DESCRIPTION OF PLAN

The following brief description of the Hull and Associates, LLC Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hull and Associates, LLC (the Company) who have one month of service and are age 21 and over. Upon satisfaction of the eligibility requirements, employees may enter the Plan on the first day of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferrals up to 90% of eligible wages, as defined in the Plan, on either a pre-tax or Roth basis subject to statutory limitations. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes Safe Harbor employer non-elective contributions in an amount equal to 4% of the employees' eligible compensation contributed to the Plan. Safe Harbor employer non-elective contributions totaled $398,085 and $351,378 for the years ended December 31, 2020 and 2019, respectively.

The Company may also make discretionary matching or non-elective contributions. Discretionary non-elective contributions are allocated based on an excess integrated allocation formula. The participant must complete 1,000 hours of service and be employed on December 31 of the Plan year in order to receive any Company contributions.

The Plan also provides for an employer profit sharing contribution, which is in addition to the employer's Safe Harbor contribution. Profit sharing contributions totaled, $170,806 and $158,584 for the years ended December 31, 2020 and 2019, respectively. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Code (IRC).

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's voluntary contribution, rollover contributions, any matching, or profit sharing contributions made by the Company, and earnings or losses on those contributions. Company discretionary and profit sharing contributions are allocated based on participants' compensation as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all employee contributions and the Company's Safe Harbor contributions, plus actual earnings or losses thereon. Vesting in the Company's discretionary and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 4 years of credited service.

Notes Receivable from Participants

Participants may borrow from their vested account balance, up to 50%, not less than $1,000 and not to exceed $50,000. Loans bear interest at prime rate plus 1% at the time of issuance. Terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

DESCRIPTION OF PLAN - Continued

Forfeited Accounts
Forfeitures represent the non-vested portion of employer contributions to accounts of former participants. The balance in the account at December 31, 2020 and 2019 was $1,400 and $385, respectively. These accounts will be used to pay Plan expenses or to reduce future Company contributions. During the years ended December 31, 2020 and 2019, $639 and $2,446, respectively, were used to reduce Company contributions.

Payment of Benefits
Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount after that time or defer receipt of their account balance up to age 70 ½. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the balance in the participant's account. Upon death, the participant becomes fully vested in their account balance. If the participant's account balance is $5,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment.

In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships. However, only salary deferrals may be distributed to participants that qualify for hardship. Earnings on salary deferrals and contributions made by the Company may not be distributed to the participants that qualify for hardship.

Administrative Expenses
The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document.

Investment Options
Upon enrollment in the Plan, a participant may currently direct contributions in any of the various investment options offered by the Plan in 1% increments. Participants may change their investment options at any time.

Plan Termination
The Plan Sponsor reserves the right at any time to amend or terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, all participants will become fully vested in the employer portion of contributions.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements were prepared on the accrual basis of accounting. Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements.

Contributions
Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition
At December 31, 2020 and 2019, the Plan was invested in various mutual funds and a common collective trust. Investments in mutual funds are recorded at fair value based upon quoted market prices. Cost of investments is determined using average cost and is used when determining realized gains and losses upon disposition.

The common collective trust value is based on net asset value per share (NAV), as reported in the trust's audited financial statements. The NAV, which is determined and made available to the Plan on a daily basis, is based on the fair value of the underlying investments held by the trust less it's liabilities. Transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations at the then current NAV will be carried out in an orderly business manner. The common collective trust has a daily redemption frequency, a redemption notice period of one year and no unfunded commitments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Use of Estimates
The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan Administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties
The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. Although the disruption from COVID-19 is currently expected to be temporary, there is significant uncertainty around the overall impact on the economy. Due to this uncertainty, the Plan cannot reasonably estimate the impact of COVID-19 on, among other things, net investment income and the valuation of investments held by the Plan.

Adoption of Recent Accounting Standards
In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement – Disclosure Framework*. The updated guidance improved disclosure requirements on fair value measurements. The ASU was effective for fiscal years beginning after December 15, 2019. Early adoption was permitted for any removed or modified disclosures. Management has adopted the provisions of this new standard for the years ended December 31, 2020 and 2019 and noted there was not a significant impact to the presentation of the financial statements

INCOME TAX STATUS

The Plan is based on a prototype plan which has received a favorable opinion letter from the Internal Revenue Service that the prototype plan is designed to qualify as being exempt from Federal income taxes. The Plan Administrator has not separately applied for a determination letter from the Internal Revenue Service. However, the Plan Administrator believes that the Plan was designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes have been included in the financial statements.

The Plan complies with Accounting Standards Codification (ASC) 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan Administration is not aware of any tax positions taken by the Plan that it considers to be uncertain. Tax returns for the years ended 2017, 2018 and 2019 are open and subject to examination by the Internal Revenue Service.

CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected to restrict the scope of the auditor's examination with the regard to statements or information prepared and certified by Reliance Trust Company, the Trustee. Reliance Trust Company has certified as to the completeness and accuracy of the investments it holds, notes receivable from participants and interest income thereon, changes in net assets arising from investment activity, and the schedule of assets held at the end of the year as of and for the years ended December 31, 2020 and 2019.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans. Reliance Trust Company is the Plan's trustee. Everhart Advisors is the investment advisor of the Plan. BHM CPA Group, Inc. serves as the Plan's auditors. As a result, transactions with these entities qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and thus, the schedule of reportable transactions and certain cost information is not required.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820, *Fair Value Measurements and Disclosures*, to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

FAIR VALUE MEASUREMENTS - Continued

Fair value of certain assets and liabilities are determined based on the fair value hierarchy established in the standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1
Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2
Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3
Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2020 and 2019:

		Fair Value Measurements Using:		
	Current Value	**Level 1**	**Level 2**	**Level 3**
December 31, 2020				
Mutual funds	$ 37,855,305	$ 37,855,305	$ -	$ -
December 31, 2019				
Mutual funds	$ 31,521,522	$ 31,521,522	$ -	$ -

The fair value of the mutual funds is based on the closing price reported on the active market on which the securities are traded. As a result, they are considered Level 1.

FAIR VALUE MEASUREMENTS - Continued

The common collective trust is valued at fair value using NAV as the practical expedient and thus is excluded from the fair value hierarchy above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2020 and 2019.
