1. DESCRIPTION OF PLAN

The following brief description of the Italian Terrazzo and Tile Co. of Brevard, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan sponsor is Italian Terrazzo and Tile Co. of Brevard, LLC (the "Company" or the "Plan Sponsor"). The Plan is a defined contribution plan covering all eligible employees of the Company, as defined in the Plan. The Plan was established in 1996 and subsequently restated in 2011 and 2015. In addition, the Plan was amended in 2016 to adopt the Safe Harbor provision under Internal Revenue Code Section 401(k)(12). The Plan does not cover union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a participant-directed plan offering several investment options.

Eligibility

All employees who are 21 years of age and have completed at least two consecutive months of service are eligible to participate in the Plan. Entry date into the Plan is the first day of each month of the Plan fiscal year.

In addition, all employees who are 21 years of age and have completed at least two consecutive months of service are eligible to receive an employer contribution, which may be made for the Plan year.

Contributions

Participants may elect to defer a portion of their compensation each year up to the maximum amount permissible by the Internal Revenue Code (IRC). Participants are permitted to contribute catch-up contributions in accordance with IRC requirements. Participants direct the investments of their contributions into various investments offered by the Plan.

The Company annually contributes a safe harbor match to eligible participants equal to one hundred percent (100%) of a participant's elective deferrals, which do not exceed three percent (3%) of the participant's compensation, plus fifty percent (50%) of the amount of the participant's elective deferrals, which exceeds three percent (3%) of the participant's compensation, but does not exceed five percent (5%) of the participant's compensation.

In addition, the Company, at the sole discretion of its Board of Directors, may make a profit-sharing contribution on behalf of each eligible participant. Profit sharing contributions are allocated to participant accounts based on each participant's pro rata share of gross wages of all eligible employees. The Company did not make a profit-sharing contribution for the year ended December 31, 2020.

In 2020, the Company made a matching contribution for the Plan year ended December 31, 2019 in the total amount of $453,697.

1. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution (if any) and (b) Plan earnings and is charged with an allocation of investment expenses. Allocations are based on participant salary or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

Upon termination of service, a participant or a participant's beneficiary in the event of the participant's death may elect to receive either a lump-sum amount equal to the value of the vested interest in the participant's account or request that it be rolled-over to an individual retirement account or annuity. Participant consent is required for a distribution only if the participant's vested account balance is greater than $5,000. If the participant's vested interest in their account is $1,000 or less upon termination of service, a participant will receive a lump-sum distribution. If the participant's vested interest in their account exceeds $1,000, but does not exceed $5,000 upon termination of service, the amount equal to the value of the vested interest in their account will be rolled over to an individual retirement account or annuity.

Participants age 59 ½ or older may elect to receive a distribution of the vested portion of their account balance regardless of employment. In addition, a participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship. The benefit to which a participant is entitled consists of their contributions and earnings thereon and their accumulated share of vested annual employer contributions and investment earnings that are allocated according to length of service and amount of annual compensation.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020. The distribution provision allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Notes Receivable from Participants

Participants may borrow from their vested account balance in accordance with IRC requirements. Loans are limited to three loans outstanding per participant at any given time. The loan amount is allowed at a minimum of $1,000 and a maximum of 50% of the participant's vested balance up to $50,000. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined at the time of the loan issuance. Principal and interest are payable ratably through payroll deductions over terms ranging up to five years, except for home loans which may range up to 10 years.

1. DESCRIPTION OF PLAN – CONTINUED

The Plan adopted the loan provisions of the CARES Act. The provision allows eligible participants to take a loan up to a maximum of $100,000, or 100% of the vested balance, whichever is less, from the Plan beginning on March 27, 2020 to September 22, 2020. The provision also allows qualified participants who have Plan loan repayments to defer such repayments until December 31, 2020. After the suspension period, the plan administrator may reamortize the loan provided that the term of the loan is not extended by more than one year.

Forfeited Accounts

Forfeited non-vested contributions are used to reduce Company matching contributions. At December 31, 2020 and 2019, there were no forfeited non-vested accounts.

Vesting

Participants are fully vested with respect to their employee contributions plus actual earnings thereon. Participants are fully vested with respect to their safe harbor matching contributions and profit-sharing contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. This method of accounting differs from the accrual basis of accounting primarily because income on investments and contribution income are recognized when cash is received rather than when earned, and expenses are recognized when cash is disbursed rather than when the related liability is incurred.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Because of the inherent uncertainties in estimated market value, it is reasonably possible that the estimates used will change within the near term. In the statement of changes in net assets available for plan benefits, the Plan presents the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses on investments sold during the year and the unrealized appreciation (depreciation) on investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits
Benefits to participants are recorded when paid.

Administrative Expenses
Fees related to the administration of benefit payments and notes receivable from participants and investment related expenses are charged directly to the participant's account and are included in administrative expenses. Other administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events
The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Certain investment information regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by Ascensus Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Custodian that such information is complete and accurate:

	2020	2019
Statement of Net Assets Available for Benefits:		
Investments, at fair value	$ 11,197,126	$ 9,646,028
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	1,028,107	
Dividends and interest	165,699	
Interest on participant loans	5,338	

4. FAIR VALUE MEASUREMENTS

The fair value accounting measurement literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement.)

The three levels of the fair value hierarchy are described as follows:

Level 1 Observable inputs such as quoted prices in active markets;

Level 2 Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3 Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Cash Equivalents: The fair value of cash equivalents is based on quoted net asset values held by the Plan at year end.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS – CONTINUED

The following tables present the Plan's investments at fair value, categorized by level within the fair value hierarchy at December 31, 2020 and 2019:

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

Total investments	$ 9,646,028	$ -	$ -	$ 9,646,028

5. TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS non-standardized prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Ascensus Trust Company, the recordkeeper for the Plan. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transactions rules.

7. RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.
