INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
of **Castlerock Communities, L.P. 401(k) Plan**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CastleRock Communities, L.P. 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A. (Wells Fargo), the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Wells Fargo. Their report, dated September 30, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL's Rules and Regulations 2019

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

General

The CastleRock Communities, L.P. 401(k) Plan (the Plan) is a defined contribution plan that was established on July 1, 2004 by CastleRock Communities, L.P. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

Administration

The operation, control and overall administration of the Plan are performed by the Company's President and Human Resources Coordinator, collectively, the Plan Administrator. Wells Fargo Bank, N.A. (Wells Fargo) serves as trustee and custodian and holds all Plan assets.

Eligibility

The Plan covers all employees of the Employer, except those covered by a collective bargaining agreement that does not provide for participation in the Plan, non-resident aliens with no U.S. income, or independent contractors. All eligible employees must be 21 years of age and may begin participating in the Plan on the first of the month coincident with or next following the completion of ninety (90) days of service.

Participant Elective Contributions

Each active participant may elect to defer up to 100% of eligible compensation, as defined in the Adoption Agreement. Deferrals are permitted on a pre and post-tax basis and are subject to Internal Revenue Code (IRC) limits. With the consent of the Plan Administrator, a participant may rollover amounts received from another qualified plan.

The Plan has an automatic contribution provision, whereby employees are automatically enrolled in the pre-tax deferral option of the Plan at a contribution rate of 3% of compensation unless they opt out. The automatic deferral percentage will increase by 1% each year up to a maximum of 6% of eligible compensation, after which no other increases are made unless directed by the participant. Each year, participants may make salary deferral or ROTH contributions, as defined in the Plan, but not more than $19,000 in 2019, pursuant to Section 402(g)(1) of the Internal Revenue Code (IRC). Participants who have attained age 50 and above before the end of the respective plan year are eligible to make catch-up contributions as well.

Note 1 - Description of Plan (Continued)

Employer Matching Contributions

The Employer may make a discretionary matching contribution. The 2019 match was remitted to the custodian in 2020 after the Employer's 2019 profitability was determined. Such matching contributions are only made for participants who are still employed by the company on the last day of the year. The Company match is allocated to the participants accounts based on a pro rata share of each participant's contribution of the total employee contributions for the year.

However, during 2019 and 2018, the allocation was capped such that the deferral rate used did not exceed 6%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollovers).

Investment Options

Participants direct the investments of their contributions into registered investment mutual funds or the Plan's primary investment vehicle, a group of collective investment funds managed and trusteed by Wells Fargo. Wells Fargo purchases shares of registered investment mutual funds based on participants' requests and holds them in a collective investment funds; the Plan and participants hold units of participation in these collective investment funds. Participants may change their investment options at any time.

Vesting

Participants are 100% vested in their entire account balance at all times and the appreciation or depreciation thereon. Employer non-elective contributions is based on years of credited service. A participant is 100% vested after 6 years of credited service.

Participant Accounts

Each participant's account is credited with or reduced by the participant's contributions, earnings of the investment funds, and administrative fees. The benefit to which a participant is entitled is the balance of his or her vested account.

Payment of Benefits

A participant is eligible for a distribution of their vested account balance following termination of employment, attaining age 59 ½, normal retirement, death or disability. Distributions are made in the form of lump sum payments or installment payments as indicated in the Plan agreement. Terminated participant are allowed to leave their funds in the Plan indefinitely if their account balance exceeds $5,000. If the vested account balance is $5,000 or less, the account will be distributed to the participant as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service and has attained age 59 ½ provided the amount being withdrawn has accumulated in the Plan for at least two years. Hardship withdrawals are available to participants after the participant has met the hardship withdrawal requirements stated in the IRC.

Forfeited Accounts

At December 31, 2019 and 2018, the forfeited non-vested accounts totaled $4,391 and $5,119, respectively. The balances were used in the subsequent period to offset employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the modified cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

All expenses related to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and trustee fees, shall be paid by the Company or shall be paid by the custodian from Plan assets. Operating expenses paid by the Company are excluded from these financial statements. The administrative expenses reflected in the financial statements include loan and withdrawal fees as well as administrative and management fees paid to the custodian from participants' accounts.

Continued

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expenses (Continued)

Other investment expenses were paid to the custodians and other service providers by reducing each investment option's daily price by an expense ratio; participant accounts are not charged separately for these costs. During the year ended December 31, 2019, based on estimates from the custodian, those fees approximated $10,000.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 3 - Unaudited Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, information within the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest income on participant notes receivable for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the Trustee of the Plan.

Note 4 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The inputs to the three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs are quoted prices in active markets for identical investments.

Level 2 - Inputs are quoted prices other than those included within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable and significant to the fair value measurement.

Continued

Note 4 - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in valuation methodologies used to measure the fair value of the Plan's investments at December 31, 2019.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: The fair Value of the Plan's investment on Wells Fargo's Collective Investment Funds (CIFs) accounts is based on the quoted net asset values (NAV) of the underlying mutual funds at the end of each day. However, since each Plan Participant does not own individual mutual fund shares but rather owns units as a proportionate interest of the Plan's assets, Plan management believes that these investments should be categorized as Level 2 inputs rather than Level 1. Wells Fargo purchases shares of mutual funds that have unadjusted quoted prices in active markets, but those shares are valued daily based on the units and the unit values. The unit value is based on the quoted market price, but also takes into consideration the Plan's annual assets fee for the particular investment option as well as any declared but unpaid dividends and capital gains.

These assets of the Plan were held by Wells Fargo. Plan assets consisted of both mutual funds and investments in collective investment funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	As of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Collective trust funds	$ -	$ 4,224,599	$ -	$ 4,224,599
Mutual funds	32,938	-	-	32,938
Total investments at fair value	$ 32,938	$ 4,224,599	$ -	$ 4,257,537

Continued

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	As of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Collective trust funds	$ -	$ 3,161,362	$ -	$ 3,161,362
Mutual Funds	13,902	-	-	13,902
Total investments at fair value	$ 13,902	$ 3,161,362	$ -	$ 3,175,264

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

Note 5 - Significant Concentrations

Investments representing 10% or more of the Plan's net assets available for benefits are considered significant concentrations and are as follows at December 31:

	2019	2018
Wells Fargo/BlackRock US Aggregate Bond Index CIT TR	$ 1,329,015	$ 1,140,683
Wells Fargo/BlackRock S&P 500 Index CIT TR	871,853	657,105
Wells Fargo/BlackRock International Equity Index CIT TR	791,916	616,440

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter; the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Continued

Note 7 - Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related Party and Party-In-Interest Transactions

The Plan invests in various funds that are managed and trusteed by Wells Fargo; these investments are considered party-in-interest transactions because Wells Fargo serves as trustee and custodian of the Plan. Certain accounting and administrative functions are performed by the Employer at no charge to the Plan. Recordkeeping fees are charged to the Plan by Wells Fargo and recorded as administrative expenses. Fees charged for the management of certain Plan investments by the Trustee and are included as a reduction to net appreciation in fair value of the related investments. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 9 - Risks and Economic Uncertainties

The Plan invests in various investment securities that are not insured by agencies of the United States government. These investment securities are exposed to risks, such as significant world events, interest rate, credit and market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

During March 2020, a global pandemic was declared by the World Health Organization related to the outbreak of a novel strain of coronavirus (COVID-19). The pandemic has significantly impacted the economic conditions in the U.S. and globally. As a result of COVID-19, economic uncertainties have arisen which have resulted in heightened market risk and significant volatility in the investment markets. The ultimate financial impact on the Plan's net assets available for benefits will depend on future developments, including the duration and continued spread of the COVID-19 outbreak, which cannot be reasonably estimated at this time.

Continued

Note 10 - Subsequent Events

The Plan has implemented certain requirements created by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which laws change the Plan in 2020 to, among others, allow certain eligible individuals to receive COVID-19 related relief for loan repayment, allow distributions to qualified individuals, suspend minimum required distributions, and delay commencement for required minimum distributions.

Management of the Plan has evaluated subsequent events through September 25, 2020, the date the financial statements were available to be issued. Management has determined that no other subsequent events have occurred that require recognition or disclosure in these financial statements.
