AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Air Power Dynamics, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan that was formed for the purpose of providing retirement benefits to eligible employees of Air Power Dynamics, LLC (the Company). Employees become eligible to participate in the plan upon reaching age 21 and completing twelve months of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law and impacted certain aspects of the Plan. See Note 11 for additional discussion regarding the CARES Act.

Contributions

Each year, participants may elect to contribute up to the maximum amount allowed by law of their pre-tax annual compensation, or make Roth contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Prior to August 1, 2020, the automatic deferral rate increased each year by 1%, up to a maximum rate 6%, or until an affirmative election is made by the participant. Effective August 1, 2020, the Plan does not provide for automatic escalation of automatic deferral rates. The Company may, at its discretion, make matching contributions. Matching contributions equal to 50% of the first 2% of the compensation that a participant contributed to the Plan were made for the year ended December 31, 2020. At the discretion of the Company, additional discretionary profit sharing contributions may be authorized for the related year. These contributions are funded in the year subsequent to their authorization. No profit sharing contributions were authorized for 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options, with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of service, as defined. A participant is 100% vested after five years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. See Note 11 which describes the temporary provisions adopted due to the CARES Act.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a qualified joint and survivor annuity, or in equal installments as specified in the Plan document. If the vested portion of a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions. An in-service distribution of all or part of a participant's vested account may be made for participants age 59½ and older. Distributions of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions. See Note 11 which describes the temporary provisions adopted due to the CARES Act.

Forfeited Accounts

Forfeited non-vested accounts are used to pay administrative expenses or to reduce future employer contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$8,268 and \$4,685. During 2020, \$889 was used to pay plan administrative expenses.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Company and are excluded from these financial statements. Certain fees related to the distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2020 and investments and notes receivable from participants held at December 31, 2019, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (Reliance), the current custodian, or Massachusetts Mutual Life Insurance Company (MassMutual) as agent for Talcott Resolution Life Insurance Company (formerly named Hartford Life Insurance Company) (TRLIC), the former custodian.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value, or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the year ended December 31, 2020, the Plan did not hold any Level 3 assets.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2020:

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,081,574	\$ -	\$ -	\$ 2,081,574

Assets measured at fair value as of December 31, 2019 consist of pooled separate accounts measured using NAV as a practical expedient totaling \$2,092,425. These investments have not been classified in the fair value hierarchy in accordance with Subtopic 820-10.

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2019:

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Large cap growth ^(a)	\$ 519,467	N/A	Daily	None
Bonds ^(b)	74,928	N/A	Daily	None
Small/mid/specialty ^(c)	790,649	N/A	Daily	None
Global/international ^(d)	132,153	N/A	Daily	None
Asset allocation ^(e)	399,293	N/A	Daily	None
Money market ^(f)	175,935	N/A	Daily	None
Total	\$ 2,092,425			

(a) Pooled separate accounts in this category seek capital appreciation and long-term growth by primarily investing in common stocks of U.S. companies with large market capitalization.

(b) Pooled separate accounts in this category seek a high level of current income. This category normally invests at least 80% of its net assets in debt securities of varying maturities issued by the U.S. and non-U.S. governments, their agencies and corporations.

AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

- (c) Pooled separate accounts in this category seek long-term growth by primarily investing in common stocks of U.S. companies with middle and small market capitalization.
- (d) Pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies with large market capitalization. Investments are normally diversified across different countries and regions of the world.
- (e) Pooled separate accounts in this category seek to provide total return consistent with an asset allocation targeted at retirement dates. Investments from this category are in a combination of underlying funds, which are actively managed funds or passively managed funds (index funds).
- (f) Pooled separate accounts in this category seek stable growth by investing in cash and cash equivalent securities.

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) a material amendment to the contract without the issuer's consent, (2) a violation of a material obligation under the contract, or (3) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by TRLIC and MassMutual from January 1, 2020 to August 1, 2020, and Standard Retirement Services, Inc. (Standard) from August 1, 2020 to December 31, 2020. TRLIC, and MassMutual as agent for TRLIC, are the former custodian and recordkeeper, Reliance is the current custodian and Standard is the current recordkeeper as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

MassMutual and Standard provide certain administrative services to the Plan pursuant to separate Administrative Services Agreements (ASA) between the Company and MassMutual or Standard. MassMutual and Standard receive revenue from mutual fund service providers or other investment vehicles held by the Plan for services MassMutual and Standard provide to the funds. This revenue is used to offset certain amounts owed to MassMutual and Standard for their administrative services to the Plan.

If the revenue received by MassMutual and Standard from such mutual fund service providers or other investment vehicles held by the Plan exceeds the amount owed under the ASA, MassMutual or Standard remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, there were \$5,986 of excess amounts, which is reported on the accompanying statement of changes in net assets available for benefits as other income. The Plan or the Company may make a payment to MassMutual or Standard for administrative expenses not covered by revenue sharing.

Additionally, the Plan holds party-in-interest receivables of \$34,575 and \$54,553 as of December 31, 2020 and 2019, respectively, in the form of notes receivable from participants.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8: TAX STATUS

Standard, sponsor of the Volume Submitter Profit Sharing Plan with CODA, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated volume submitter plan document on August 1, 2020. The volume submitter opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

AIR POWER DYNAMICS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8: TAX STATUS (CONTINUED)

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The Plan's investments are recorded as pooled separate accounts on the 2019 financial statements but are recorded on the line for value of interest in registered investment companies on the Form 5500. Since TRLIC does not report their separate accounts directly as a Direct Filing Entity, the Plan cannot categorize the assets as pooled separate accounts for Form 5500 reporting. Because the separate accounts are fully invested in registered investment companies, the investments are shown on that associated line of the Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	\$ 2,313,216	\$ 2,153,240
Deemed distributed loans	-	(3,634)
Net assets available for benefits per Form 5500	<u>\$ 2,313,216</u>	<u>\$ 2,149,606</u>

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2020, to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 159,976
Offset of previously deemed distributed loans	3,270
After-tax payments on deemed loans	364
Net income per Form 5500	<u>\$ 163,610</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11: CARES ACT

The CARES Act had impact on several matters and the Plan adopted the following provisions:

- Eligible Plan participants were allowed to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons included adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.
- Eligible Plan participants were allowed to request loans of up to \$100,000 or 100% of their vested balance from date of signing of the CARES Act through September 23, 2020.

The Plan has not formalized an amendment regarding the adoption of provisions related to the CARES Act as of December 31, 2020. Under the terms of the CARES Act, adoption of a formalized amendment is not required until December 31, 2022.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2020 - 12/31/2020 and indirect compensation is presented on a calendar year basis ending 12/31/2020.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2020, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation**\$15.63**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.114% for 2020) earned on the bank accounts and investments associated with the short-term investment pool for the 2020 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2020. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2020 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus and/or Statement of Information. Please note that some of the funds available through your service contract or arrangement from a family of mutual funds that are affiliated with MassMutual (MassMutual Select Funds and MassMutual Premier Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below.
