The accompanying notes are an integral part of these statements.

1. DESCRIPTION OF PLAN

The following description of the Genesee & Wyoming Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a participant-directed defined contribution plan for certain employees of Genesee & Wyoming Inc. (the Company), on January 1, 1994. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company sponsors the Plan and the Benefit Committee administers the Plan. Fidelity Management Trust Company is trustee of the Plan's assets and provides recordkeeping services.

Eligibility

Under the provisions of the Plan, all employees of the Company on November 1, 1993, except for those employed under collective bargaining agreements, became Plan participants. All other employees, except for those employed under collective bargaining agreements that have not separately bargained to be allowed to participate, become eligible to participate in the Plan on the first day of the month following their date of hire. Employees become eligible to receive employer-matching contributions on the first day of the quarter following the completion of one year of service.

Contributions

The Plan allows for participant contributions up to 100% of their total compensation on a pretax basis (Compensation Deferral), not to exceed the maximum contribution limit established by the Internal Revenue Code (IRC). The Company contributes to the Plan for non-union employees an amount equal to 100% of the employee's Compensation Deferral, not to exceed 4% of the employee's pretax compensation. The Company contributes amounts to the Plan for collectively bargained employees in accordance with matching formulas specifically agreed to in those collective bargaining agreements.

The Company may contribute an additional amount to the Plan as determined by the Board of Directors, based on the earnings of the Company, although the Company has no obligation to do so. No discretionary contributions were made in 2020 or 2019. Participant and Company contributions and earnings attributable thereto are immediately fully vested and are not subject to forfeiture.

Participant Accounts

Participants direct the investment of their contributions and the Company's matching and discretionary contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) the Company's discretionary contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in all contributions and earnings thereon credited to their account.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon.

Benefits Paid to Participants
Upon retirement, death, disability or termination of service, a participant receives a lump-sum distribution equal to his or her vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

Coronavirus Aid, Relief and Economic Security Act
On March 27, 2020, the President of the United States of America signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayments, suspend required minimum distributions, and delay the commencement for required minimum distributions. A CARES Act distribution allows the Plan's participants to take a Novel Coronavirus (COVID-19) related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the temporary loan repayment deferral provision of the CARES Act allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a principal residence. The loans are secured by the participant’s account and bear interest at the prime rate plus 2% on the date the loan is issued from the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Adoption of ASU 2018-13 Disclosure Requirements for Fair Value Measurement
In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *“Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement.”* This ASU eliminates, adds and modifies certain disclosure requirements for fair value measurements. The standard is effective for all entities for financial statements issued for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Company has adopted this standard in 2020. The disclosure requirements are being applied on a retrospective approach. The adoption of this guidance had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both realized and unrealized gains or losses on the Plan's investments bought, sold, and held during the year.

Fair Value Measurements - Definition and Hierarchy
Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Company. Distribution and loan fees are charged directly to the participants for the transactions and are paid out of the proceeds of the distribution or loan.

Notes Receivable from Participants
Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Contributions
Other contributions represent excess fees charged to participants from 2018 through 2020 by the plan administrator. These fees, plus any lost earnings on those funds, are due to participants and are recorded as a receivable to the Plan. These contributions to participants were made subsequent to December 31, 2020.

Benefit Payments
Benefit payments are recorded when paid.

Risks and Uncertainties
Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

The United States is presently in the midst of a pandemic related to a virus, commonly known as COVID-19. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Estimates
The preparation of financial statements in accordance with generally accepted accounting principles requires management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Notes receivable from participants, shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
b. Investments at fair value, shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
c. Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
d. Interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
e. The Schedule of Assets (Held at End of Year) as of December 31, 2020 [Schedule I].

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31:

2020	Level 1	Level 2	Level 3	Total
Investments in registered investment companies	$189,577,447	$ -	$ -	$189,577,447
Money market funds	6,704,656	-	-	6,704,656
	$196,282,103	$ -	$ -	$196,282,103
Collective trust fund, at net asset value *(a)*				1,150,313
Total investments at fair value				$197,432,416

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31:

2019	Level 1	Level 2	Level 3	Total
Investments in registered investment companies	$174,553,396	$ -	$ -	$174,553,396
Money market funds	4,541,514	-	-	4,541,514
	$179,094,910	$ -	$ -	$179,094,910
Collective trust fund, at net asset value *(a)*				289,121
Total investments at fair value				$179,384,031

(a) Certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodology used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2020 and 2019.

Investments in registered investment companies: valued at fair value based on quoted market prices.

Money market funds: valued at fair value based on quoted market prices.

Collective trust fund: valued at the NAV of units of the bank collective trusts. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee of the funds reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner, which is not probable of occurring at December 31, 2020.

4. FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using NAV per Share Practical Expedient
The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019. Participants are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least ninety days.

	December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 1,150,313	N/A	Daily	None

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 289,121	N/A	Daily	None

5. TAX STATUS

The Plan obtained its latest determination letter on January 18, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such complete discontinuance of contributions or termination of the Plan, the value of the participants' accounts will be distributed to such participants or their beneficiaries from net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of units in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company manages these investments and, therefore, these transactions qualify as party-in-interest as defined by ERISA. Additionally, certain plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

	2020	2019
Net assets available for benefits per the financial statements	$ 206,336,699	$ 188,349,718
Cumulative contract value to fair value adjustment of the collective trust fund	44,430	3,569
Net assets available for benefits per Form 5500	$ 206,381,129	$ 188,353,287

The following table provides a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

	2020	2019
Change in net assets available for benefits, per the financial statements	$ 17,986,981	$ 35,796,709
Change in contract value to fair value adjustment of the collective trust fund	40,861	3,569
Change in net assets available for benefits per Form 5500	$ 18,027,842	$ 35,800,278

9. PARTICIPANT CONTRIBUTION RECLASSIFICATION

On November 1, 2016, the Company acquired a subsidiary through a merger transaction and allowed the subsidiary to become a participating employer of the Plan and the subsidiary's preexisting plan was terminated. Participants were permitted to receive a distribution, even if they had not terminated employment. As provided in Section 401(k)(10)(A) of the IRC of 1986 and Section 1.401(k)-1(d)(4) of the Treasury Regulations, the termination of the subsidiary's original plan did not permit in-service distributions. The participants that received an impermissible distribution were required to return the funds to the Plan. When reinvested into the Plan, the amounts were treated as rollover contributions. In 2020, the Plan made a transfer among classifications to appropriately recognize the contributions as their original source of employee deferrals and safe harbor matches. The transfer had no net effect on the Plan's financial statements. All necessary corrections were made through the Voluntary Correction Program and were filed to the IRS in 2017. The failure was officially resolved in June 2020.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 8, 2021, which is the date the financial statements were available to be issued.
