. No matching contributions were made for the year ended December 31, 2020. Employer contributions are invested in funds in accordance with the participant's discretion and the Plan's provisions. Contributions are subject to certain limitations.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Employer's matching contributions (if any), and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in any Employer's contributions (if any), plus any earnings or losses thereon, is based on years of continuous service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based only on the elapsed time method, as defined. A participant is fully vested after five years of credited service. Participant accounts become fully vested upon reaching normal retirement age (65), death, disability, or upon Plan termination.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce Employer contributions. There were no forfeitures utilized or available for use as of and for the year ended December 31, 2020.

Note 1 – Description of Plan, Continued

Participant notes receivable

Plan participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at prime rate plus 1%, determined as of the date of the loan request. Principal and interest is paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time.

Payment of benefits

Upon retirement from service due to death, disability, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions before normal retirement age may only be in the form of a single lump-sum payment or a rollover into another qualified plan. Distributions after normal retirement age may be in the form of a single lump-sum payment, installments with respect to lifetime minimum required distributions, or a rollover into another qualified plan. Additionally, participants reaching the age of 59½ years of age may receive in-service distributions from the Plan. In-service withdrawals for financial hardship are permitted under the Plan's provisions, subject to current IRS regulations.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid directly by the Plan Sponsor and are not reflected in these financial statements.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan Management implemented the following provisions under the CARES Act:

- Special CARES Act distributions up to $100,000;
- Loan repayments suspended up to one year; and
- Temporary waiver of required minimum distributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Employer is the Plan Sponsor and Administrator, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by Principal Trust Company, (the Custodian). The Custodian maintains the records of the participant data, and invests cash received, interest, and dividend income and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Plan expenses

Administrative expenses of maintaining the Plan are paid by the Employer. Certain expenses paid by the Plan consist of recordkeeping fees and loan processing fees which are charged directly to participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

Note 3 – Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity and interest income on participants' notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year), as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020. During the year ended December 31, 2020, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at quoted market prices, which represent their daily NAV of shares held by the Plan at year end and are therefore considered Level 1 within the fair value hierarchy.

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 161,368	$ -	$ -	$ 161,368

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 78,208	$ -	$ -	$ 78,208

Note 5 – Guaranteed Investment Contracts with Insurance Company

The Plan has entered into fully benefit-responsive guaranteed investment contracts with Principal Life Insurance Company (Principal). Principal maintains contributions in a general account. The account is credited with earnings in the underlying investments and charged for participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with Principal, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average crediting rate for the years ended December 31, 2020 and 2019 was 0.20% and 0.86%, respectively.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that no events would limit the Plan's ability to transact at contract value. The guaranteed investment contracts do not permit Principal to terminate the agreement prior to the scheduled maturity dates.

Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the Plan's participants are probable of occurring.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. The Plan's investments include shares of mutual funds and a guaranteed investment contract issued, managed or administered by Principal Life Insurance Company and Principal Financial Group which are affiliated with Principal Trust Company (the Custodian). Principal Trust Company is the Plan's Custodian, recordkeeper, and investment manager and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants accounts would become fully vested.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized savings plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions, in the amount of $1,669 to the applicable participants the following year.

Note 11 – Delinquent Employee Deferral Transmittals

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions to the Plan from its general assets as soon as is practicable. For the years ended December 31, 2020 and 2019, the Plan Sponsor failed to remit to the Plan's Custodian certain participant contributions totaling $22,674 and $2,607, respectively. The aggregate amount for the years 2020 and 2019 totaled $25,281. Delays in remitting contributions to the Custodian were due to the Plan Sponsor having difficulties with error messages generated from the Custodian's system for accepting the remittances, and administrative matters at the Plan Sponsor. As of the date of this report, the Plan Sponsor has reimbursed the Plan for lost earnings for years 2020 and 2019.

Note 12 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits as shown on Form 5500 at December 31, 2020 and 2019 and for the years then ended with the amounts shown in the financial statements.

	2020	2019
Net assets available for benefits – Form 5500	$ 177,606	$ 82,938
Reconciling items:		
Refunds payable for excess contributions	(1,669)	-
Net assets available for benefits – financial statements	$ 175,937	$ 82,938
Change in net assets – Form 5500	$ 94,668	$ 82,938
Reconciling items:		
Contributions	(1,669)	-
Change in net assets – financial statements	$ 92,999	$ 82,938

Note 13– Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

Note 14 – Subsequent Events

Effective January 1, 2021, The Plan Administrator appointed TAG Resources as the successor trustee and record keeper to the Plan. Substantially all of the Plan's assets were transferred to Transamerica Retirement Solutions, the successor Plan Custodian.

The Plan evaluated events occurring subsequent to December 31, 2020 through October 4, 2021, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
