Notes to Financial Statements
December 31, 2020

1. Plan Description

The following description of the NY Proton 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The New York Proton Center (the "Company" or "Employer"). Employees are not eligible to participate in the Plan if they are a nonresident alien, employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included in the Plan, are a per diem employee, student intern, summer help intern, part time employee or temporary employee. Eligible employees are eligible to start participating in the Plan upon hire. Eligible employees must complete 12 months of service to be eligible for discretionary non-elective employer contributions and discretionary employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to \$100,000 for Plan participants;
- Extend the period for loan repayments, if applicable, up to one year;
- Increase the limit of loans up to the lesser of \$100,000 or 100% of a participant's vested account balance; and
- Suspend required minimum distributions for 2020.

The Plan was established on December 1, 2020 and \$1,245,737 was transferred in from the ProHEALTH Care 401k Plan.

Contributions

Each year, eligible employees may contribute up to 100% of their eligible compensation on a pre-tax or Roth basis, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from another qualified plan.

The employer may make discretionary non-elective employer contributions and/or discretionary employer matching contributions. For the 2020 plan year, no discretionary non-elective employer contributions or discretionary employer matching contributions were made to the Plan.

1. Plan Description (*continued*)

Vesting

Participants are immediately vested in their voluntary contributions and discretionary non-elective employer contributions plus actual earnings thereon. Vesting in the discretionary employer match portion of their accounts plus earnings thereon is based on years of continuous service. Employees vest in the discretionary employer matching contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	100%

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contributions and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Notes Receivable from Participants

Loans of up to 50 percent of a participant's vested account balance that are not less than \$1,000 or no more than \$50,000 are permitted subject to the approval of a loan application. Participants may not have more than two loan outstanding at any time. The notes receivable from participants bears interest at rates that are based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans are repaid through payroll deductions over a period of between one and five years, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a ten-year period.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either: (1) a lump-sum payment, (2) installment payments, or (3) partial withdrawals. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Management makes estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All investments are stated at fair value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Common/Collective Trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 11, 2021.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the period from December 1, 2020 (inception) to December 31, 2020, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

4. Investments

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	\$ 1,312,134	\$ -	\$ 1,312,134
Common/collective trust	-	3,492	3,492
	<u>\$ 1,312,134</u>	<u>\$ 3,492</u>	<u>\$ 1,315,626</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Common/Collective Trust

The investment in the Wells Fargo Stable Value Fund C, which is solely invested in the Wells Fargo Stable Return Fund G, is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require sufficient notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Common/Collective Trust *(continued)*

The Wells Fargo Stable Value Fund C, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under Financial Accounting Standards Board Accounting Standards Update 2015-12 with respect to investment strategies for investments measured using the NAV practical expedient are not required in this report.

6. Related Party Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the plan document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
