SUMMIT DIRECT MAIL INC. RETIREMENT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1: DESCRIPTION OF PLAN

The following description of the Summit Direct Mail Inc. Retirement 401(k) Plan (the Plan) provides only general information. The plan is sponsored by Summit Direct Mail Inc. (the Company or Employer). The Plan was established January 1, 2009. The trustees of the Plan are two individual officers of the Company not subject to the control of a corporate trustee. The Company is a member of a controlled group and the Plan has three participating companies. The custodian of the plan's assets is Great West Life and Annuity Insurance Company and Great West Trust Company, LLC (Great West). Recordkeeping services are provided by Empower Retirement, a subsidiary of Great West. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution benefit plan covering eligible employees as defined in the plan document. To become a participant in the plan, an employee must be twenty-one years old and is eligible to contribute to the plan after one year of service. Plan entry dates are January 1st and July 1st. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This plan is not integrated with Social Security. The Plan is amended annually to conform to current rules and regulations under ERISA.

Contributions
Eligible employees may contribute up to $19,500 for 2020 and $19,000 in 2019. Participants aged 50 and over may contribute additional "catch-up" contributions up to $6,500 for 2020 and $6,000 for 2019, respectively. The Company permits rollover contributions into the Plan. As determined annually, the Company may contribute to the Plan discretionary matching or profit-sharing contributions. No employer contributions were made in 2020 or 2019.

Participant Accounts
The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of Plan earnings. Earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting
Participants are immediately 100% vested in their voluntary contributions and rollover amounts plus actual earnings thereon. Participants are fully vested in discretionary profit sharing and employer matching contributions plus allocated earnings after six years of credited service (20% per year after the second year of credited service) A participant immediately becomes 100% vested upon death, disability, or attainment of normal or early retirement.

Investment Options
Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are invested according to the participant's direction. The Plan offers several mutual funds, common collective trust funds, and a Key Guaranteed Portfolio Fund through a group annuity contract with Great West.

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants
The Plan does not permit loans.

Payment of Benefits.
Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution or partial withdrawals. Certain in-service distributions are permitted, including hardships withdrawals. Distributions are paid from participants' vested account balances subject to limitations defined in the Plan. Benefits are recorded when paid.

Forfeitures.
Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. The Plan had no forfeitures in 2020 or 2019.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value except for the fully benefit responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Operating expenses

The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Administrative expenses incurred in the administration of the Plan, to the extent not paid by the plan sponsor, are charged to and paid from the Plan's assets. Administrative expenses are recorded when incurred. Certain fees are paid by the participants' investment funds to their affiliated investment advisors, transfer agents and record keeper as further described in each fund prospectus or other published documents. Administrative fees paid from the Plan's assets that were separately identified as an expense totaled $6,530 in 2020 and $9,274 in 2019.

Plan Expense Account

Great West receives revenue from plans through an investment fund revenue sharing arrangement (12b-1 fees). Such revenue is accumulated and held in an ERISA budget account within the Plan called a Plan Expense Account (PEA). This is a holding account whereby the plan may utilize part of those assets to fund the PEA and in turn, pay plan administrative expenses, such as third party administrator and other professional fees. Revenue and expenses totaled $4,579 in 2020 and $4,026 in 2019; therefore, no income or expense has been reported on the financial statements.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820).* The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Management does not expect adoption to have a material impact on the Plan's financial statements. The adoption of this guidance had no impact on the Plan's financial statements.

COVID-19

Beginning in the first quarter of 2020, the COVID-19 pandemic adversely affected the global economy, disrupted global supply chains, and created significant volatility in financial markets. In addition, the COVID-19 pandemic resulted in travel restrictions, business closures and the institution of quarantine measures and other restrictions on movement in many communities.

On March 27, 2020, the U.S. Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted. The Plan elected to implement applicable provisions of the CARES Act that are available to tax qualified retirement plans and their participants. These provisions include, among other things, permitting special COVID-19 related distributions of up to $100,000, increasing the maximum amount of Plan loans to participants to $100,000 for loans made prior to September 23, 2020, deferring payments on certain Plan loans through December 31, 2020, and suspending required minimum distributions for the year ended December 31, 2020. The Plan has been amended to reflect applicable provisions of the Act.

The duration and severity of the COVID-19 pandemic may materially and adversely affect the Plan Sponsor's business, results of operations, and financial condition.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

COVID-19 (continued)
In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also let to extreme volatility in our businesses. While the potential economic impact brought by and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of our businesses. The extent to which COVID-19 impacts us will depend on future developments that are highly uncertain and cannot be predicted.

We have made no changes to our 401K for 2020 or 2021. We have not been forces to have any layoffs to date and hope to continue to not have any. Our sales have gone up. We have implemented new revenue streams as well to keep sales positive. We have been diligent in our efforts to keep COVID-19 from spreading in the workplace by on sterilizing, barriers between workers, social distancing, hand sanitizer, mask requirements, staggering start times and hiring additional personal just to continue to wipe down workstations, and equipment. We like many companies in this time are having troubles with hiring new employees. We are in need or more employees as are business is growing.

NOTE 3: FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for that asset or liability in an orderly transaction between market participants on the measurement date. An entity is required to establish a fair value hierarchy which maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The three levels of input that may be used to measure fair values are listed below:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical assets or liabilities as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no significant transfers between levels in 2020 or 2019.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end, which are traded in an active market.

Common/collective trust funds are valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Putnam Retirement Advantage Funds are collective trust funds managed and distributed by Putnam Fiduciary Trust Company. Underlying investments include a mix of equity, debt, and fixed income securities diversified with varying retirement target dates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments:

December 31, 2020	Fair Value	Level 1
Mutual funds	$484,877	$484,877
Common collective trust funds*	10,939	-
	$495,816	$484,877
December 31, 2019		
Mutual funds	$379,463	$379,463
Common collective trust funds*	81,952	-
	$461,415	$379,463

*Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Net Asset Value Per Share

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust – Putnam Retirement Advantage Funds	$10,939	none	Daily	5 business days
December 31, 2019				
Common/collective trust -Putnam Retirement Advantage Funds	$81,952	none	Daily	5 business days

NOTE 4: INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) were obtained from data that has been prepared and certified to as complete and accurate by the custodian as of December 31:

Investments, at fair value:	2020	2019
Mutual funds	$484,877	$379,463
Common collective trust funds	$10,939	$81,952
Investments, at contract value:		
Key Guaranteed Portfolio Fund	$129,723	$34,345
Net appreciation (depreciation) in fair value of investments	$48,985	$121,505
Interest and dividends	$17,697	$13,005

NOTE 5: PARTIES-IN-INTEREST

Custodians, brokers, record-keepers, and others who provide services to the Plan are considered fiduciaries under ERISA. These include, but are not limited to Great West and Empower. Certain Plan investments were managed by the plan custodians. Because the Plan pays certain fees to these parties, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time so as to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that by adopting a prototype standardized profit-sharing plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and are not subject to tax under present regulations. The Company itself has not applied for tax exemption status for the Plan. However, the Plan administrator and Plan's tax counsel believe that by adopting the prototype standardized plan referenced above, that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The IRS generally has the ability to examine Plan activity for up to three years.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Economic conditions affecting the labor market also have a direct effect on the Plan. The availability of jobs directly affects the number of participants enrolling in the Plan and therefore directly affects the Plan's existence.

NOTE 9: GROUP ANNUITY CONTRACT

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero%. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average yield and the average annual yield earned for 2020 and 2019 was 1.04% and 1.20%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

NOTE 9: GROUP ANNUITY CONTRACT (continued)

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

NOTE 10: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2021, the date which the financial statements were available to be issued. Other than events described in the COVID-19 footnote, no other significant subsequent events have occurred that would require disclosure in the notes or recognition in the financial statements.
