INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
GCS 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the GCS 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 6, which was certified by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan, except for comparing information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodians as of and for the year ended December 31, 2020, that the information provided to the Plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, line 4i and Schedule H, line 4a, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan. Their report, dated October 15, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GCS 401(k) Plan

Notes to Financial Statements

December 31, 2020

Note 1 - Description of Plan

General

The following description of the GCS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

The Plan, established on July 1, 1998 and most recently amended and restated June 1, 2020, is a defined contribution plan covering generally all employees of GeoControl Systems, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan custodian

Principal Life Insurance Company and Principal Trust Company (the "Custodians") are the Custodians of the Plan and hold all Plan assets in a trust account.

Eligibility

Employees are eligible to participate in the Plan upon attaining age 21. Upon meeting the eligibility requirements, employees are automatically enrolled in the Plan at 2% of the employee's compensation. The participant's deferral percentage will automatically increase by 1% per year, up to a maximum of 6% of eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan by notifying the Custodians.

Contributions

The Plan provides for voluntary participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 100% of a participant's compensation. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by a participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Plan provides for a discretionary employer matching contribution to eligible employees, which includes a matching contribution equal to 100% of the first 1% of eligible compensation, or a matching contribution of 100% of the first 2% of eligible compensation based on project and location. For the years ended December 31, 2020 and 2019, discretionary employer matching contributions made to the Plan were $375,258 and $135,496, respectively.

The Plan provides for a 2% discretionary employer non-elective contribution to each eligible employee. For the years ended December 31, 2020 and 2019, discretionary employer non-elective contributions made to the Plan were $663,652 and $640,832, respectively.

The Company may also make discretionary employer contributions of a participant's eligible compensation to the Plan each year. For the years ended December 31, 2020 and 2019, the Company did not make discretionary employer contributions.

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested at 100% in their employee contributions, rollover contributions, discretionary employer matching contributions, qualified employer non-elective contributions, and discretionary employer contributions, plus actual earnings.

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings and losses, and at times, charged with an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage allocation of future contributions.

Benefit payments

Participants are eligible for distributions of their vested account balances upon the event of death, retirement, termination of employment, reaching the age of 59 ½, or by incurring disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary.

If the value of the participant's account balance is less than $1,000 at the time of termination, the distribution will be made in cash in a single lump sum. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). CRDs were permitted to qualified individuals during 2020 not to exceed $100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Required minimum distributions during 2020 were also waived at the option of participants. Plans were permitted to adopt any CARES Act provisions immediately provided the *Plan Document* is retroactively amended on or before December 31, 2022.

Note 1 - Description of Plan (Continued)

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding note balance during the prior twelve-month period or the greater of 50% of the participant's vested balance, $10,000, and any outstanding loan balance on the date the new loan is made. Effective June 1, 2020, the maximum number of loans that a participant may have outstanding at any time is two. Note terms are not to exceed five years unless the loan is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. Notes receivable are secured by the balance in the participant's account and shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by commercial lenders for loans of comparable risk which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the CARES Act. Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

The fixed income option is valued at contract value. See Note 4 regarding the fixed income option.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at the end of the year.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Benefit payments

Benefit payments are recorded when paid.

New accounting pronouncement

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement in August 2018. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU was effective for the Plan's fiscal year beginning after December 15, 2019. The adoption of this ASU in 2020 did not have a material impact on the Plan's financial statements.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs.

Note 3 - Fair Value Measurements (Continued)

The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – these investments are valued daily based on the quoted market value of the fund assets and are valued using Level 1 inputs.
- Common/collective trusts – these investments are valued at the net asset value ("NAV") of the fund. The NAV is calculated by the fund based on "net assets", which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV is used as a practical expedient to estimate fair value. These investments can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.
- Pooled separate accounts – this investment is valued daily at NAV, as a practical expedient, of shares or units held by the Plan based on the quoted market value of the underlying assets. The investment in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.
- Self-directed retirement accounts – these investments consist of publicly traded securities and therefore are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the fund assets. All self-directed retirement accounts are valued using Level 1 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investment Contract with Insurance Company

The Fixed Income Option is a guaranteed general-account backed group annuity contract, issued by Principal Life Insurance Company. A rate of interest contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. The rate of interest credited in 2020 ranged from 1.80% to 1.90%. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the contract.

An employer-level surrender of the Plan's interest or initiated transfer will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the Plan fiduciary chooses. Notification of a plan's intent to terminate its interest may be revoked within 90 days of a receipt of such notice, after which time, notice becomes irrevocable. The Fixed Income Option may make available higher guaranteed rates. If these are available and a plan fiduciary chooses to move a plan's interest to a higher guaranteed rate, a charge of 1.50% of the plan's interest applies. If multiple higher guaranteed rates are available, the 1.50% charge applies to each higher rate that the plan fiduciary elects.

Note 5 - Tax Status

The volume submitter plan adopted by the Company received its latest advisory letter dated August 8, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax exempt as of December 31, 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Information Certified by the Custodians (Unaudited)

For Plan year 2020, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions receivable, contributions, distributions to participants, administrative expenses, and Schedule H, line 4a, has been derived from information certified as complete and accurate by the Custodians of the Plan in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Party-In-Interest Transactions

Certain Plan investments are managed by the Custodians. Therefore, these transactions qualify as party-in-interest transactions.

Note 8 - Corrective Employer Contributions

During 2019, the Company discovered certain employee deferrals and employer contributions that were not funded in accordance with the Plan provisions. As of December 31, 2019, the Plan recorded a receivable of $55,879 to correct employee deferrals and employer matching contributions to be in accordance with the provisions of the *Plan Document*. Further, the Company believes that the extent and nature of the contributions corrected does not adversely affect the operations of the Plan or have a material adverse effect on the financial statements of the Plan.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2020	2019
Net assets available for benefits per the financial statements	$ 27,283,507	$ 22,920,493
Employer contributions receivable	(375,258)	(2,585)

Net assets available for benefits per Form 5500	$ 26,853,384	$ 22,917,908

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the years ended December 31:

	2020	2019
Net increase in net assets available for benefits per the financial statements	$ 4,363,014	$ 5,584,868
Change in employer contributions receivable	(372,673)	(2,585)
Change in deemed distributions	(54,865)	-
Change in excess contributions payable	-	(25,850)
Net income per Form 5500	$ 3,935,476	$ 5,556,433

Note 10 - Subsequent Events

Management has evaluated subsequent events through October 12, 2021, which was the date that the financial statements were available to be issued, and has determined that there are no subsequent events to be disclosed.
