NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the School Health Corp. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The School Health Corp. 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all employees of School Health Corporation and their affiliate, Good-Lite Company, and subsidiary Palos Sports, Inc., (Company) who have completed six months of service and are age twenty-one and older. On March 31, 2020 Palos Sports, Inc. was dissolved as a separate entity and all employees of Palos Sports, Inc. became employees of School Health Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan allows participants to contribute up to the dollar amount allowable under the Internal Revenue Code. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled to defer 6% of eligible compensation unless employees affirmatively elect not to participate or choose a different percentage. The deferral percentage automatically increases by 1% each January 1 up to a maximum of 10% unless the employee opts out of the automatic increase. The employers may make discretionary contributions to the Plan. For the year ended December 31, 2020, discretionary contributions of $460,750 were made.

Plan Termination

We have not expressed any intention to do so, but to have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their company contributions.

Participant Accounts

An elective account is established for each participant and credited with the participant's contribution, the employer's contribution for the participant, any rollover contributions of the participant and the earnings of the participant's elective account.

Vesting

NOTE 1. DESCRIPTION OF THE PLAN (Concluded)

Investment Options

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Loans

Participants may borrow from their individual contribution accounts subject to minimum and maximum limitations as defined in the Plan. The loans are collateralized by the balance in the participant's account. The principal plus interest at prime are repaid to the participant's account through payroll deductions, typically between two to five years.

Payment of Benefits

On termination of service due to death, disability, retirement or termination, a participant will receive a lump sum cash payment equal to the value of the participant's vested interest in his or her account. Hardship distributions are permitted from the participant's contribution account under certain conditions as defined in the Plan.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $4,890 and $14,065 respectively and are included in investments on the Statement of Net Assets Available for Plan Benefits. Forfeitures from participants' nonvested accounts may be used to reduce future employer contributions, pay plan expenses or be reallocated to participants. During the years ended December 31, 2020 and 2019 employer contributions were reduced by $15,839 and $16,852, respectively, and allocations to participants were $609 and $9,364, respectively from forfeited nonvested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Investment Valuation and Income Recognition

The Plan's investment records are maintained at cost, however, in accordance with the disclosure requirements under ERISA, investments are stated at fair value. Fair value is the price that would be received to see an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Any resulting gain or loss is reflected as unrealized appreciation or depreciation in the fair market value of investments in the financial statements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends and interest are reinvested as earned. Participant loans are stated at face value which approximates market value.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other member requested services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of value of investments.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 13, 2021, the day the financial statements were issued.

NOTE 3. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of Internal Revenue Code (IRC) and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision has been made for federal or state income taxes.

Tax benefits are only recognized from uncertain tax positions if it is more likely than not that the tax position will be sustained on examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years ending after December 31, 2017 are still open to examination by taxing authorities.

NOTE 4. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain employees of School Health Corporation serve as fiduciaries to the Plan. These employees did not receive compensation from the Plan for their service in this capacity.

The Plan's transactions with parties-in-interest during the years ended December 31, 2020 and 2019 were as follows:

Party-in-interest	Description of Transactions	Amount
Principal Financial Group	Plan custodian, investment manager and administrator	Investment earnings are reported net of expenses.
School Health Corporation Good-Lite Company Palos Sports, Inc.	Plan sponsors	Contributions made of $460,750 and $398,074 for 2020 and 2019, respectively.

NOTE 5. INVESTMENT RISKS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6. FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (FASB ASC Topic 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels are described as follows:

Level 1: Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities traded in active markets.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs that are generally unobservable. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value.

(Continued)

NOTE 6. FAIR VALUE MEASUREMENTS (Concluded)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2020 from the prior year.

Mutual Funds: Valued daily at each fund's Net Asset Value (NAV). The NAV is generally obtained from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary source.

Collective Investment Trust Funds: These investments report fair value using a calculated or equivalent NAV and are categorized as Level 2, as they are primarily investment contracts issued by life insurance companies, banks and other financial institutions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual Funds	$ 21,239,444	$ 21,239,444	$ -	$ -
Collective Investment Trust Funds	716,223	-	716,223	-
	$ 21,955,667	$ 21,239,444	$ 716,223	$ -

	Assets at Fair Value as of December 31, 2019			
	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual Funds	$ 18,153,460	$ 18,153,460	$ -	$ -
Collective Investment Trust Funds	478,574	-	478,574	-
	$ 18,632,034	$ 18,153,460	$ 478,574	$ -

NOTE 7. CORONAVIRUS AID, RELIEF AND ECONOMIC SECURITIES ACT

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by Congress in March, 2020 in response to the COVID-19 pandemic (Note 8). The CARES Act allowed eligible Plan participants to request penalty-free distributions of up to $100,000, increase the available loan amount to the lessor of $100,000 or 100% of the participant's vested account and extend the period for loan repayment for up to one year for qualifying reasons associated with the COVID-19 pandemic. As further defined within the CARES Act and among other benefits, it also permitted: i) repayment of such distributions over a three-year period and ii) deferral of 2020 required minimum distributions. The plan adopted the CARES Act relief options in the Plan beginning in April of 2020.

NOTE 8. UNCERTAINTIES

During 2020 and 2021, local, U.S. and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries experienced disruption to business operations and the impact of reduced consumer spending. There remains uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact to School Health Corp. 401(k) Plan, management believes that a material impact on the Plan's net assets available for benefits and changes in net assets available for benefits is reasonably possible.

NOTE 9. SUBSEQUENT EVENT

In September, 2021, School Health Corporation acquired the assets of Focused Fitness, LLC. The Focused Fitness employees are being added to School Health's payroll and will be able to join the School Health Corp. 401(k) Plan in early 2022.
